Description of Workcamp: IBG 11 Kehl (Baden-Wurttemberg) 27.06. - 18.07.2015 CONS/ENVI
10 vols

PROJECT: For the past 12 years, the city of Kehl has requested the help of international volunteers in and around their town. This year, work will be done in the forest of Kork, which is habitat for various animals and plants. All the work will be with regard to animal and nature preservation and protection. If you're looking for three exciting weeks in the nature and with plenty of outdoor work, Kehl offers the perfect place for you!

WORK: Various tasks await you in the forest of Kork: You will build and repair fences for the protection of plants and do delimiting work as well. Another task will be to build, hang up and document bird nesting houses. You will also take care of an interactive nature path, which includes the removal of scrub, cleaning of the boards and other maintenance works.

ACCOMMODATION: The team will stay in the former city hall building: an old, half-timbered house located directly in the centre of the village of Kork, a district of Kehl. You will have access to a kitchen, two sleeping rooms and toilets. Showers can be found in the near-by local gym. The house has a small garden where you can have barbecues.

LOCATION: Near Kehl lies the small village of Kork, with only 2,500 inhabitants. Kehl is easily accessible by only a few minutes on the bus. In Kork, you can buy all of your necessities in the local shops. In addition, Kork offers both cultural and outdoor activities; you can for example visit a museum or take a swim in the small lake. Choose from a variety of interesting trips, including: the Black Forest, Heidelberg, Strasbourg, Freiburg or simply a hike through the nature of southern Germany.

NEXT AIRPORT: Strasbourg (10km), Frankfurt (Main) (150km), Baden Airport (30km).

PROJECT: The Albert-Schweitzer-Children's Village in Waldenburg was found in 1957 and is the first one of its kind. To respect the personality and feelings of every child, to bring forward individual skills and creativity as well as to make a good physical and mental development possible are the goals of this association. For the first time the Children's Village would like to welcome an international workcamp and is looking forward to sharing a great experience with you.

WORK: The work will partly be done on the area of the Children's Village and partly on one of their properties close-by. It will include construction and renovation work. You will build a fence around the area as well as a wooden hut. Possibly you can also take over painting work. On 5th of July the Childre's Village will be holding its summer party where your help and creativity are needed. Your task is to help setting up and tearing down everything and, even more important, to present your country and culture, e.g. by international cooking. Feel free to bring your own ideas! The motto of the summer party this year will be "Reverence for life and international Togetherness".

ACCOMMODATION: The volunteers will be accommodated in the guest house. You will stay in double rooms and have a very well equipped kitchen.

LOCATION: Waldenburg is a hilltop town in southcentral Germany, famous for its castle and some hilltop churches. You can enjoy amazing views over the forests and neighbouring villages as well as a good climate. The nature reserve with its special plants offers many walking and hiking trails. In only 20min by train you can reach Schwaebisch Hall with its picturesque old town.

PROJECT: For the first time, a workcamp will take place in Winterlingen, a community in the German region Baden-Wurttemberg. Winterlingen is situated in the Swabian Alb, between Stuttgart and Lake Constance. The community has around 6400 inhabitants, the next town Albstadt is only 10km away. The project consists of many different tasks in Winterlingen and the nearby nature reserve. Workers of the local building yard will instruct and support the work.

WORK: You will restore the graveyard wall in Harthausen, a part of Winterlingen, and help with the clean-up of the graveyard in Winterlingen as well. Another task will be the maintenance of the so called "Winkele-Wege", small paths connecting the main roads. Besides you will do different works in the nature reserve like building barbecue spots and huts. If there is enough time, you will also renovate playgrounds and construct a bike park.

ACCOMMODATION: You will be accommodated in the newly renovated "Kaplaneihaus". The house has four shared rooms (max.6 people) and three double rooms. Each room has its own bathroom. A big common room and a well-equipped kitchen are also provided. Every morning a bus shuttle will take you to your working place.

LOCATION: Winterlingen is situated in the nature reserve "Obere Donau", offering beautiful hiking trails and various castles to visit. The community has a good infrastructure with shopping possibilities, sports facilities and the biggest natural outdoor pool of Baden-Wurttemberg. On the weekends you can visit the university town Tübingen, Stuttgart or spend a day near Lake Constance.

PROJECT: This is the seventh time that the community of Lauterbach invites a workcamp. Above all, the local host is very happy to be supported by a workcamp at different environmental and construction tasks in a nature protection area!

WORK: A variety of tasks are waiting for your help. One task will be the maintenance of a hiking trail in the forest. So-called "neophytes" (invasive non-native vegetation) need to be removed in the nature protection area. You will cut and clear those plants. Furthermore, cleaning and clearing of vegetation needs to be done in biotopes like ponds and tarns. You will, most likely, also repair fences and maintain grasslands around fruit trees. Be prepared for hard physical work! Due to working in damp and steep areas (ponds), rubber boots and/or sturdy shoes are necessary for working effectively!

ACCOMMODATION: The workcamp team will stay in a community centre, where you can find sanitary facilities, showers and a kitchen. Due to the position of the house in a rural area, it is likely that there won't be access to internet and no coverage for mobile phones. Just be prepared to spend three wonderful, adventurous weeks away from your busy and usual everyday life!

LOCATION: Lauterbach is situated in the heart of the Black Forest nature park, close to Schramberg and the town Rottweil. There are many possibilities to hike and experience nature first hand. Just step out the door and find yourself surrounded by beautiful nature! On weekends, you'll have the chance to visit Rottweil or the university town of Freiburg.

 FEST 15 vols
 Basic conditions!!!

PROJECT: In the summer months, Germany is host to a variety of music festivals and events. One of those festivals - "Umsonst & Draussen" (free of charge & outdoors) - will take place outside the town of Karlstadt and run for three days, from 24th-26th of July (<http://www.umsonstunddraussen.de/hauptseite.html>). The town's young people have been organising festivals for a long time now. This year will be the seventh time to invite a workcamp to help with the exciting, but also demanding tasks of setting up the festival in July. Around 26 bands are invited; 12,000-15,000 visitors are expected.

WORK: The international group will work together with many other volunteers from Karlstadt. The main tasks will be setting up of the stage and campground on the site of the festival, as well as the disassembly at the end. While the festival is running, the volunteers will assist in different areas: bar, stage, organisation, catering etc. Volunteers should be flexible enough to work long and unusual hours - and enjoy music! Speaking or understanding basic German will be a plus!

ACCOMMODATION: In the local youth centre for the first days. For the main part of the Camp the group will be lodging in tents on the site of the festival, where all helpers will also stay. Food will be served in the festival canteen throughout the day. Sanitary facilities are provided, but be aware of festival standards. Expect very basic amenities!

LOCATION: Karlstadt is situated in the Bavarian region called Franconia. The town is home to around 7000 inhabitants and has a historical touch. If you are interested in architecture, you will find lots of traditional German buildings in the town centre. Also, with its vast vineyards and rolling hills, the region provides an opportunity for some calm and relaxing outdoor activities as an alternative to the hectic life of the festival.

AGE: 18 - 30 years old

PROJECT: Every year during the school holidays, the community of Weissach organises a summer camp for children aged 6 - 14. After last year's success and great cooperation, they are looking forward to interacting with international volunteers for the 6th time. For this summer camp, it is planned to have German professional educators and 8 international volunteers as leaders.

WORK: Specific tasks will be attending to and looking after the kids and youngsters during different activities, such as: excursions, games and bonfire - a typical summer camp! In the beginning of the camp, all leaders will help set up the camp site and plan the activities together. Two leaders (one international, one German) will be in charge of a group of 15 kids. The centre of the camp will be a big circus tent which will host different activities. So, if you like spending time with an international group and children, if you like to be asked a lot of (German) questions, and you love to provide an outlet for the curiosity of children - you are the perfect participant for this camp! Welcome to Weissach! Working hours will be long but very rewarding and you will spend your free time mostly together with the kids (going on a trip with the kids on the weekend for example)! Some knowledge of the German language would be helpful but isn't obligatory! Your days off will not be during weekends. The host will organise free time activities!

ACTIVITIES: In the beginning, the group will be introduced to the project and have the chance to experience some major team-building activities so that all leaders can smoothly work together and make the stay worthwhile.

ACCOMMODATION & FOOD: The first few days, while the camp is being set up, the international group will stay in a school building, where all sanitary facilities are provided. During the summer camp, all leaders and kids will stay in tents on the camp site. Although the workcamp will take place during summer months, be aware that the nights are very cold. Please bring a warm sleeping bag, a thick sleeping mat and rainwear!!! All facilities will be available. Food will be served.
LOCATION: Weissach is a village with around 7000 inhabitants, very active and dedicated to the project. It is located close to Stuttgart, the state-capital of Baden-Wurttemberg, but also has a lot of nature to experience and enjoy after work or on the weekends. The international group will have the chance to meet local people, interact with German youth and exchange cultural nuances.

PROJECT: The association NaturFreunde Neckarbischofsheim e.V. is happy to welcome international volunteers for the first time! Main principals of this association are youth welfare, national education and understanding, social justice and the conservation of nature as well as the way of ecological thinking. The association owns an educational institution, the so-called "NaturFreundehaus" (house of the friends of nature), consisting of a camping site, a guest house and a garden. Kids, teenagers and families come here for ecological holiday camps and to be close to the nature.

WORK: The main aim of this workcamp is to restore a part of the ancient cultural landscape in the valley of the river Neckar. There is a meadow overgrown with tall shrubs and blackberry bushes. One of your tasks will be to cut and clear most of the shrubs and bushes. To make goat farming possible on that area, you will also set up a fence. Eventually, a further task will be to build a shelter for goats. Please be prepared to get dirty and to use your hands!

ACCOMMODATION: The accommodation will be in a building right next to the area of the association. This building was once used as a single family house; nowadays it is sometimes used to accommodate guests. All needed facilities like showers and toilets are in the house/are nearby.

LOCATION: The area of NaturFreundehaus is located directly on the banks of the river Neckar. It belongs to the village Zwingenberg, which is right on the other side of the river. The village, where also the train station is located, can be reached by a nearby bridge. Zwingenberg is situated around 40 km east of Heidelberg and is located in the idyllic Neckartal-Odenwald nature reserve. There are many tourist destinations near Zwingenberg, which are all well accessible, for example the cities of Heidelberg, Heilbronn and Bad Wimpfen, many different castles or the "Wolfsschlucht" (wolfs gorge), which belongs to the UNESCO nature park of the region. Without a doubt, you will find enough to do during your time in Zwingenberg, whether you like to go to the nature, to visit historical places or cities.

PROJECT: This year, Kirchberg/Jagst is glad to welcome its second workcamp. Kirchberg is a small historical town with approximately 4500 inhabitants. It is situated among rolling hills and is partly named after the river Jagst, flowing through it. Due to its beautiful landscape, there are many often-used hiking trails in and around the town.

WORK: Your work will consist of constructing and renovating some of these hiking trails, which are partly in bad condition. This also includes replacing old signs and setting up new ones; however, mostly you will broaden the path. Be prepared that the task is not very diversified; on the other hand, you can clearly see what you achieved on each single day and the people of Kirchberg are very happy about your help! Also, please be aware that you will work outside, so please bring sturdy shoes with you.

ACCOMMODATION: You will stay in a local boarding school. The school includes all necessities for living, such as a kitchen and all sanitary facilities.

LOCATION: Kirchberg itself offers a charming old city centre and a beautiful castle. Of course, you will also have the opportunity to go hiking or biking. Easily accessible by public transportation are several larger towns, such as: Schwaebisch Hall, Heilbronn, Nuremberg and Stuttgart, the capital of Baden-Wuerttemberg.

PROJECT: Wolfsruh is a small village with only 161 inhabitants in the north of the German region Brandenburg. The host of the workcamp is an association which offers homes and work places for disabled people. The members of the association are very happy to get the help of an international workcamp to renovate the abandoned area, where the workcamp is taking place, to establish a new housing.

WORK: The five buildings on the area need a fundamental reconstruction. To start with, all the basement walls have to be exposed and afterwards new seal has to be put. For you this means a lot of digging work. Because the area was not used for the last ten years, bushes and trees are grown all over. So that all paths can be used again, you will help to remove scrub. Please be prepared to get dirty and use your hands! You should bring working clothes, sturdy shoes and rubber boots.

ACCOMMODATION: Volunteers will be accommodated on the ground floor of one of the buildings directly on the project site. Camp beds, sanitary facilities, a kitchen with all necessary equipment and a common room will be provided. On weekdays you will get lunches from the kitchen of the association, other meals and on the weekends you have to cook yourself. The project site is quite rural, so there won't be internet connection and mobile reception can be limited.

LOCATION The project site is quite isolated but has a very idyllic location in the forests. Bicycles will be provided for you so that you can easily reach the next village Wolfsruh or explore the region. Besides, bus shuttles can be arranged for you. In the region there are many lakes and rivers, which you can easily reach by bicycles. One of these lakes you explore yourself by boats, which belong to the association. PROJECT: This summer Ulm is looking for the help of an international workcamp to improve the outdoor area of the refugee accommodation. The number of refugees in Ulm is increasing just as the work to be done to give them a proper home. In this project you will help to offer the refugees more comfort and give them a place where they can get together in nice surroundings. If you want you can also get in contact with the residents, organize an intercultural event and encourage an intense cultural exchange.

WORK: A variety of interesting tasks await you in this project. To beautify the outdoor area of the refugee accommodation you will do gardening work like planting bushes and flowers. Besides you will set up benches und build paths. Possibly you can also do renovation works inside the accommodation.

ACCOMMODATION: You will stay in the youth hostel of Ulm. Breakfast and dinner will be provided. In your free time you can use the facilities of the accommodation, for example table tennis, volleyball, basketball. The working place can be reached after a 20min walk. The city centre is easily accessible with public transportation.

LOCATION: Ulm is a city in the southeast of the Swabian Alb and is situated on the river Danube. The city has around 120.000 inhabitants. Ulm is primarily known for the "Ulmer Muenster" with the highest church steeple in the world. The old "Fischerviertel" ("fishermen's quarter") on the small river Blau with half-timbered houses, narrow streets, scenic footbridges and cafes and restaurants is an attraction for tourists and locals. Project: The "University of the Farmhouse" is a centre of education for nature, culture, youth work and sustainability. The aim of this project is to demonstrate different ecological cultivation methods and then to work with these methods independently.

Work: In the last years with the help of several workcamps there was created a new conference room. It is set up in a sustainable manner, which means that are only used ecological materials. Now there is a courtyard ready to be designed as a perfect room for (outdoor) recreation and studies. Therefore we will work with wood, earth, rocks to create a little stage and some paths. We can use plants, stones and sculptures. As every year we are invited to get to know the local Perma Culture garden and do some gardening there. While you look after the plants, there this the possibility to harvest fruits. Of course there is also the opportunity to get to know about the idea of a Permaculture with its, plants, animals and environment.

Therefore we are looking for 12 motivated young people who are interested in handicrafts, advanced training and gardening/landscaping.

Study part: How to create a productive garden which grows plants and feeds animals in a way that only a minimum input of energy and resources are required to achieve maximum sustainability to the environment? Interesting ecological and cultural projects/information from your country is very welcome.

Leisure time: The afternoons and evenings, also weekends are free for personal use: sports, fieldtrips in the region and to Freiberg, swimming.

Region

The project will take place in a famous river hill and cultural landscape in the middle of Saxony at the foot of the Erzgebirge mountains, 35 km from Dresden, 15 km from Freiberg.

Project: The village for children, called Westfälisches Kinderdorf "Lipperland" is an institution which offers a new home to children coming from a difficult familiar background. It was build up 40 years ago at the edge of the little town Barntrup. At the moment there are living about 200 kids and teenagers in the age from 1 to 18 years in families and shared flats. They are staying in 16 houses, which are put together like a little village. In additional there are some more families and living communities in the neighbourhood. The city Barntrup itself is situated near to Bielefeld at the edge of the "Teutoburger Wald". In the Kinderdorf there a lots of possibilities to make sport, to play games inside or outdoor or to help feeding animals in the little farm nearby.

Work: The houses of the Kinderdorf are surrounded by gardens and green areas. Our help is needed to enlarge existing playgrounds and do some gardenwork. It's planned that the group of volunteers will work together with a group of kids and teenagers. International and local volunteers will work and eat together and will spend their free time together as well.

Study part:

We will learn about pedagogic approach of the kinderdorf and see all the group activities offered for the kids.

Accommodation: As international volunteers, we will be hosted like the kids in a typical house with all facilities beds, kitchen living room. We will cook for ourselves in this house.

Leisure time: We can spend free time with the kids of the village, there will be also excursions of the international group to several points of interest around the Kinderdorf: to explore an old castle, to climb through a high rope course, visits to nice towns around and local kirmes (fair).

On Saturday the 1st of August there is again planned a competition with mountainbikes, this was great fun last year!

Project: The camp takes place at the "Müllerhof", which is a reconstructed traditional half-timbered farmhouse near the cities of Dresden, Chemnitz and Leipzig. It runs a socio-cultural centre of the local community and has constructed a so-called "garden of senses" which consists of a small park, a play area, trees for climbing and a natural stage for events with an 80 year old circus-wagon. It also has an area with herbal garden and berry bushes.

Work: Important is the work in the "Garten der Sinne", which needs maintenance every year. Especially the tunnels made of wicker. In case of rainy weather there is renovation to do indoors. We will be integrated into the household and are asked to cook the typical food of our country for approximately 20 guests and staff of the Müllerhof. In the end of the workcamp an international evening is planned, to introduce the countries of the participants. This will be open to the public. This year again, there will be the possibility to work with an artist some creative work to be shown in the public. Last years volunteers created fantastic graffiti

Study part:

We can explore the possibilities and activities of the Müllerhof, and it is possible to join workshops. In the last years volunteers joined for example yoga classes.

Leisure time: There is a range of possibilities for excursions and visits of interesting places:

Guided tour through the University of Applied Sciences, visits to the town hall, museum and church of Mittweida. We will also offer outdoor activities and guided hiking-tours in the area (e.g. a hike to a dam, the fortress Kriebstein or the Rochlitzer Porphyryberg). It's also possible to visit the cities nearby (Dresden, Leipzig or Chemnitz).

Region:

Project:

The small town Eilenburg provides a wide range of youth clubs. Host of this workcamp is the youth club Falle ("trap") which is located in former Barracks. In the same building there are situated some more social, sportive and cultural projects. Please see www.haus6.org

Work: After the successful workcamps of the last year, we are again invited to help in the renovation of the surrounding of the local youth center. You can select from various tasks waiting: to set up benches, to renew a volleyball field, to repair different enclosures, etc.

Study:

We will learn about different types of youth culture in Germany

Leisure time: The leisure time program will be organized together with the local Eilenburg youth groups and clubs. The focus lies here on the encounter and the exchange with local adolescents. Also there are sports activities such as soccer, volleyball, swimming and bowling. In addition there will be a cultural program. A trip to Leipzig and Dresden is scheduled. You can get to know the rich history of Eilenburg through guided tours in the museum and in the cellars, located in the hill in the center of the city.

Region:

Eilenburg is a small town with approx. 17 000 inhabitants, situated on the border of the "Dübener Heide" and approximately 25km from the exhibition city Leipzig. Eilenburg's rich history of over thousand years, makes it easy to call it one of the cradles of Saxony. The continuous rule of the Wettins-dynasty beginning with the Earl of Ilburg in the 11th century was carried on until 1918. Part of their territory is the state of Saxony today.

In medieval times and during industrialization Eilenburg was a rich city. At the time of Martin Luther its main business was brewery and in the 19th century it was a national center of textile industries. But Eilenburg also was devastated several times in its history, in April 1945, Eilenburg was almost completely destroyed. As the only evidence of former rich times remained the "Sorberturm" as a remaining part of the Ilburg. It was assumedly built in the 12th century at the highest part of the 220m x 150m plateau. A loop footpath outside the castle wall connects the "Sorberturm" with the "Amtshaus"(deanery), the former county court. This path has been renewed with the help of the volunteers in the last

workcamps.

Accommodation: The volunteers will live in the local youth centre called "House IV". The group can cook for itself in a modern kitchen.

Remarks: Sleeping bags and camping mats should be brought by you, it is also necessary to bring work clothes, raingear and sturdy shoes.

Description of Workcamp: ICJA14 Blomberg 22.08. - 13.09.15. AGRI / MANU / ENVI / KIDS VOLS:15
Age: 18-26

Languages: English, German

Project: Since some years workcamps in Blomberg are organized in cooperation with local youth center and the town hall of Blomberg. Youth center is situated at the edge of the inner city and surrounded by play yards and green areas. The perfect place for a youth center!

Work: During the previous workcamps the international volunteers helped to improve the play and sporting opportunities around the local youth center. A BMX course and a climbing park for the children are already there. In the last workcamps volunteers started to prepare and plant a garden for children according the concept of "Naschgarten". In this "snack garden". children can play like in an adventure park but they can also plant vegetables and fruit and then eat as they like. This year we can harvest fruits and finish this garden. Its manual work outside, sometimes with heavy tools. This project is a co-operation with the town council of Blomberg and EUWATEC GmbH.

Study: We can learn about Pedagogics of Nature how it is practiced in the youth center. Beside this we are invited to a cultural program, which offers us the opportunity to get to know Blomberg and its region.

Leisure time: There will be plenty of meetings with young people from Blomberg in the evenings and on the weekends. Furthermore the participants have the opportunity to take part of fieldtrips and get to know the local school. The participants are entitled to 1-2 days off for personal use.

Accommodation: Accommodation will be carried out either in a in a holiday village or in a house about 4 kilometers outside of Blomberg at the edge of a wood. It's a house for seminars and leisure time and part of a little airfield. Accommodation includes cooking facilities. Sufficient sanitation facilities will be available, too. Please bring a sleeping bag or a warm blanket with you.

Region: Blomberg is a small historical town of about 17,000 inhabitants in the area of the ancient Fürstentum, nowadays it is called the Lippe district. Blomberg has a beautiful old town area with half-timbered houses and old alleyways. The old town is also home to a historical castle which now is established has a hotel. The region is characterized by farms, hills (up to 500 meters) and plenty of forests. Nearby of Blomberg there are some bigger cities: Detmold (75,000 inhabitants, distance: 15km) and Bielefeld (300,000 inhabitants, distance 50km) in the west and Hamm (100,000 inhabitants, distance 70km) in the southwest.

Hannover (600,000 inhabitants, distance: 70km) in the northeast.

WORK: Landscape work and sightseeing in a metropolis! You can do both in this camp, located on the outskirts of Hamburg. You will work in the Fischbek Wetlands, a 770 hector large nature preservation area on the southwest side of Hamburg. In order to maintain them, foreign plants, mainly pines, need to be removed. This serves to maintain the special animal habitat of the wetlands...for example the over 200 insect species who are threatened with extinction. As a break from the monotonous pine removal tasks, your team will take a boat to the Nessand Island, and remove garbage from the nature preservation area on the island. This is a wonderful opportunity to see the Elbe River from a completely new point of view. Additionally, your team can help repair pools in the wetlands, using different manual tasks. They create and maintain a habitat for the endangered natterjack toad.

The "Interkulturelle Garten Neubrandenburg", the Brandenburg Intercultural Garden, is run by the "Soziokulturelle Bildungszentrum", or the Sociocultural Educational Center, a meeting place for people from all over the world. The gardens are managed by immigrant families from 10 different nations, and hobby gardeners and other interested people can be in contact with these families, develop new ideas with them, help in the garden, and continue to expand cultural dialog. Due to this, there are nation gardens with plants from Thailand, Argentina, Rwanda, Jamaica, Mozambique, Armenia, Russia, as well as one run by a local day care center. Your team will live in these gardens and build an oven as well as bird houses and insect hotels. For a sneak peek to the gardens, please see www.skbz-nb.de. The very friendly garden staff will give you plenty of opportunities both as a part of your project and outside of your work to show your creative side and further develop it. The staff will also help you get to know the beautiful local landscape. Further information about the city and the area can be found at LIV.

WORK: This camp is aimed at youth who enjoy sailing and manual tasks. The Erich Kaestner Haus has over five sailboats for inland waters, of which three need to have a general overhaul. The boats, so-called "migratory birds" (about 6 meters) need a new coat of paint, as well as small plank and rigging repairs. Together with young people from Gelsenkirchen and experts, your team will undertake these tasks in order to make the boats useable again for the local children and youth. Along with the manual tasks, your team will also learn basic nautical terms. Plenty of trial trips as well as a sailing weekend are part of the itinerary. The main focus of the camp however is the interaction between the volunteers, cultural exchange, and fun!

ACCOMODATION: In a large villa

Catering: You will cook together with local youth

LANGUAGE: ENGLISH

LOCATION: North Rhine-Westphalia; Dortmund 25 km, Cologne 85 km

FREE TIME: In the youth center you can play foosball and billiards, as well as listen to and create music. Excursions to local cultural sites such as the "Zeche Zollverein" are planned. In Gelsenkirchen, you will find pools, museums, and bars. Due to its central location in the region, Gelsenkirchen is an ideal starting place for trips to Dortmund, Bochum, Cologne, and Hamburg, as well as to the Netherlands.

TERMINAL: Gelsenkirchen

SPECIAL REQUIREMENTS: You will need a talent for manual tasks and be prepared to work in a group.

REMARKS: Youth from Gelsenkirchen will be our guests during work and free time.

Description of Workcamp: Language: German only

Project: Host organisation is an environmental organisation: "Nature Friends" of Marburg. They have already been organising international volunteer camps for many years. The workcamp includes German language training. The lectures will be two hours every day (excluding Saturday and Sunday, or when the group will go on excursions). The main topic during the lectures will be intercultural diversities. So the basis of the lectures will be communication first and grammar second. The teachers will be native speakers, partly trained teachers, partly students. The language-course will not have the same standard like a professional language-school, but past experiences with this concept have given very good results..

Work: Main work will be in the forest, as maintenance of young stands, field mapping of new trees, planting of rare trees, searching and marking of habitat trees, waters care. Participants will also be doing various manual works in the house or to prepare the area around the house of the Nature Friends for leisure activities of groups coming from the city. Time of work will be 5-6 hours daily, excluding Saturday and Sunday.

Accommodation: it's a wooden house with several-bed-rooms, kitchen, bathroom, showers. Cooking, cleaning, shopping etc. will be done by the group itself. Like in each workcamp, accommodation, food and travel-costs for excursions are free as well as materials/copies needed for the lectures.

Location: Marburg is a historical and picturesque old university town, 100 km north of Frankfurt/Main. It has 82.000 inhabitants, including 25.000 students (from actual 120 different countries). The camp is located approx. 2 km away from the city centre.

Terminal: Train-station Marburg-Lahn; next airport Frankfurt/Main or Frankfurt-Hahn.

Special requirements: As the language course is not for absolute beginners, participants must be able already to communicate in German, at least on a level which ensures simple communication. Participants also must be willing to communicate with each other during the camp in German and not in English or in their own mother tongue for the whole time, not only during the lectures. This is one important part of the concept.

Special remark: Because of the language-course there is an extra-fee of 160,00 EUR to be paid upon arrival. A certificate for participating in the language-course

will be given at the end of the camp.

Work: The non-profit *„Oekospeicher Association“* has turned a former storehouse (called Eco-Speicher) into a social and cultural village centre. The reconstruction is done in an ecological manner (renewable energy supply, clay and wood constructions and utilisation of rainwater) with the help of volunteers. You will do different renovation and construction works like constructing a dance floor in checker-board pattern, repairs with wood and clay and other tasks. Outside works include e.g. constructing a dead hedge (Benjeshecken), cultivation of the elder plantation or organic farming.

Please be prepared for different works with various materials.

The highlight of this project will be the traditional Folk Festival at the end of the camp, on the 25th of July. We need your help to prepare and run it (you don't have to have experiences with all this kind of work - you'll be assisted by skilled people).

Description of Workcamp: A motivation letter - specific to this project - is required.
 Sachsenhausen was one of the earliest concentration camps in Germany, built in 1936. For example German people who were in opposition to Nazi policy, homosexuals, so-called asocials, criminals, Jews, and during the war especially people from occupied countries were imprisoned, forced to work and a lot of them were murdered.
 Between 1945 and 1950 a part of this area was used as a so-called Special Camp of the Soviet Secret Service.
 Now it is a place for studies and to commemorate the victims: the memorial site Gedenkstaette and Museum Sachsenhausen (GMemorial and MMuseum SSachsenhausenG). Please inform yourself before the camp on this site: <http://www.stiftung-bg.de/gums/en/index.htm>

Work part: Although the main task will be studies of history, manual work like gardening, maintenance work and cleaning-up of specific areas of the memorial are planned.

Study part: Besides the manual work the study component will be an important part of our project. Volunteers will learn a lot about the time of National Socialism, the Holocaust and also something about the period after World War II especially the Soviet camp Sachsenhausen until 1950. Guided tours in and around the memorial site Sachsenhausen and excursions to different memorials and places of earlier German history are planned. Volunteers will have the opportunity to work in the exhibitions and in the library of the memorial site. Furthermore there will be several discussions with employees who perform guided tours and are involved in historical research. The international volunteers with their different backgrounds will inform the group about the memories and commemoration in their countries.

Location: Brandenburg, Oranienburg, ca. 33 km to the north of Berlin.

Terminal: Berlin

Accommodation: You will be accommodated in a youth hostel, 2 km away from the memorial centre.

Special requirements: For this project it is necessary to have good or very good English skills!!! German skills are beneficial.

Please prepare at home a short presentation about your country, including the history of your home country and the view on German history.

A motivation letter specific to this project- is required.

Volunteers should be able to ride a bike, because various shorter and longer bicycle-tours are planned.

It is appreciated if you will be open-minded and flexible to do whatever task has to be done in and outside of the house.

Area: Your project will take place in a new housing estate in the eastern part of Berlin. Its construction was part of a large government-run housing project in the former GDR during the 1970s. Small villages surround this borough. You can easily reach the city centre and other leisure facilities like cinemas, shopping centres, pubs, sports halls and youth clubs by means of public transport. But it takes you some time to get to the real city of Berlin!

The house in which you will be accommodated is at the same time a hostel and a home for disadvantaged people and refugees. This combination is unique, and it works, since more than 10 years.

Location/Terminal: Berlin

Accommodation: You will live in a hostel.

Work: International volunteers are invited to improve the grounds of the centre. Tasks are likely to include construction, gardening and renovation works. One of the most important works will be reconstructing the outdoor area of the sauna. Hopefully a nice little garden will be created by the volunteers, where you can find only weeds and grass now. Other environmental and construction works outside are planned, like maintaining the grounds, small repairs of the bungalow terraces or other tasks. If the weather will be bad, we will need your help to paint the rooms but mostly you will work outside. So please take waterproof clothes with you!

Location: Thueringen, Sondershausen, Erfurt 50 km

Terminal: Leipzig or Berlin

Accommodation: You will live in a bungalow. Up to 4 volunteers will share a room, bed linen will be provided. The group will have its own common room. The bungalow is equipped with 2 showers and 2 WC.

Age limit: 18-26 years
