Sariyer Municipality of Istanbul will invite international volunteers to give a hand for environmental arrangement works in the parks and children playgrounds of the town. The municipality is aiming to give a better looking and offer better conditions for the environment where the locals especially children spend their free time.

Although they will work hard the volunteers will enjoy Istanbul & its shores in their free times. But please also be aware that as the duration of the camp is only 10 days, there will be only 1 free day during the camp. By another saying while enjoying Istanbul, the volunteers should be aware that the work is really hard and tiring. They will most of the time work in open air under sun and the heat will be disturbing. The accommodation is half an hour away from the town center by the Black Sea coast. Volunteers will be transferred daily from the venue to different working areas and the duration of the transport is not considered as working time. Lunches will be eaten at the working site as packed sandwiches while breakfast and dinners will be supplied at the accommodation venue. If you are a lazy, only fun seeker and not punctual person please do not apply. This is not a project only to have fun. A good motivation letter is required to be selected.

W: The work will vary daily, like painting the playing tools in a children playground or in a sport area, cutting bushes, greening areas, weeding, rubbish collecting, waste collection and separation, planting-uprooting and watering flowers, hoeing and leveling the ground, etc.

A: The group will stay in the guest complex of the municipality. Sleeping bag and mat are not necessary. The venue is by the Black Sea in the north of Istanbul and located in a village called Kilyos and half an hour away from the town centre.

F: Breakfast and dinner will be supplied at the accommodation venue. Lunches are basic as packed meal and eaten at the working site during the lunch break. R: A motivation letter should be sent with the application form indicating that volunteer is aware of the hard working conditions and the shorter duration of the camp.
