Description of Workcamp: CPI03 MONDIALI ANTIRAZZISTI
 DATES: 24 June - 08 July

WORK: FEST / ENVI / SPORT

VOLS: 15

AGE: 18 +

LOCATION: Bosco Albergati, Castelfranco Emilia (MO)

BACKGROUND: Mondiali Antirazzisti (The Antiracist World Cup) is a multicultural 5 days long festival which has around 7.000 visitors per day. The main idea of the festival is to promote anti-racism and anti-discrimination through non-competitive tournaments of football, volleyball, basketball, touch rugby and cricket. The goal of these sport activities is to get to know each other and have fun together, not to win. More than 200 teams every year join the Mondiali Antirazzisti and 70% of the teams are mixed: no racist or sexist discrimination is allowed! There are many other activities taking place during the festival such as concerts, workshops, debates, summer camp for children. The organisers take care of another important aspect of the event which is low environmental impact, reached thanks to recycling, use of renewable resources and natural local products. For the people of Mondiali Antirazzisti the environmental sustainability is linked to the social justice and equality. Please make sure you share these values before applying for this project! Website: www.mondialiantirazzisti.org (English version is available)

WORK: The international volunteers will be part of a bigger team of volunteers helping set up, run and take down the festival. Before the festival the group of the international volunteers will help to construct the marquees, decorate the area, put up signage etc. Typical activities during the festival include cleaning the site and helping with waste sorting, however the past years volunteers have been involved in a number of different activities, according to the festival needs. The volunteers will clean up and take down the site at the end of the festival. The international volunteers will work for around 6/7 hours per day. The work will be done in pairs or small groups in different shifts (to be arranged together with the camp leader). Please note that flexibility and adaptability are required, and there might be some physically demanding work from time to time (under the sun or rain sometimes). During the free time the volunteers will have the opportunity to join concerts and sport events in the festival area. International volunteers will have 2 free days, to be arranged with the festival organisers (not during the 5 days of the festival, from 1st to 5th of July).

ACCOMODATION: Volunteers will sleep in shared big tents directly at the festival area. Toilet and washing facilities will be available, camp beds will be provided but you must bring a sleeping bag. Please make sure you are comfortable with basic

camping conditions! Food will be available at the restaurants/bars of the festival area. There will be no opportunity to cook but different options (vegetarian, vegan, dietary needs) could be available. The volunteers are expected to be flexible and not fussy about the food!

LOCATION: Bosco Albergati is a suburb of Castelfranco Emilia, a small town of 30.000 inhabitants in the province of Modena. The festival area and accommodation are situated in the countryside and are quite isolated from the city. Castelfranco Emilia lies about 25 kilometres northwest of Bologna.

TERMINAL: The nearest airport is Marconi International Airport - Bologna. You may consider other airports in the area, such as Rimini and Parma. To reach Castelfranco Emilia you will need to catch a train from BOLOGNA.

SPECIAL REMARKS: Project-related motivation letter is required.

Project: DISA-SOCI - Mentally physically disabled - Social project

Initial Date: 14/07/2015

Final Date: 28/07/2015

Min Age: 18

Max Age: 30

Places: 1

Description of Workcamp: CPI06 ODOARDINA
 DATES: 14 July - 28 July
 WORK: DISA/SOCI
 VOLS: 6
 AGE: 18+

LOCATION: Odoardina / Reggio Emilia

BACKGROUND: Odoardina is one of the 6 care centres for disabled people managed by the social cooperative named ZORA (<http://www.coopzora.it>). It's a day care centre for people with different kind of disabilities (physical, cognitive, mental, sensory, emotional, developmental). The day care centre provides a range of social services for about 20 people with disabilities (aged 20 to 50 years) from 09 am to 04 pm, from Monday to Friday. The general purpose is to help people with disabilities to live in their communities and to promote independent living, giving the opportunity to develop relational, social life and employment skills in accordance with their individual needs. YAP organizes international workcamps in Odoardina during the summer period since more than 10 years and the international volunteers are really well welcome by the staff and the people of the day care centre.

WORK: The international volunteers will support the social workers and civic service volunteers in the activities organized for the disabled people: games, workshops and tasks aimed to encourage self expression, communication and interpersonal relationships through singing, music, drawing and painting, beauty salon, handicraft with recycling paper, swimming pool, day-trips and home cleaning. Volunteers may also be engaged in keeping a small vegetable garden. The volunteers will work from 09 am to 04 pm from Monday to Friday. The international volunteers and the workcamp leader will stay alone in Odoardina after 5 pm and during the weekends. Please bring games, good ideas and whatever you can use to create a nice atmosphere in the spare time and weekends.

ACCOMMODATION: The international volunteers will live in an apartment with a kitchen, bedrooms and bathroom. The apartment and the day care centre are located in a big ancient countryside house surrounded by beautiful camps and farms, 6 km away from Reggio Emilia. During the working days, the lunch is organized with the staff and the clients of the day care centre. The volunteers will have a budget to manage breakfasts, dinners (and also lunches during weekends). Sleeping bags are required.

LOCATION: Odoardina is situated in the countryside and is quite isolated from the

city (6km from Reggio Emilia). There is no public transport in the late evening and in the night for or from Reggio Emilia. Some bicycles may be available for the volunteers. The weekends are free and the group of international volunteers can organize visits to beautiful cities such as Reggio Emilia, Parma and Bologna but the costs of the visits are not covered by the project.

TERMINAL: Reggio Emilia is the nearest train station. Milan and Bologna are the nearest airports.

SPECIAL REMARKS: Project-related motivation letter is required. The volunteers must arrive in the centre the first day and leave the last day of the work camp before 4 pm.

Description of Workcamp: CPI07 SCANDIANO
 DATES: 14 - 28 July
 WORK: DISA/SOCI
 VOLS: 6
 AGE: 18+

LOCATION: Scandiano / Reggio Emilia

BACKGROUND: YAP Italy organises an international workcamp in Scandiano for the second time together with "Stradora e Benzi", one of the 6 care centres for people with disabilities of different kind (physical, cognitive, mental, sensory, emotional, developmental). The centre is managed by the social cooperative named ZORA (<http://www.coopzora.it>). Zora social cooperative was founded in 1997 to meet the needs of socialization and self development of disabled people, to encourage institutions and communities to recognize and support the rights of disabled people and to fight social exclusion. "Stradora e Benzi" care centre is situated in the town of Scandiano and hosts several services: residential centre Stradora for 15 disabled people (aged 18 to 60); day care centre Benzi for 16 disabled people (aged 20 to 50). The main aims of the centre are to help people with disabilities to live in their communities and to promote independent living, giving the opportunity to develop relational, social life and employment skills in accordance with their individual needs.

WORK: The international volunteers will support the social workers and civic service volunteers in the activities organised for the disabled people: games, workshops and tasks aimed to encourage self expression, communication and interpersonal relationships through singing, music, drawing and painting, beauty salon, handicraft with recycling paper, swimming pool, day-trips and home cleaning. The volunteers will work from 09 am to 04 pm from Monday to Friday. Please bring games, good ideas and whatever you can use to create a nice atmosphere with the residents and during free time.

ACCOMMODATION: Volunteers will sleep in the meeting room in the residential centre Stradora. The room is situated on the 2nd floor of the building and is separated from the living space of the residents. All hygienic services are provided. Breakfast, lunch and dinner are provided.

LOCATION: Scandiano is a small town of 25.000 people close to Reggio Emilia (13 Km), in Emilia Romagna region. The care centre "Stradora e Benzi" is quite isolated and there is no public transport to the city centre but it can be reached by walk (approx. 15 minutes). There is no public transport in the late evening and in the night for or from Reggio Emilia. The weekends are free and the group of

international volunteers can organize visits to beautiful cities such as Reggio Emilia, Parma and Bologna but the costs of the visits are not covered by the project.

TERMINAL: Bologna, Milan, Bergamo or Parma airports, Reggio Emilia train station.

SPECIAL REMARKS: Project-related motivation letter is required.

Max Age: 30

Places: 1

Description of Workcamp: CPI08 THE MANSERVISI CASTLE
 DATES: 19 July - 30 July

WORK: ENVI/MANU

VOLS: 9

AGE: 18 +

LOCATION: Porretta Terme

BACKGROUND: The workcamp is organized in collaboration with no-profit association "Castello Manservisi" that manages the Manservisi Castle. The Manservisi Castle is a cultural, touristic and exhibition centre that organizes a full calendar of events, especially in summer: exhibitions of art and photography, concerts, theatre performances, film festivals, presentation of books, meetings on scientific and naturalistic topics. Built in the end of 19th century on the ruins of 17th century castle, the Manservisi Castle is situated in the middle of Tuscan Emilian Apennines, between Bologna and Pistoia, in Castelluccio di Porretta Terme. Nowadays the complex is formed by several buildings, which are located in a large park near the Museum Laborantes, the largest ethnographic museum of the area. Since 2010, after the long period of abandon, the no-profit association Castello Manservisi is taking care of the castle and making some renovation and maintenance work. One part of the castle is now integrated with scattered hotel in Castelluccio, the aim is to make park and the structure available for visitors and guests. Website (only in Italian): <http://www.castellomanservisi.it/spip/>

WORK: The main work will consist in cleaning and maintenance of the outdoor site of the castle and the park. Volunteers will be working 7-8 hours per day under the supervision of local technical leader. During the workcamp, on 26th of July there will be a traditional celebration of "Madonna del Faggio" so the volunteers will be also involved in setting up and taking off the stands, the tables and other structures for the feast. It will be a perfect opportunity to get to know the local community and discover the local cuisine as well! Be prepared for physical work.

ACCOMMODATION: The volunteers will be hosted in one of the buildings of the Manservisi Castle on the territory of the park. The accommodation has beds, 3 toilets and shower. Sleeping bag is required. The meals will be provided by the staff of the centre, the volunteers will clean the dining room and wash the dishes as a group. During the workcamp there will be several events and activities organized by local partner so the volunteers are asked to be respectful and polite with other guests of the park.

LOCATION: The Manservisi Castle is situated in a small village near to Castelluccio di Porretta Terme which is quite isolated: there is no public transport after 7 p.m.

TERMINAL: Bologna airport

SPECIAL REMARKS: Project-related motivation letter is required. This project is perfectly suitable with nature lovers and people highly motivated for manual work. Please bring with you typical games, recipes, musical instruments from your country.

Description of CPI09 Da Pietro a Tommaso, in cammino**Workcamp:** DATES: 01 -17 August

WORK: ENVI/CULT

VOLS: 6

AGE: 18+

LOCATION: Rome - Ortona

BACKGROUND: The association "Il Cammino di San Tommaso" (The Path of St Thomas) aims to create a trekking route that connects Rome and Ortona promoting the concepts of "experimental tourism", "slow-tourism" and "active travelling". Instead of being simple tourists participants become travellers and make new experiences through activities, events, and workshops with the network of local associations. "The Path of St Thomas" was established recently, in February 2013, but has already worked out numerous collaborations with institutions and organizations that fund activities through national and/or regional support of the development of tourism. This event was already organized on summer 2013 (26th May - 9th June) when 20 trekkers and 3 international volunteers walked from Ortona to Rome in 15 days during the main project "Da Tommaso a Pietro, In Cammino" that moved also 20 horse riders, 50 cyclists and 300 pilgrims on the same route and days, obviously with different departures from Ortona. All the participants arrived together in St. Peter Square in Rome where they assisted to the traditional catholic celebration "Angelus", during which, they received a particular greeting by Pope Francis. In 2014 the walk-event was done for first time in the opposite direction from Rome to Ortona with more than 200 participants arrived in Piazza San Tommaso on 17th August and 7 volunteers from 6 different countries that walked all the path. Website: <http://www.camminodisantommaso.org/>(in Italian but with reviews of 2014 edition in 5 languages thanks to our great volunteers from past years).

WORK: Volunteers will take part in the walking of 330 km "from St Peter to St Thomas" from 01st of August 2015 to 17th of August 2015; they will hike from St Peter Square in Rome, where they will assist the traditional catholic celebration of the "Angelus" and blessed by Pope Francis, to Ortona where there will participate in a big event to celebrate, with all the other different travellers, at the end of the journey. The volunteers will be part of the group of Italian hikers who move from Rome to Ortona on 1st of August and will do the path with other participants, helping to manage some little manual work during the route and updating profiles of the event on social networks: twitter and facebook in their mother tongue.

ACCOMMODATION: Being participants of the walk, the volunteers will have the same conditions as other hikers: accommodation during the trekking could be in a hostel, B&B, hotel or camping (to be confirmed few weeks before the event). The

same is for food: the organization will provide three meals a day (breakfast, lunch, and dinner) but sometimes it can be packed meal. In some cases due to specific issues of the program the volunteers could receive pocket-money for food. The participants will have the chance to see a lot of small villages and towns on their way from Rome to Ortona.

LOCATION: Rome - Ortona (itinerant)

TERMINAL: Rome Airports (arrival), Pescara airport (departure)

SPECIAL REMARKS: Project-related motivation letter is required. The volunteers should have some past experience in trekking and be ready to long hike every day with all the weather conditions! (more than 330 Km walking). Preferable a basic knowledge of Italian language. A personal photo-camera and blogger skills are also appreciated. Sometimes the volunteers will be invite to release interviews (in English or with another participant as translator) to local media, so a good attitude to this "public-moments" are appreciated.

Places: 2

Description of Workcamp: Ferrara Buskers Festival 2015

PROJECT

Place: Ferrara - Italy

Dates: IBOIT19 20/8-1/9

Number of volunteers per shift: 7IT + 7 INT. (18-30)

DESCRIPTION OF THE PROJECT

For the fifth year in a row IBO Italia is guest of the Ferrara Buskers Festival for the solidarity. After the 2012 edition, when IBO Italy collaborated to support some villages of Emilia Romagna deeply damaged by the earthquake of 20-29 may 2012; and 2013 and 2014, when we supported volunteerism and youth mobility, we are happy to carry on with such an important workcamp project, with the aim to involve a new group of volunteers from all over the world.

The Ferrara Buskers Festival (www.ferrarabuskers.com), with its 800.000 spectators, is the biggest event in the world dedicated to the street art. It was founded in 1988 with the aim of enhancing the role of street artists and to get to know a city rich in history and charm objectives which have been fully accomplished.

For many spectators from all over Italy and, significantly, even from abroad, the Festival is an exciting tour around the world in search of familiar and exotic sounds; it's a passionate treasure hunt to discover the most original instruments, the most inspired performances and the most creative costumes. It is, above all, an endless mobile jamboree, that moves in a thousand directions, invading the streets and squares of one of the most beautiful city centers in Italy.

The protagonists of the Festival are the buskers themselves; travelling artists who, in their daily activities, try to give some good humour and poetry to passers-by. Since the third edition, every year the festival is dedicated to a guest nation from which a large part of the 20 invited groups come from. In addition to the invited ones, accredited groups participate at their own expenses and according to the selection they can perform even just for one day. Nobody receives a fee, just the offers that the public drops in their "hat". The shows follows a daily rotation, so the groups change their "stage" every day.

Since 2011, the Festival organization is involved in the project Ecofestival, to reduce waste to the least and to fix elevated standard of environmental respect for events of wide range. Separate collection of paper, plastics and aluminum will be carried out during the event. Bureau Veritas has certified the results achieved by the project.

Furthermore, the Ferrara Buskers Festival wants to be a great moment of solidarity, sustaining the training to the values of volunteering, youth mobility in an intercultural world; the value of an active citizenship, to ideally unite Ferrara to Italy and to the whole world.

WORK

The volunteers will be involved in a fund-raising activity in 7 different enter points of the action area of the buskers (Ferrara historical center). In particular, the 30% of the offers will be donated to IBO Italy that will use the funds to support the training and the values of voluntary world, youth mobility, and active citizenship. The activity will follow this program:

- thursday 20/8 arrival - meeting point 16.00 o'clock
- friday 21/8 knowledge and preparation of the activities
- saturday 22/8 from 17.00hrs to 24.00hrs
- sunday 23/8 from 17.00hrs to 20.00hrs
- monday 24/8 rest
- tuesday 25/8 rest
- wednesday 26/8 from 17.00hrs to 24.00hrs
- thursday 27/8 from 17.00hrs to 24.00hrs
- friday 28/8 from 17.00hrs to 24.00hrs
- saturday 29/8 from 17.00hrs to 24.00hrs
- sunday 30/8 from 17.00hrs to 20.00hrs
- monday 31/8 feedbacks of the camp, cleaning of the house and greetings in the evening
- tuesday 1/9 departures

FOOD AND BOARD

A parish structure will host the volunteers. Transport guaranteed by minibus. Volunteers will have breakfast and lunch together. In the evening, packed dinner. Volunteers are invited to collaborate to prepare meals and in to keep common rooms clean.

Things to bring: Flashlight, sleeping bag or sheets, products against mosquitos. If you play an instrument you may bring it with you!

Documents: European health card, identification card or passport

Other: Spare time will include some meetings concerning the voluntary world and some relaxing moments/short trips.

TRAVEL

Arrival at the train station of Ferrara. Here the volunteers will be picked up at 16.00 o'clock on the 20/8.

At least seven days before departure

Telephone us to tell us with what means you will come (train, car, airplane) and above all your time of arrival at the station indicated or at the camp; we will have a way to advise the overseers that can reach you and take you to camp. If at your arrival you do not find anyone, or if the train is late or other reasons, use the telephone number indicated on the infosheet and in case of emergency look at the website www.iboitalia.org .

Numbers of the volunteers in every period: 3IT, 3 INT
10 for the shift 09/07 - 19/07

PROJECT DESCRIPTION

The project is held in collaboration with the local cultural association Tu Quoque, born in Vernazza in 2013, which mainly deals with the defense and conservation of the typical landscape of Cinque Terre.

In October 2011 and last year again, the Cinque Terre have been swept away by floods and heavy rains, that caused extensive damages to houses and lands. Many farmers have abandoned the care of lands and vineyards, typically terraced and sustained by dry stone walls. Some of these fields have been given by the owners to the association Tu Quoque, which is working hard for the recovery of the agricultural heritage and historical territory of this area.

The project involves the volunteers in the reconstruction of the dry stone walls of this unique land.

WORK

The volunteers will collaborate with local masters of dry stone construction to clear and sort the materials, firstly in couples. Once learnt the technique, they can be involved in the positioning of the materials for the construction of the dry stone walls and the preservation of the fields from abandonment.

Working time table, depending on the weather: 6.00-12.00; 17.00-19.00.

Responsible: Margherita Ermirio (President of the association)

BOARD AND LODGING

The volunteers will stay in the Convento of Reggio - Vernazza (SP). They will have at their disposition: dinner room, kitchen and different sleeping rooms. Breakfast and dinner in the Convento. Packed lunch.

The volunteers will organise shifts for the preparation of meals in collaboration with a local cook and to take care of the garden. The Convento is 15 minutes far from Vernazza (walking down), it's connected to the village through a path that

has been recently restored.

To bring: torch, safety footwear, work gloves, working clothes (no shorts because of insects and vegetation), cotton long sleeved shirts, sleeping-bag or sheets, personal medications, mosquito repellent. If you play a musical instrument, bring it with you.

Documents: Identity card, European Health Card

Remarks:

Local partner: Olivazzi is a pedagogical and organic farm located in natural and beautiful setting. The activities of the farm are food and crop production and artisanship. The farm is also involved in the organization of cultural activities in the local community.

Work description: The activities will be mostly outdoor: taking care of the kitchen garden and plants, preparing and grinding organic wheat, picking fruits and pruning the trees. Volunteers can also be involved in some maintenance work of historic buildings/goods.

Accommodation and food: Shared rooms with bathrooms and showers with hot water. There is also a porch that can be used when volunteers want to eat outside. There is also a big room as disposal for activities and meals. Volunteers will cook for themselves.

Special requirements: Interest in outdoor activities and environment. Bring rain coat, working clothes and comfortable shoes.

Location and free time: The farm is in the town of Quattordio. In the farm there is a private pool, table tennis, free wi-fi, guitar, piano. 300 meters far from the farm there is the public pool as well and tennis fields. There are bicycles for the volunteers who can ride in cycle path among towers, castles, vineyards. By train is possible to go to Genova and to reach the sea in less than one hour. In July there are festivals almost every day in the surrounding towns.

Description of IG 6.5 EGADI ISLANDS 3**Workcamp:** From 8/4/2015 till 8/12/2015 PLEASE NOTE that dates are in MM/DD/YYYY format

City: FAVIGNANA Number of needed volunteers: Total: 9 - F 5 M 4

Min/Max age: 17/65 ¿ Work type: ENVI,MANU,

Local partner: Egadi Islands are a small archipelago on the west part of Sicily.

They are

composed by three islands and host the largest marine protected area of Europe.

Local

municipality is engaged in promoting sustainable development and tourism and

promote

international relations.

Work description: Volunteers will mainly be involved in light cleaning works on the shores,

restoring old traditional stone walls, cleaning dry areas of the islands of Favignana, Marettimo

and Levanzo. According to weather conditions and availability of local guides, they will also

support the cleaning and management of Giardini ipogei , typical inside mountain gardens

developed inside ancient stone caves. [http://www.welcometoegadi.it/index.php?](http://www.welcometoegadi.it/index.php?lang=en)

lang=en Once per

each camp volunteers will also be required to organize environmental awareness raising activities

addressed to local and tourists. Volunteers will in the end be required to make photos for a final

video about all the camps to be held in the archipelago.

Accommodation and food: Volunteers will be hosted inside classrooms of a local school with

inflatable mattress (provided) and sleeping bag (not provided). They will cook by themselves in

the school with provided food. The school is equipped with several toilets and shower.

Special requirements: Due to the need to work on shores, very good swimming capabilities are required.

Location and free time: gadi Islands are one of the most beautiful area of souther Italy,

considered as a Paradise of sea wildlife. Beside the wonderful sea, the three islands offers

wonderfull environment. The islands are just 40 minutes far from the western cost of Sicily with

its archaeological sites, natural reserves and many more attractions.

Referencia: 13

Code: LEG03-15

Year: 2015

Name: FIGHT HYDROGEOLOGICAL INSTABILITY IN POLLONE

Location: ROMA

Address:

Url: www.legambiente.it

Project: ENVI-SOCI - Environmental-Social project

Initial Date: 16/06/2015

Final Date: 30/06/2015

Min Age: 18

Max Age: 30

Places: 1

Description of Workcamp: LEG03 - Fight hydrogeological instability in Pollone
Pollone, province of Biella, Piemonte region
16/06/2015 - 30/06/2015
Type of work: ENVI/SOCI
Number of volunteers: 12.
Age: 18 +

Project: The project will take place in Pollone, a small village that hosts the Special Nature Reserve of Burcina Park. Legambiente Biella usually cooperates with the local community in order to improve the relation between man and nature. Biella's province, as the whole Italy, is managing two difficult issues: the hydrogeological instability (it caused many damages during 2014) and a big immigration flow from the Greater Middle East and many African countries.

Pollone's International workcamp will be centred on two objectives: sensitize the international and local volunteers and the local population about the hydrogeological instability and its consequences; raise awareness about the 2014 immigration flows, that is involving above all Italy, and the whole Europe too.

Legambiente local group: The voluntary association Legambiente Circolo Biellese "Tavo Burat" is active in Biella province with the objectives of raising awareness about the topics related to the environment, society, culture and preservation of natural and artistic heritages through exhibitions, events and concrete proposals. The campaigns are also supported and promoted through the international voluntary work-camps. Among the main activities: raise awareness on the correct approach to the themes of the European Landscape Convention and the development of tools for the promotion of the territory; raise consciousness about nuclear energy and Chernobyl disaster. All these activities are always carried out in collaboration with different institutions and public administrations (municipalities, mountain communities, parks, provinces, schools), local associations (youth and cultural associations, Protezione Civile-Civil Protection, Pro Loco etc.) and with civil society in order to improve the volunteering activities in the area.

Work: During the workcamp the volunteers will be involved in several kinds of manual works as: mountains path's maintenance, painting, protected area's maintenance (on woods and hills).

Study part: During the workcamps the volunteers will have focused confrontation and concrete experience about the two main topics: Hydrogeological instability and Asylum seekers (the volunteers will cooperate, during the manual works, with the Immigration Center's guest of Pollone).

Accommodation and food: The volunteers will be hosted in the building of the public school in Pollone in mixed rooms, composed of two floor: the ground one include the common spaces and kitchen and the first floor include the rooms.

Location and leisure: Pollone is a small village in the Elvo Valley, one of the 5 valleys that compose the district of Biella, in Piedmont region. In this landscapes it's possible to walk in mountain paths, see farms, churches, beautiful villas that adorn the road from Pollone to the next village Sordevolo.

Possible visits: Oropa's Sanctuary, daily mountain excursion, ex Trappa's monastery, Burcina's Natural Special requirements: It is recommended a medium ability or willingness to walk in the mountains.

Places: 1

Description of Workcamp: LEG04 - Dune ecosystem in Elba island
Capoliveri municipality in Elba island, province of Livorno, Tuscany region
27/06/2015 - 10/07/2015

Type of work: ENVI

Number of volunteers: 8

Age: 18+

Project: The last dune system still remained in the whole Island of Elba is in Lacona bay. Since 2014 the Tuscany Archipelago National Park has been trying to preserve it from excessive human activities and to restore its natural conditions.
Legambiente local group: Legambiente

Arcipelago Toscano is now cooperating with the National Park to clean up the dunes, monitoring the area in order to prevent people damaging behavior and to inform citizens about the importance of Lacona dunal ecosystem.

Work: The volunteers will be involved in very crucial activities directed to preserve dune ecosystem in Lacona. They will take care of the dunes and the beach by cleaning up and waste monitoring. They will also be involved in a delicate, tactful task of information and sensibilization of tourists and residents and surveillance, in order to prevent and reduce people's damaging behavior.

Study part: Volunteers will attend a short course about function, complexity and fragility of dune ecosystem, realized with the National Park support.

Accommodation and food: The volunteers will be hosted in a camping nearby Lacona dunes and beach. They will sleep in tents. Food is provided by the camping itself.

Location and leisure: Elba is the third Italian island in size and the largest of the Tuscan Archipelago; it has 147 km of beautiful and vary coastline: sandy beaches, pebble beaches, reefs, countless inlets, etc. One of his most precious sandy beach is in Lacona, in the homonymous Gulf formed by two verdant peninsulas. Elba also boasts a very interesting historical and cultural heritage: it is still possible to visit its ancient iron mines, Roman archeological sites and Napoleon villa and museum.

Special Requirements: Availability to work in shifts and predisposition to camping life.

Language: English will be the official language in the camp.

Terminal: Elba international airport; Pisa airport. Piombino Marittima train station.

Description of Workcamp: LEG05 - Social cohesion in Moglia
Moglia, province of Mantova, Lombardia region
27/06/2015 - 11/07/2015
Type of work: SOCI, ENVI
Number of volunteers: 15
Age: 18+

Project: La mano tesa e non la mano in tasca, which means "I extend my hand and I don't keep it in my pocket", is the project of 30 NGOs in the town of Moglia aimed to creating cohesion after the serious blow inflicted by the earthquake of 2012. The voluntary activity is an important part of this project because it will give boost of energy to the people to get out and do something together, for their community and the surrounding environment.

The objective of the workcamp is stimulation and implementation of neighborhood activities, social cohesion and environmental renovation of the town.

Legambiente local group: The camp is organized by Legambiente local group "Siate Parchi" mainly engaged in the environmental safeguard of the Po river valley, where it created a park in San Benedetto Po also with the support of IVS in 2011. The group annually participates, in collaboration with schools, to the campaigns Clean Up the World and the tree festival.

Work: Organization of events in the environmental education center inside the "Golene fiume Secchia" park; cleaning of green areas, walk and bike paths; maintenance of San Benedetto Po park; maintenance of the gardens of the local schools; organisation of the "voluntary festival", which will display cultural and culinary exchanges linked to food and sustainability.

In these neighbourhood activities the group will be helped by a group of musicians "Miatralvia" (literally meaning "do not throw it away"), who are graduated at the music institute and make music instruments with recycled material.

Accommodation and food: Volunteers will be hosted in a primary school.

Location and leisure: The camp will take place in the Po river Valley. During the free time the volunteers will visit Mantua and Sabbioneta, that were declared In 2007 by UNESCO to be a World Heritage Site, as well as natural areas in Po valley.

Language: English will be the official language in the camp.

Terminal: Closest airports: are Verona and Bologna; low cost flights to Milano and Bergamo. Closest train stations are Suzzara and Gonzaga. Bigger trains terminals are Modena and Mantova.

Location: ROMA

Address:

Url: www.legambiente.it

Project: RENO - Restoration renovation

Initial Date: 27/06/2015

Final Date: 11/07/2015

Min Age: 18

Max Age: 30

Places: 1

Description of Workcamp: LEG06 Casa Bossi
Novara, Piemonte region
27/06/2015 - 11/07/2015
Type of work: RENO
Number of volunteers: 12
Age: 18+

Project: Casa Bossi is one of the most important and beautiful buildings of Novara, a fine work of the architect Alessandro Antonelli. The building has been left close to collapse for years, but in the last five years a group of volunteers established a Committee to save the building. They restored the vital structures of the house and started preservation works for contrasting the decay of the internal spaces. They also started organizing many cultural events to promote the building and lead the citizenship to be aware of this architectonic treasure we have.

Legambiente Novara wants to take part in this preserving and promoting activity also by improving the structure itself.

For the second year, Legambiente Novara, in collaboration with Comitato d'Amore di Casa Bossi, organizes an international work camp inside Casa Bossi, with the aim to continue the recovering and securing activities of the building, which is one of the most important architectural asset of Novara.

Legambiente local group: The association Legambiente Novara was founded in the mid-eighties of the past century. The activity of the club started with the issues of waste (the big dump in Ghemme), environment (protection and enhancement of Parco del Ticino), signatures collection for the referendum against nuclear after Chernobyl's tragedy requesting the closure of the nuclear power plant of Trino Vercellese, projects dealing with urban ecosystem and the training of teachers in elementary and middle schools.

In these last years, the club of Novara is also committed, among the others, in protecting the local environment against hydrogeological risks, oil drilling, soil consumption, and in monitoring environmental pollution.

Work: Volunteers will work for recovering and securing internal spaces of Casa Bossi and in tidying the garden in front of the building (if the safety conditions will allow that), for a total of 60 hours in two weeks.

They will also organize the final party, which will take place in the courtyard of Casa Bossi and will be open to the citizens of Novara.

Study part: local history and architecture, sustainable and responsible restoration.
Accommodation and food: The volunteers will be hosted in the gym of a school, where camp beds will be placed. The fully equipped professional kitchen and dining room is close to the gym, about 200 metres on foot. Food will be provided, among

the others, by local farmers and local food companies. The meals will follow a Mediterranean diet, giving space to any kind of request (vegan, vegetarian...).

Location and leisure: Novara is easternmost province of Piemonte (Piedmont), on the edge of river Ticino's park, few kilometers away from lake Orta and Maggiore, few hours from Liguria and Mar Ligure and Valsesia and Monte Rosa. Novara is between Torino (west, about 100 km, regional capital of Piemonte) and Milano (east, about 40 km, regional capital of Lombardia). Both the cities can be easily reached by train.

We will plan some excursions to Ticino's park, by bike, and some trips to both lakes (Orta and Maggiore), as well as an afternoon at the city swimming pool and night outs for relaxing and getting to know the local community.

Special requirements: Volunteers must be able to ride the bike. Due to the dust present in Casa Bossi, there could be problems with allergies to dust. Mosquitoes are frequent in Novara in that period of the year.

Language: English will be the common language.

Terminal: Airport of Milan Malpensa (MXP); Railway station of Milano Centrale.

Referencia: 17

Code: LEG10-15

Year: 2015

Name: ALPE DOSSO (CARTA DE MOTIVACIÓN)

Location: ROMA

Address:

Url: www.legambiente.it

Project: ENVI - Environmental

Initial Date: 05/07/2015

Final Date: 18/07/2015

Min Age: 18

Max Age: 30

Places: 1

Description of Workcamp: LEG10 - Alpe Dosso
 Delebio, province of Sondrio, Lombardia region
 05/07/2015 - 18/07/2015
 Type of work: ENVI
 Number of volunteers: 12
 Age: 18+

Project: Legambiente has been collaborating for years with the Park, local institutions and Municipalities to enhance the value of these important valleys with their historical richness, culinary traditions and biodiversity.

The objective of the workcamp is to enhance the sustainable tourism use, favoring support for quality agricultural production against the exploitation of the ski valley.

Legambiente local group: The Legambiente Lecco Onlus association originated in 1978 as "Committee for the Protection of the Environment", and since 1987 it is part of Legambiente.

The Legambiente Lecco Onlus association operates mainly in the context of the district of Lecco, in addition of being the office of the regional coordination of Volontariambiente. Since 2008, Legambiente Lecco manages four "Houses in the Forest". In March 2013 Legambiente won the call for the management of the Parco Monte Barro Hostel and for environmental education activities within the same Regional Park.

The Legambiente Lecco group has about 200 members, 3 permanent employees, a project of the National Civil Service and several collaborations with partner organizations and institutions.

Work: Volunteers will be involved in the maintenance of paths, woods and pastures.

Study Part: in collaboration with botanists of the park, we will explore the topics of the European "Natura 2000" for the protection of biodiversity.

Accommodation and food: mountain refuge, reached after two hours of walking on steep path.

Location and leisure: Alpe Dosso (1500 m above sea level) is a mountain pasture, located in the wildest of these valleys, Val Lesina; due to its harshness, the Valley has never been urbanized, so that it has been almost entirely preserved in its original natural environment rich in vegetation and animals. It is an area very distant from the town of Delebio, managed throughout the year by local consortium "Mountain Viva". It is an ideal place to experience life away from the city and in close contact with nature in the Alps.

Special requirements: Ability and predisposition to walk and work on mountain

paths, interest in nature.

A motivation letter is required together with the VEF.

Language: English will be the official language in the camp.

Terminal: Milan International Airports or Bergamo Orio al Serio Airport. Morbegno railway station

Max Age: 30

Places: 1

Description of Workcamp: LEG11 The Paraloup partisan way
Rittana, province of Cuneo, Piemonte region
05/07/2015 - 19/07/2015
Type of work: CULT/ENVI
Number of volunteers: 10
Age: 18 - 45

Project: The Paraloup Village is one of the locations where the partisan resistance took place during the 2nd World War. The town has been restored in order to raise its historical value and enhance tourism.

The aim of the project is the restoration of an ancient trail used at that age.

Legambiente local group: The activities of Legambiente Cuneo of recent years have focused on issues related to the use of renewable energy sources, waste management of organic nature in rural and mountain areas, soil conservation and the promotion of sustainable tourism.

The local group provides information and training of citizenship around the themes closest to the Association and through initiatives of local promotion in coordination with national campaigns: Operation Mal'aria, Clean Up the World, the Caravan of the Alps; Disimballiamoci, Tree Day, World Water Day, Imbrocciamola, Nontiscordardime, Operation Rivers, Little Big Italy, Fields of Volunteering.

Work: clean the path, put trail signs, write and translate tourism information.

Study Part: The local history and tradition in order to keep the memory of our past. There are two training sessions in the afternoon with the experts of the Foundation Revelli that illustrate the history of the country and the project of architectural renovation.

Accommodation and food: The building of an ancient primary school has been restored and now is used for the volunteers.

Location and leisure: the location is in the low Maritime's Alps, near wild forest not far from the little village of Rittana. We plan to organize trips in the Natural Maritime's Alps Park, to Cuneo and to the River's Park of Cuneo.

Language: English will be the official language; local communities hardly know English while some people speak French

Terminal: The nearest airport is Turin while the nearest train station is Cuneo.

Max Age: 30

Places: 1

Description of Workcamp: LEG12 San Secondo Island Venezia Venezia, Veneto region

Type of work: ENVI/CULT/ART

10/07/2015 TO 24/07/2015

Number of volunteers: 12

Age: 18+

Project: Legambiente started leading the recovering of the Island in accordance with the State property Office. In partnership with Opera Bosco, Legambiente wants to show the state of conservation of the lagoon, cleaning the surface from the plastic garbage and producing natural artwork and performance, in order to improve the landscape perception. Aims of the project are the protection and conservation of the environment through a creative approaches. Beyond that, the local group of Legambiente is doing educational and scientific campaigns about marine litter and plastic waste missing in our sea and beaches. For these reasons, during workcamps, volunteers will discover very nice natural areas around Venice, with the same problems.

Legambiente local group: For 10 years Legambiente Venezia has been organising workcamps on Certosa island and around the northern part of venetian lagoon, in order to increase the active participation of young people and citizens and to increase the awareness about environmental issues concerning the fragile lagoon ecosystem. We take part to most of national Legambiente campaigns (i.e. Goletta Verde, Clean Up the Med, Clean Up the World). Moreover we are concerned with some global-local environmental problems like cruiser ships passing through the very heart of the city and everything connected with it, sustainable tourism, information to the citizens about the environmental problems, arise the consciousness about the importance of lagoon as common good.

Work: Volunteers will be involved in the cleaning of the San Secondo Island, in order to make clean and safe the area for the artistic installation. Furthermore, volunteers will organise public activities and visits to the island, in conjunction with the Legambiente local group, in order to involve the community.

Study part: Volunteers will attend specific workshops about Marine Litter and waste cycle, in addition to a short introduction to the Art in Nature (an artistic trend born in the 70's with artists like Joseph Beuys, Nils Udo e Andy Goldsworthy)

Accommodation and food: Volunteers will be hosted in a green area of Forte Marghera in tents equipped with camp beds, kitchen and living tents. Bathrooms and showers are close to the camping site. The accomodation is NOT in the Island but very close. San Secondo will be reached daily by 15minutes boat trip with the camp leaders. A low-flesh diet, according to the global environmental problems, should be a commitment for volunteers during workcamps.

Location and leisure: San Secondo Island is located in the landscape of the Park of the Lagoon, in between to Venice main island and Mestre (important part of the city on the peninsula). The area has been hosting a Convent in the past and has later been used for military purposes. After the demilitarisation process the island has been abandoned for decades. During this time the vegetation slowly started to cover and ruin the ancient and garbage, especially plastic and cans, is covering the island. The camp base is in Mestre, in Forte Marghera areas. Forte Marghera was also a military fortress and during workcamps volunteers could discover and visit so many natural and historical habitats (and of course Venice).

Special Requirements: volunteers should be able to swim and have no seasickness. A motivation letter together with the VEF is required.

Language: English will be the official language in the camp.

Description of Workcamp: LEG13 Poggio alla Malva
Carmignano, province of Prato, Tuscany region
11/07/2015 - 25/07/2015
Type of work: ENVI
Number of volunteers: 10
Age: 18+

Project: The 3rd edition of Poggio alla Malva workcamp is included in a wider project of natural and cultural safeguard. The territory of Carmignano has in fact important witnesses of Etruscan period as well as the renaissance historical period; those witnesses involve also naturalist landscape. The entire population of Carmignano participates in a collective mapping of ancient pathways that once where the most important way to connect villages and people. The workcamp aims to identify, restore and clean some part of the important system of natural pathway that crosses the little village as well as the natural protected area of Artimino where Poggio alla Malva is displaced.

Legambiente local group: Legambiente Prato (www.legambienteprato.it) was founded in 1986; since then it has been engaged in the defense of environmental heritage, promotion and education on environmental issues throughout young students and the whole citizenship. Focusing on renewable energies, sustainable development, wastes, biodiversity, promotion of healthy life styles, Legambiente Prato has set up several projects which still produce outstanding outcomes. It is in charge of the management of "Rifugio Le Cave" environmental education center (CEA) inside a natural reserve.

Work: It mainly consists in environmental recovery trough cutting invasive vegetation, redraw the pathway in its naturalistic frame and where necessary to put new signals to indicate the pathway, collect wastes that where abandoned in the nature.

Accommodation and food: The accommodation of the workcamp consists in the local kindergarten school of Poggio alla Malva. In the school there will be beds displaced in one or more rooms; outer showers, bathrooms and kitchen place. During the workcamp, food items that will be preferred are: organic food, local food and fresh vegetables. In order to enhance ecological impact also bio-soaps will be provided.

Location and leisure: Poggio alla Malva is a small location where 450 inhabitants live. It is displaced in the Municipality of Carmignano (Po). Please visit the web site <http://www.comune.carmignano.po.it/> . Carmignano counts 14.000 inhabitants. This Municipality covers an area where historical, landscape and wine-gastronomic

heritage are well represented. Thanks to its position between Prato and Florence, this lovely place is especially wonderful for its views and green countryside. Poggio alla Malva is also very close to the UNESCO site Artimino's Villa, a renaissance structure world-wide famous for its hundred chimney tops.

During the workcamp it will be possible to visit the following local amenities, in accordance with participants: Pietramarina; Etruscan necropolis Prato Rosello; Artimino, Villa Ferdinanda, Museum of Etruscan Heritage; La Rocca of Carmignano; Montefortini's Tumuli of Comeana; Vinci (the place where Leonardo da Vinci was born).

Language: Official language of the workcamp is English.

Terminal: Here's the list of the closest airport to reach Poggio alla Malva (in order of proximity to Poggio alla Malva):

- 1) Florence Airport;
- 2) Pisa Airport;
- 3) Bologna Airport.

Here's the list of closest train stations: 1) SIGNA train station. This station will be the official meeting point when workcamp will start;

- 3) Prato centrale station, Prato (PO) (19 km);
- 2) Firenze Santa Maria Novella, Firenze, FI (25 km).

Description of Workcamp: LEG15 - Valle Lanza
 Bizzarone, province of Como, Lombardia region
 13/07/2015 - 27/07/2015
 Type of work: ENVI
 Number of volunteers: 12
 Age: 18+

Project: The camp is organized thanks to the collaboration between Legambiente Varese and the Park Valle del Lanza since 2007. The park was born with the aim of safeguarding the valley from the expansion of the urban areas and to improve sustainable tourism. The paths' net of the area is very important because is part of the greenway that connect Milano's area with Switzerland.

Legambiente local group: Legambiente Varese Onlus, besides giving contributions to main Legambiente national campaigns, minds about the environment of the district of Varese since the eighties. Legambiente Varese coordinates 14 local groups of Legambiente volunteers and it's the connection between local, regional and national offices of the association. Thanks to this organization it carries out several activities such as the management of natural areas, the organization of work-camps, environmental education addressed to youngest generations and promotion of environmentally friendly lifestyles.

Work: cleaning and maintenance of paths and trenches. The volunteers will work in collaboration with the technical staff of the park and with the "Protezione Civile" local group (Risk prevention voluntary team).

Study part: Part of the time will be dedicated, with the help of local experts, to study the natural characteristics of the Park, focusing on the difficult relationship between man and nature near the river.

Accommodation and food: the volunteers will sleep in tents (provided) and use a gym nearby for showers and a house with kitchen to prepare and eat meals. There will be an environmental friendly diet with local products and little meat.

Location and leisure: The Park is located between the provinces of Como and Varese, immersed in the green of the first Prealpine foothills, in the lakes region and at the beginning of the great plan of the Po river. The park surface follows the river Lanza till it reaches its end in the River Olona, the valley is covered with several kinds of vegetation and rich of animals' presences. During the camp we'll go to hike in Prealps near Como lake.

Language: English will be the official language of the camp. (Some local people

don't speak English, Legambiente volunteers will help the group in communication).

Terminal: Malpensa Airport, Malnate railway station.

Description of Workcamp: LEG17 - Lakes' path to Ivrea
Chiaverano, province of Turin, Piemonte region
22/07/2015 - 04/08/2015
Type of work: ENVI
Number of volunteers: 14
Age: 18 - 34

Project: the project consists mainly of following up the last year project, continuing to restore paths leading to Ivrea border in order to allow reaching the hills from the countryside on foot in a nice environment: wood and lakes.

Legambiente local group: The Dora Baltea Legambiente club was founded in 1980. Its mission is the improvement of the local environment issues. Water, pollution, sustainable development, urbanism compatible with the soil defense and evaluation, clean and renewable energies, are only some of the dealt subjects.

Work: All the volunteers and some local people will be involved in maintaining sign posts, pruning bushes, clearing brambles, and restoring stone walls and fences. The tools and the instructions for a proper use of them will be provided by expert persons. Furthermore touristic indications will be developed and put in place. Other activities could be helping experts to organize events and excursions on naturalistic and anthropological themes.

Accommodation and food: the volunteers will be hosted in a hostel building in Chiaverano village.

The hostel has two large bedrooms, two restrooms, a large kitchen and an outdoor rainproof space. Any care will be taken to reduce the meat consumption and to provide special food should be it asked for religious or personal problems.

Location and leisure: Chiaverano is a small village at the feet of the Alps in the largest European Morenic Amphitheatre. It is surrounded by a fascinating landscape of morenic hills and lakes. They are the usual destination of people loving the nature. The territory is rich of geological and naturalistic witness of the ancient presence of the mankind. From the village it's easy to reach the highest mountains in Europe by car and then on foot. A visit to Torino, the first capital of Italy, is also possible. The nearest town is Ivrea known in the world because Olivetti typewriters, computers and printers.

Language: English will be the official language in the camp.

Terminal: airports: Torino Caselle, Milano Malpensa, Milano Linate, Orio al Serio. Ivrea Railway station.

Description of Workcamp: LEG18 - Life Caretta Calabria I 24/07/2015 - 06/08/2015

Palizzi, province of Reggio Calabria, Italy

Type of work: ENVI

Number of volunteers: 10

Age: 18+

Project: The workcamps will be carried out in the framework of the project Land-and-sea actions for conservation of Caretta caretta in its most important Italian nesting ground (Ionian Calabria), co-financed by the European Programme Life. The project aims to implement multiple and integrated actions for the conservation of the most important nesting area of the loggerhead sea turtle (Caretta caretta) in Italy, located in the Ionian coast of Calabria. The project addresses the main threats occurring both at land and at sea, and proposes an integrated approach between institutions and stakeholders.

Work: The volunteers will be involved in the following integrated activities: cleaning of the dunes from the waste, day and night monitoring of nests, planting of indigenous species in the dunal area; collection and classification of the beach litter, sensibilisation of tourists and inhabitants.

Study part: the volunteers will learn about the aspects of a fair management of delicate ecosystems such as the dunal ones.

Accommodation and food: In a sport center; the gym is equipped with bathrooms and separated sleeping rooms. The kitchen space will be arranged outside of the building

Location and leisure: The workcamp will take place in the last southern part of the Italian boot, in the province of Reggio Calabria on the Ionian coast, embedded with the ancient Greek culture. Palizzi is a small municipality of around 2500 inhabitants.

In the free time it will be possible to visit the natural Aspromonte Park, the archaeological site of Locri, the Roman villa of Casignana, the wonderful stone mountain of Pentedattilo, the ancient villages of Bova, Palizzi, Roghudi, Pietrapennata.

Special Requirements: A particular interest towards biodiversity and coastal ecosystems is recommended. A motivation letter is required together with the VEF.

Language: English will be the official language in the camp; a basic knowledge of Italian would be appreciated.

Terminal: Palizzi train station; Reggio Calabria train station (bigger terminal).

Description of Workcamp: LEG19 - Saint Francis way in the Sacred Valley
Rieti, Lazio region

27/07/2015 - 09/08/2015

Type of work: ENVI/CULT

Number of volunteers: 15

Age: 18+

Project: It will be the third edition of international camp and we will continue the work of previous editions. The primary goal of the camp is to restore, improve and strengthen the route of the Way of Saint Francis, and to prove that it shall represent a fundamental asset and strategic approach to the development and growth of natural slow and alternative tourism, in the Sacred Valley. In this way, we want to increase the presence in the area of our Club starting with virtuous actions of development and awareness, through cooperation with the municipalities of the Sacred Valley of Rieti.

Legambiente local group: Legambiente - Centro Italia is the most important environmentalist local club in Rieti. In several years, Legambiente - Centro Italia organized many monitoring campaigns in Rieti and volunteering activities. First of all, the local group collaborates with the Municipality of Rieti to improve the separate collection of rubbish.

Work: The volunteers will directly intervene in the path of the Way, restoring signage, as well as cleaning wild plants and recovery paths fence, stick. We are going to collaborate with a local association, "Ci vuole un senso", to inform the people of the village about some important environmental themes and we will organize some specific courses. Moreover, we will organize a separated collection of waste, where we find illegal or irregular dump.

Accommodation and food: The volunteers will be hosted in a guestroom in the village of Piani Poggio Fidoni, 10 km from Rieti. The guestroom is located in the center of the village near food shop, bar and the main catholic church.

Location and leisure: The camp will be held in in the Sacred Valley of Rieti in the context of the Spritual Way of St. Francis of Assisi, with attention for the City of Rieti, the most important city in the Valley. It will possible to discover part of the Spiritual Way and act in areas that require interventions by volunteers.

Language: English will be the official language.

Terminal: Airport Roma Ciampino (90km); Airport Roma Fiumicino (110 km); Aereporto Sant'Egidio Perugia (110 km); Autobus from Tiburtina Station to Rieti; Train to Rieti.

Description of Workcamp: LEG20 - Pantalica ancient Sortino
Sortino, province of Siracusa, Sicily region
27/07/2015 - 10/08/2015
Type of work: ENVI/CULT
Number of volunteers: 14
Age: 18-30

Project: For years Legambiente has been trying to involve the local communities in the development of the area, taking advantage of its inclusion among UNRESKO sites.

Legambiente local group: The local group Ecopolis was born in 2005 thanks to a group of young people that decided to fight against the lack of civic sense, the inadequacy of public policies, to improve the respect towards common goods and to raise the value of the natural and cultural heritage of the area. The group adopted the slogan "say by doing" and worked to give positive inspirations to the local community.

The principal purpose of this camp is the environmental protection of the area close to Sortino.

Work: The volunteers will be involved in removing waste and recovering historical sites and signage paths of the natural reserve of Pantalica, which is also an important archeological site.
Some workdays will be spent also in Sortino to recover some common spaces that have been ruined or just neglected by the citizens.

Accommodation and food: The Eremo is a municipal structure 4 Km far from Sortino. There are five rooms, a kitchen, two bathrooms and a big square. In the camp there will be organic food and few meat.

Location and leisure: Pantalica, one of the biggest necropolis in Europe, is situated between Ferla and Sortino. The site dates back to the Bronze Age and in 2005 it was declared World heritage Site by UNESCO.

Language: English will be the official language in the camp.

Terminal: Catania International Airport, Siracusa train station.

Description of Workcamp: LEG21 - Naturalistic route around lake Sartori
Troina, province of Enna, Sicily region

28/07/2015 - 11/08/2015

Type of work: ENVI/CULT

Number of volunteers: 15

Age: 18+

Project: The local Legambiente group has been managing a path around the Lake Ancipa since 2001 with the aim to reach the growth of the town (Troina), capitalizing on local natural resources and foster a sustainable tourism. The purpose of the workcamp is to create pic nic areas. In addition the work-camp gives to the local population the possibility to know people from different countries.

Legambiente local group: Legambiente local group was born in 2001 and in the same year it had managed a path around the Lake Ancipa in which today is possible ride a bike, ride an horse or have a walk in the outdoors. During the year, the volunteers of Legambiente local group (about 30 members) participate in various national campaigns, organizing different activities with schools, children and tourists to promote the environmentalist ideals.

Work: The work will take place near the lake Sartori. The volunteers will be involved in the restoration of the path around the lake and in the building of a naturalistic route. Volunteers will be also involved in upgrading of an old windmill. The work will consist in cleaning the area by material of reject, carrying to waste matter and realize a turism area.

Some students from the local schools will be involved in the workcamp as volunteers.

Accommodation and food: The volunteer will be hosted in a school in Troina with beds, a kitchen, toilets and a shower.

Location and leisure: Troina is a little town in the hinterland of Sicily, located at 1120m above sea-level. Its old name was Engyon and it was colonized in 1061 by the Norman count Ruggero d'Altavilla who chose Troina as a base for the conquest of the whole island. In August 1943, after the landing of the Americans in Sicily, the territory of Troina become field of an historical battle between Germans and Americans in which a lot of people died. Testimonies of those events are the photographs of the famous photographer Robert Capa.

Troina now counts about 9000 inhabitants. It has wonderful landscapes and lot of old churches. The most important attraction in Troina is the artificial lake called Sartori which has around an amazing natural trail. The beach is more than 2 hours

by car from Troina as well as Etna volcano but they could be reached in the free days.

Language: English will be the official language of the camp. Some of the Italian volunteers speak a little bit of English and French.

Terminal: The nearest airport is Fontana Rossa in Catania. The nearest railway station is Stazione centrale in Catania

Description of Workcamp: LEG27 - Industrial archaeology in Romagna
 Sogliano al Rubicone, province of Forlì-Cesena, Emilia Romagna region
 30/08/2015 - 13/09/2015
 Type of work: ENVI/RENO
 Number of volunteers: 15
 Age: 18+

Project: The camp promotes the eco-friendly use of an area with major natural and historical-cultural relevance and, possibly, nucleation and development of micro-economies.

Legambiente local group: Legambiente Marche onlus promotes and implements at regional level the national campaigns. In particular it deals with the valorization of the small municipalities full of history and culture.

Work:

- a) Identification of the path leading to an old mine (dating back to the late XVIII century) and restoration of the path itself;
- b) Elimination of unwanted plants and care of the biodiversity of native specimens;
- c) Identification of the location of the entrance of the mine and restoration and of the same;
- d) Preparation of informative sign posts about the flora and the fauna;
- e) Drafting of a report at the end of the camp to be presented to the municipal authorities and inhabitants of Sogliano al Rubicone.

Study part: The volunteers will learn botanical aspects linked to the presence of native plants and specimens with a significant biodiversity (large oaks, small orchids); and geological aspects linked to the mine area. The working activities will be carried out with the technical support of a geologist, a botanist and representatives of the "Società di Ricerca e Studio della Romagna Mineraria" (Society for the search and study of the mines in Romagna).

Accommodation and food: Volunteers will be hosted in a guesthouse.

Location and leisure: The territory of Sogliano is marked by the river Rubicone that is remembered for having been crossed by Julius Caesar in the first century B. C.

In the east of Sogliano is the Adriatic Sea, with the beautiful beach of Rimini, and to the west are green hills, villages full historical traditions, famous for their food and wine tastings.

For its geographical position, Sogliano al Rubicone has bright light at sunrise, red sunsets, and starry nights that inspired Dante Alighieri, Giotto, Leonardo da Vinci

and, closer to us, the poet Giovanni Pascoli and the film director Federico Fellini. During the free time the volunteers will visit the land of Federico Fellini and the small companies at the forefront of bio food production (including "formaggio di fossa").

Special requirements: Volunteers must be able to ride a bike.

Language: English will be the common language.

Terminal: Nearest airports are Bologna, Forli and Rimini. Nearest train station is Rimini.

 Anticoli Corrado, province of Rome, Lazio region
 31/08/2015 - 14/09/2015
 Type of work: CULT/ENVI/RENO
 Number of volunteers: 12
 Age: 18+

Project: Anticoli Corrado has an important museum of modern and contemporary art and is an important touristic place, but mostly for people from Rome. However it has an international vocation because of its history and artistic past and the municipality, with the support of the local associations, wants to enhance this vocation. Legambiente Mondì Possibili bet on the touristic development of the valley and create in Anticoli Corrado an Educational Centre for children and adults who want to build a green future.

Legambiente local group: Legambiente Mondì Possibili was born in 2006. It organises The Global Sharing day in Festambiente Mondì Possibili - <http://festambiente.mondipossibili.it/> and several activities for bike mobility - www.magnalonga.net

Work: The work of volunteers will contribute to improve the enviromental communication and operations of the structure, translate some promotional materials in foreign languages and help the museum's activities and works for the conservation and value of artworks.

Therefore, the volunteers will contribute to the creation of an environmental educational campaign in an intercultural way for children of Anticoli Corrado. They will strictly cooperate with the Anticoli's inhabitants in the summer event organization.

Study part: The volunteers will learn how to repair a bike and to create a vegetable garden

Accommodation and food: "Il Casone" is an Educational Center at the feet of the hill of Anticoli Corrado.

Location and leisure: Anticoli Corrado is a village with less than 1000 inhabitants, 50 km from Rome, in Lazio region. Anticoli Corrado could be a milestone for tourism. This because of its proximity to Rome, because it is included in the Aniene Valley (that can be visited on foot or by bike), because it has a long artistic history, because it is a very nice village.

During the free time it will be possible to have excursions in the Aniene Valley, Tivoli and to visit the nearby very nice villages to go once to Rome.

Special requirements: Volunteers must be able to ride a bike

Language: English will be the official language of the camp.

Terminal: Leonardo da Vinci Airport (Fiumicino - FCO), RomeTrain stations (Roma Termini or Roma Tiburtina) , local train station: Mandela, Roviano (2 KM).

Project: The camp is part of a scientific project called NATURALAMBRO, according to which the park is realizing ecological connection between different environments of the park in order to improve the biodiversity of the area. Legambiente is collaborating with the project by involving local communities, students and volunteers.

Legambiente local group: Legambiente Lombardia performs its activities on a regional basis, with more than 100 local groups. It promotes initiatives against the soil consumption and for the conservation of natural resources. The members are involved in activities such as raising awareness, information, education, scientific issues. Legambiente is one of the most known association for its campaigns: Goletta dei Laghi (analysis of the lakes to promote the preservation of the coastlines), Custodia del Territorio (sustainable soil use, environment and biodiversity protection with land stewardship activities). Legambiente invests several resources in understanding and forecasting the possible environmental impacts of new technologies, in educating and promoting the adoption of responsible behaviour, and in lobbying for environmentally correct political decisions. For these purposes Legambiente has created several Environment Education Centres.

Work:

- a) Planting, maintenance;
- b) scientific activities: monitoring of fauna (especially bird ringing), native species conservation, creation of ecological corridors for the forest improvement.

Study part: In direct collaboration with the technical staff of the park, most part of the time will be dedicated to study the natural characteristics of the park and the project that the technical staff is carrying out in order to rise the biodiversity of flora and fauna.

Accommodation and food: The volunteers will be hosted in a hostel. There will be an environmental friendly diet with local products and little meat.

Location and leisure: The Park's territory extends along a 25 km-long stretch along the river Lambro, between Pusiano and Alserio lakes in the north and Parco della Villa Reale di Monza in the south. The Park territory includes the hilly stretch of the river Lambro and has different features along its route. The area of the lakes is the

most interesting from a naturalistic point of view, since it includes lake environments which are already safeguarded in part by Riserva naturale orientata della Riva Orientale del Lago di Alserio. Both lakes are Sites of Community Importance (SCI)

Special Requirements: Volunteers has to be interested in ecology and natural science. A studying or professional path in biology, natural science or parks management would be a further asset.
A motivation letter is required together with the VEF.

Language: English will be the official language in the camp. (Some local people don't speak English. Legambiente volunteers will help the group in communication).

Terminal: Milano Airports, Merone railway station.

Project: CULT-ENVI - Cultural-Environmental

Initial Date: 28/06/2015

Final Date: 12/07/2015

Min Age: 18

Max Age: 30

Places: 1

Description of Workcamp: LEG35 - Archaeological Park Cava Ispica
 Modica, province of Ragusa, Sicily region
 28/06/2015 - 12/07/2015
 Type of work: CULT/ENVI
 Number of volunteers: 15
 Age: 18+

Project: The project mainly aims to recover the Cava Ispica archeological and natural walking area, particularly Pernamazzoni area in the municipality of Modica. It is a place full of archeological sites (catacombs, Byzantine churches, Paleolithic tombs, cave settlement) along a natural canyon called cave. Detailed information will be placed in the area to describe archeological monuments (about 30) and give the direction to every walks (about 3). One of the main activity will be the cleaning and recovering of cave village of Pernamazzoni, by the recovering of old frames and the construction of small fences and stairs. The cleaning of the trails will be useful to prevent fire: the trials are also a protection for the vegetation and the special biodiversity of the cave.

Legambiente local group: Legambiente Modica Melograno club is a young local group of Legambiente, that, besides participating to the main Legambiente national campaigns and initiatives carrying out information sessions and awareness campaigns, is active in the district of Ragusa through the management of natural areas, collaborating with local authorities such as regional and local Parks, municipalities, local groups and associations. Environmental education addressed to youngest generations and promotion of environmentally friendly lifestyles are possible thanks to a permanent staff of operators and to national and international volunteers coming from the local territory or through youth voluntary projects, such as international voluntary workcamps.

Work: Volunteers will do cut and mow works by appropriate manual means; mechanical means will be used only by local volunteers. Volunteers will also do the following works: repairing fences, painting and putting signage, cleaning of cave settlement, recovering existing walks, construction of wood stairs.

The working time will be 6 hours for 5 days a week.

Accommodation and food: Volunteers will be hosted in a rural house located near the Archaeological Park of Cava Ispica. It is composed by a full furnished kitchen, a bathroom, a living room, an attic where five people can sleep on beds folding camping. Volunteers will have a comfortable suite (one shower, one toilet and one sink), outside the house in an outdoor courtyard (4 showers) while in a treed area will be placed two tents (such as civil protection) of 5 beds each.

During the workcamp the volunteers will eat fruits and vegetables in season, bread and homemade pizza, pasta, a little meat.

Location and leisure: Cava d'Ispica can be considered as a 13 km natural canyon extended which is located in the Southern-East Sicily, near the councils of Modica, Rosolini and Ispica. The canyon was crossed by two rivers, the Pernamazzoni and the Busaitone that now are two little torrents

the Busaitone, that now are two little torrents.

The cave represents one of the most beautiful naturalistic site of the whole Sicily and an important historic site of the prehistoric age to middle age.

After the work hours volunteers will participate to tours to barocco towns (Modica, Scicli, Ragusa, Noto), trips to main iblea's caves (Fiume Cassibile e Pantalica), entertainment with folk music and Sicilian historical movies, sea trips.

During the free time you can make trekking excursions in the south-east Sicilian area and to the sea.

Language: English will be the official language in the camp.

Terminal: Airport Catania Fontanarossa International / Siracusa Railways station.

Modica is connected directly with Airport Catania by the buses of the line AST, in two hours. It is possible to arrive in Modica by train from Syracuse in two hour about.

Description of Workcamp: LUNAR 06 COMICS FESTIVAL ROMA 22/06/2015-04/07/2015 FEST Vols: 10
21+ Extra fee: 20 EURO

PROJECT: The "Crack" International Comics Festival is organized every year by Forte Prenestino Social Center, in Rome. Forte Prenestino is one of the most important alternative cultural and social project in Italy. It was squatted 25 years ago, and now is the promoter of many cultural underground events. Crack will host editors and artists coming mainly from European and Mediterranean countries: 4 days of exhibitions, workshops and cultural exchange will involve hundreds of youngsters and experts. The festival will be held from the 25th to the 28th June 2015.

WORK: the volunteers will support the local group in managing the festival: preparation, restaurant, pub, cleaning and other activities will be shared with the local volunteers. The work could be physically hard, but the environment is funny and easy going!

ACCOMMODATION: in a dorm with beds, the volunteers will have to prepare the breakfast and will have lunches and dinners with the local volunteers.

REQUIREMENTS: To be open minded and ready to live in an alternative community. A project related motivation letter.

Expect a very very basic accommodation.

Description of Workcamp: LUNAR 07 AGAPE 2 PRALI MANU 29/06/2015 - 20/07/2015

PROJECT: Agape international ecumenical centre is a place of encounter where you can live an intense experience of community in beautiful natural surroundings. Agape was and still is an important point of reference in Italian Protestantism, for 50 years a place of education and development, theological exploration, political engagement, of acceptance and validation of differences. Every year many people, with different religious, cultural, political background, and of different age, come to Agape to discuss and to be challenged, to get to know themselves and each other and to exchange experiences around a particular theme. Agape was built after the Second World War as a sign of hope and of reconciliation between people, thanks to the voluntary work of many young men and women; a resident group still lives at Agape throughout the year. The dimensions of community and voluntary service remain central. Please visit: www.agapecentroecumenico.org to see which are the activity programmes for this period.

WORK: The work camp will support the activities of AGAPE when a number of guests have meetings on issues of political, social, cultural and religious interest. Volunteers will help in the following areas: kitchen, meal service (tables and dishes), cleaning, maintenance, bar tending, babysitting. Games, discussions and outings can be organized during free time. Programmed activities (especially in the evening) are most of the time open to volunteers, as long as they do not clash with work commitments. The place is beautiful but really isolated, though you will stay together with many international participants to the meetings of AGAPE.

ACCOMMODATION AND FOOD: Usually the workcampers will be host in 3-4 bed bedrooms. Toilets are in common on the floor. The meal are typical Italian Mediterranean and there's a vegetarian alternative for those who require it, as well as for any specific allergies. It is possible to use a washing machine.

ARRIVAL: We require that all volunteers contact the office before arriving especially since travel to Agape can be complicated.

Description of Workcamp: LUNAR 09 San Siro Street Festival Milan FEST 10/07/2015-22/07/2015 Age: 21+

PROJECT: the association "Aps Yard" was founded in 2001 and supports projects about many different items: anti-racism, sociability, cultures, territories, active citizenship, human rights, reuse and recycle, mutual aid, non-formal education with young people and children. We promote a work camp in the San Siro district, a multicultural popular block at the center of the main urban transformations area of the second biggest Italian city. Our aim is to achieve an exchange between the inhabitants and the international volunteers group to create the possibility of learning experience for both. The expedient is the annual summer festival of the committee of the inhabitants.

WORK: The international volunteers group will help the inhabitants and the local volunteers to realize the five day festival that celebrate the 6th birthday of the "Committee of the San Siro Inhabitants" involved in the housing right struggle, in the improvement of living conditions in the neighborhood, against racism and discrimination. You can contribute at the festival in several ways: structures assembly and disassembly, organization of food and beverage stands, set design of the festival, communication... The international volunteers will be always side by side with local volunteers with experience in previous editions of the festival.

ACCOMODATION: Volunteers will be hosted at the 'Space of Mutual Aid', a squat in which there are two large apartments (130 square meters each) entirely dedicated to them, without distinction between males and females. There will be hot water in 3 baths. You can use the Wi-Fi in the building, but not in the room. The food will be prepared by volunteers together with the inhabitants of the house and you can also eat vegetarian.

LOCATION: Milano, Italia.

TERMINAL: The nearest terminal is Milano Linate Airport (LIN) the second international airport of Milan, but you can also fly on Milano Malpensa (MXP) and Bergamo Orio al Serio (BGY). The airports are well connected with the city by coach and railway. The nearest underground stop is 'Lotto' on the red line.

Description of Workcamp: LUNAR 10 Harvest and Threshing Feasts Calcariola, Rieti AGRI-FEST 13/07/2015-27/07/2015 Vols: 10 Extra Fee: 20 EURO

Project: Tularú - Centre for sustainable production, is an organic start-up cooperative, that work to merge different agricultural techniques and to valorize the social and cultural value of sustainable production. This is the reason why the Harvest and Threshing Feasts, when you reap with hand ancient wheat grains it is a chance to involve the community and the old farmers who still remebember the traditional techniques. The participants to the Fest are also encouraged to join, since the bread that will be cooked in the next year with the harversted wheat will be very cheap for them.

The Feasts will include educational workshops and artistical events (music and buskers) while there will be the chance to buy local products.

Work: The Feast will be an event of agricultural work with a small festival, every related task will be done by the volunteers: preparation of the interior of external spaces, assistance in the kitchen, reaping and harvesting by hand, public reception. From 13 to 15 July, as part of the activities of preparation of the space, there will be a workshop for the construction of an earthen oven. Being primarily an agricultural activity, the dates of the Feasts are approximate and depend on weather. In case of rain other tasks will be performed.

Accommodation and Food: the volunteers will be hosted in the farmhouse where the local staff live: two dorms with bunk beds and two bathrooms are available, another compost toilet and a shower are outside with hot water (from thermocompost). The food, vegetarian and not, you will be cooked together with volunteers

Location: Tularù is located atop Mount Ponzano, in a hilly/mountain (850 m, asl) area, quite wild. The nearest town, Calcariola, is located 6 km of gravel road, while Grotti, a town with a grocery store and two bars, is located 7 km . In the land of the farm there are two swimming ponds, forests, pastures and arable land. Rieti is the provincial capital (50,000 inh.)

Description of Workcamp: LUNAR 17 CASTLE IN FEST Buccheri ARCH-FEST 11/08/2015-25/08/2015

PROJECT: IRIDE ASSOCIATION are a group of young guys and girls moved by the love for our town. During this year we organized a lot of events and activities in Buccheri, with the aim of attract young people from the adjoining towns. This way we became very soon the center of young's meet up. We would like that volunteers share with us our beautiful town, so to leave them a little bit of our love for Buccheri.

WORK: Volunteers will be involved in a very interesting archeological project, divided in different steps. The first one (this summer one) will be about the cleaning and the preparation for the main excavation. It could be an unforgettable chance to learn, with the help of archeologists, and have fun with Buccheri's people, known all around south-east Sicily to be very pleasant. Volunteers will already be involved in MEDFEST, a very important medieval festival, able to attract visitors from all the Sicily. Volunteers could already be involved in some activity relating to the festival (Organization of a show, participate to the medieval procession or anything else the volunteers will like to do).

ACCOMMODATION : Volunteers will be housed in a school, which has kitchen and showers. PLEASE BRING YOUR OWN SLEEPING BAG. In cooking meals will depend on the volunteers themselves.

LOCATION: Buccheri is a small town placed in the south-east of Sicily, near Syracuse. It has 2500 inhabitants and summer weather is great, thanks to its highness (about 820 m), that makes Buccheri the highest town of Iblei Mountains.

Description of Workcamp: LUNAR 18 Camp@rt Festival Cefalù FEST 16/08/2015-26/08/2015 Extra Fee: 15€

PROJECT: Camp @rt Festival: the festival wants to be an opportunity for young artists to vent and to give space to their own fantasy and inspiration through different art forms: impromptu painting and sculpture, live performances of the best independent musicians local, national and international. The main objective is to share, to promote and to increase the personal artistic, cooperative and respectful background, stimulating the volunteers to the active participation it self. The official motto of Camp@rt is ¿The festival is you¿, because everyone can contribute to make it better. This Workcamp is organized to have more assistance in the implementation and the organization of the activities of the whole festival. WORK: The aim is to prepare the festival area and to help in the promotion. We can split the work in three phases:

¿ before the festival - cut grass and bushes, clean camp areas, installation of structures.

¿ before and during the festival -advertise events, leafleting in town

¿ after the festival - arrangement of location, garbage collection, dismantling structures.

The work will be done in 5 hours a day, varied in the different tasks. 2 free days are possible (not during the festival!)

Food and accommodation: the volunteers, along with the staff, will cook in the area of all activities, where will be set up a kitchen and the food will be provided by the staff, agreed with the volunteers whether there are special needs (vegetarians, vegans, intolerants¿). The accommodation will be in tents and will be available indoors and outdoors toilets and showers.

LOCATION: this workcamp will take place in Cefalù, an historical town close to Palermo city (Sicily), in the equestrian facility of ¿Ippo Club¿ association. Cefalù is located on the northern coast of Sicily (Italy) on the Tyrrhenian Sea about 70 km east of Palermo and 185 km west of Messina.
