Donja Toponica

KIDS/ART/ENVI

Dates: 19/07 - 03/08

Number of volunteers: 15

Age limit: 18 - 50

Project: The local partner organisation *¿Grupa Kobra¿* (<http://www.grupakobra.org/>) has put a lot of effort in the past years in developing and improving life conditions of its community. They are involved in youth activities and environmental conservation since 2007. Although young they received twice an award for their activities from the Ministry for Youth. This is the third workcamp they organise in here, with the aim to familiarize the local young people with their peers from other countries as they do not have opportunities to travel. Since 2009 local group renovated and adapted for their activities ruined Youth centre and at that place made Cultural centre.

Gatherings and activities together with the local youth are essential to this workcamp, the hosts would use the opportunity to present their local community, tradition and customs and, together with the participants of the camp, to encourage rural development, youth mobility and intercultural understanding.

Work: Having an international group in the village will attract people to interact, make friends, so it is more likely that the impact to the local community in terms of environmental awareness will be greater and that the interaction through work and many cultural and social events. This workcamp will celebrate volunteers and volunteering and for that reason volunteers will create a statue about volunteering; prepare workshops for locals about environmental protection. The volunteers will work also with the youngest, teaching them English and learning about local customs, games and dances from them in return. A final event will mark the finish of the workcamp, and it will depend of volunteers creativity.

Accommodation and food: in the local Cultural Center on mattresses or in tents next to the Cultural Center (the choice is free, no sleeping bags nor own tents needed). Food will be prepared by the locals with the help of the volunteers, so to learn more about the local cuisine and introduce international elements.

Location and leisure: Donja Toponica (15 km from Nis) is a village of merely 350 inhabitants, situated very close to Nis, one of the biggest cities of Serbia and the host of this year's 1700 anniversary celebration of the Milan's edict. Excursions to a mountain village, an unexploited natural spa and Nis will be organised.

Mountains of south-eastern Serbia boast nearly untouched nature, rich wildlife, old forts and cities on their tops, and many of them are hiding in its interior a spacious halls of magnificent caves. [www.discoversoutheastserbia.com](http://www.discoversoutheastserbia.com)

ARCH

Dates: two weeks in July

Number of volunteers: 12

Age limit: 18+

Project: The Srem Region has been permanently inhabited since the early Stone Age with many clear signs of life just below the ground surface. Thanks to those signs we are able to see activities, ways of life even the way of thinking of the inhabitants of past time. The overall excavations of all historical layers show that this part of the region has an extraordinary rich cultural background. The locality ¿Ethno house¿ in Kupinovo village should provide evidence on communities living here since the Iron Age. Many of the localities are endangered due to agriculture or construction, especially in industrial zones, but not this one. The first excavations started last May and the results were very positive.

Work: Volunteers will join the team of archaeologists in the continuance of the field excavations in the compound of ¿Ethno house¿ in Kupinovo. Knowing the results from the last year we can expect some marvellous results marking the cultural and historical heritage of this area. It is planned to have an exhibition at the end of the camp, showing the results of the work.

Accommodation and food: in two renovated houses in the Ethno Park, sleeping on mats. Food will be prepared by the volunteers.

Location and leisure: Kupinovo is 50 km south-west of Belgrade in the Srem Region. It is well known by the famous special protected area ¿Obedska bara¿, the oldest protected area in Europe. There are some very important cultural and historical monuments in this area which will be shown to volunteers during leisure time.

Language: English

Partner: Association of citizens ¿Sunflower¿ started with work recently in the beginning of 2013 with the aim to organize a first workcamp in Omoljica. Group consists of 20 young people that are working on different kind of programs and projects. The aim of Sunflower is to develop cultural, educational and ecological program for local youth. Besides that, Sunflower is trying to raise awareness of volunteering, interculturality, sports and activism in this village. The biggest project that had been done, until now was international workcamp called Sunflower. It lasted for 2 weeks and it helped raising values of interculturality in the village with different cultural and festival programs.

Project: Volunteers will help cleaning protected natural area Ponjavica, between Omoljica and Banatski Brestovac, on the left bank of the Danube River. Present natural values of the area are characterized by a range of educational significance and the environment with developing opportunities is strictly controlled, it has big leisure and tourism potential to offer to the citizens of the wider region. Lately this region has been neglected, and some parts of it has to be maintained in order to preserve this place. After cleaning some areas, volunteers will create resting and picnic areas.

Work: Volunteers will clean the park and its surrounding. Some parts are strictly protected and all the activities are forbidden there, but for the rest volunteers will set benches and bins. Also, we will make some interesting creative decorations from old tyres ¿ your creativity is welcome!

Beside volunteers, young people from organisation will help doing some physical challenging work as well as few locals.

Accommodation and food: Volunteers will be accommodated in a youth centre that has a big yard and big space inside. Since the workcamp will be held in the summer, lots of free time and workshop will be organized in the yard. Inside of the centre, there is a fully equipped kitchen with necessary equipment, showers and toilets. Volunteers will prepare meals for themselves.

Location and leisure: Omoljica is a big village in North Serbia, about 30km from Belgrade. In free time there will be organized some workshops for volunteers.

Partner: Youth office, Kragujevac. The village is located in region Sumadija, in Central Serbia 7 km from Kragujevac which is a town that was the capital of Serbia in 19th century. Today Draca is one of the largest villages nearby and has nearly 900 inhabitants. The Camp is organized by group of youth that are focused on encouraging youth activism and volunteering in the community.

Work: Volunteers will work on the renovation of the Ethno house located in the centre of the village, built in traditional Serbian style, which was previously used as an ethnographic museum, but due to the negligence of the authorities, the house is in poor condition. The idea is to paint the walls, windows and doors, to repair the fence and to put in order the backyard. In addition, volunteers will help in organizing the local event called "The days of Draca" for the first time in the backyard of the house, which will be presented as Serbian tradition and culture. Also, there will be a meeting of representatives of youth organizations and participants of the camp where they can discuss about the opportunities of continuous cooperation between young people from these cities, because Kragujevac devotes considerable attention to maintain contact and cooperation with the "twin" cities. Volunteers should be prepared for physical work and will have help and support of hospitable locals. Accommodation and food: Participants will sleep in sleeping bags, indoors, in the village school. All the necessary materials for the preparation of food will be provided and the participants in the teams will prepare food.
