The project/the Partner

The Rixensart Refugees Centre accommodates people or families who have asked for asylum in Belgium. Refugees come from Afghanistan, Syria, Iraq, Chechnya, Congo etc. Many of them fled from war or from countries that were under a dictatorship or devastated by an ecological disaster. Thus they came to Belgium with dreams of stability, richness and comfort life. It is not, however, that easy to be allowed to settle in Europe, especially for somebody from the South or the East. Before these people may start their new lives, their refugees status has to be proven and accepted. While waiting for the documents that will enable them to remain legally in our country, the immigrants are accommodated in this centre in the Brussels vicinity.

People living there await the solution concerning their administrative status. They never know what tomorrow may bring to them. There is a possibility that they will not obtain the authorisation to remain in Belgium and will have to leave the country. But on the other hand, they might see their dreams come true and get the chance to take a new start in life.

Therefore, residents often found themselves overwhelmed by feelings of relief and anguish, hope and disappointment. The life of Rixensart Refugees Centre reflects these individual dramas and big international tensions. Refugees often come with their children, who attend the school in the village in order to help their integration in Belgium.

Website (available in English): <http://www.fedasil.be>

Work

The volunteers will give a hand and a fresh air to the Centre's animation team - sportive or social games, billiard, movie clubs, fitness for women, football tournir, craft etc.

To a lesser extent, It will depend of the weather, your team could have some activities as painting inside or Outside maintenance of the park

They will be required to get actively involved in the daily life of the Centre. Half of the time will be devoted to proposals of activities for children and adults (according to the population currently present in the Centre).

The management team of the centre is very well used to work with volunteers as they have been hosting this workcamp for several years.

Meals will be provided by the Centre. Please, be aware that meals are simple. Vegetarian or any other diet should be announced in advance.

#### Location

Rixensart is located in the Brabant Walloon province, 25 km from Brussels and 7 km from Wavre. The zone is highly urbanised and has all the usual conveniences, although, in the past, it used to be a rural and agricultural area. Thus, Rixensart still keeps its countryside charm but one can feel the proximity of Brussels (40 minutes by train, 20 by car). Refugees Centre is located outside the town centre, but in a walking distance from the famous local lake Genval, cinema, shops, supermarkets, train station. #### The project

The aim of this camp is to offer to people with light mental disability the possibility to go on holidays with young international volunteers. During the workcamp, they share leisure time activities, make cultural visits and, above all, have fun. Thanks to this stay, disabled people can leave their parents, their daily life, and spend time with other adults of their age. They wouldn't be able to go on holiday alone. Volunteers and the CBB staff will accompany them in their leisure time and help them with their daily tasks. There will be 14 disabled persons and 10 leaders. The disabled people are between 18 and 50 year old.

#### Work

The two 1st days will be dedicated to prepare the activities and the shedule of the project (the disabled people will arrive the 28th of July). From the 28th, volunteers, CBB staff and disabled people will spend together 24 hours a day. The CBB staff and the volunteers will be the guides of the disabled people. They will be responsible for them, they will organise the leisure time (excursions, walks, games, parties, etc.) and the meals.

If at the beginning you ask yourself about what's going on, after 2 days you will be amazed by the jarring atmosphere. While respecting the rythm of each one, we are all there to enjoy ourselves!

#### Food and Accommodation

We will share a cottage. We will have several dormitories and all the modern facilities, but you will need to bring your sleeping bag. Self-catering. Meals will depend on their cookery talents.

#### Location

Chevetogne is located at the South of Belgium between Dinant and Rochefort. Many activities are possible in this very green part of the country. The house is surrounded by a huge park where one can enjoy his time (swimming pool, mini golf, lake, barbecue). Please, check the web-site <http://www.domainedechevetogne.be/> for more details (you can choose French or Dutch).

#### Specific information

The camp language is French.

This project requests volunteers with a high level of motivation for its theme and who are prepared for the tasks to be achieved. The volunteers must have a basic knowledge of French. Previous experiences in groups animation or in work with

The project/the Partner

The non-profit organization of "Abbaye des Saints Jean et Scholastique" is directly connected with the Maredret's Abbey, a high patrimonial and cultural value of Belgium.

This new partnership is built on the will to preserve this patrimonial heritage and to create dialogue between volunteers working for a pluralist association and a local catholic community, each person being accepted with his/her convictions and personal point of view.

Beside its spiritual life, the association organizes activities and creative workshops for everybody interested. The main part of the activities, as Yoga, Grégorian music, vegetable and fruits gardens, gold coating, try to offer appropriate place to facilitate the exchanges and to feel relaxed. The well preserved area surrounding the abbey with gardens, orchards, and plantation contributes a lot to this peaceful atmosphere

<http://www.abbaye-maredret.be/#sthash.pG5k9F8t.dpbs>

Work

The Volunteers crew will work outside, especially to restore the surrounding wall of the Abbey: cleaning the wall, weeding, and pruning, painting benches...

Depending on the season of harvest, you'll give a hand to collect fruits of the orchard.

ATTENTION: This workcamp is only based on manual and outdoor tasks and the work might be sometimes hard.

Food and Accommodation

Volunteers will stay in a building with bedrooms for two persons. Shower and toilets will be available on the same floor. On the ground floor, you'll have your private living room that you can use for the evening and free time. The food will be provided by the community. During summer time, they collect apples, pears and other fruits to produce their own fruit juice and marmalade.

Thanks to inform us in advance if you have a special diet.

Location

Maredret (25km of bigger cities as Dinant and Namur) is an authentic village, most of the houses are built in stones of the country, extracted during decades of the local quarries

Maredret is a small jewel set in the Molignée's Valley. This region is considered for

the beauty of its landscapes and its natural resources. It's very close with the touristic place of Maredsous.

#### Specific information

There will be limited Internet access during the camp, available just from time to time.

Please take working clothes with you and shoes - boots are just perfect. Check if you have something suitable for wet weather. Our partner ask you to bring working gloves. That it is an alcohol free camp.

Participation to monastic life (daily mess.) is never compulsory. Obviously, volunteers will be individually free to join some public celebrations in case of wish or personal interest.

While promoting this workcamp in a catholic monastery, CBB insists on its pluralist values. This project offers the volunteers the opportunity to work on a site with high patrimonial and cultural richness. We also see it as a nice opportunity to learn and develop awareness to interfaith dialogue and understanding.

#### The local partner

The Marche-en-Famenne workcamp is the outcome of the collaboration between municipal authorities and a local non-profit organization. More than ten years ago, the mayor and deputies wanted to develop international contacts for the local youngsters. GRIMM association was just beginning to work on the protection of the local life framework and promoting models of sustainable development. Their members had a full load of ideas but were short of hands to realize them. Thus, they came to the idea of involving volunteers from all over the world. Since then, the municipality provides its buildings every summer and welcomes foreign youngsters. GRIMM members organize the work. With the help from the volunteers, they are finally able to realize the projects they dreamt about. Their actions are based on the following philosophy: Nature belongs to everyone. And that each of us may enjoy it, it has to be protected.

#### Work

Assisted by local technical leaders, volunteer group will realize different manual tasks outside: construction of a wooden building in the village of Lignières. But also the maintenance of previous construction of the volunteers crew from the past: cut branches, sanding, painting, cur branches.

#### Food and accommodation

Accommodation can be compared to a boarding school: a corridor with double bedrooms; toilets and showers are at the same floor. No smoking inside. Self-catering. Bring your recipes to enjoy "kitchen life"!

#### Location

Marche-en-Famenne is a city in the countryside. One can find everything there: schools, supermarkets, industries' But still, it is surrounded by woods, fields and small villages where the life rhythm remains rural. Liège, Namur, Brussels and Luxembourg can be easily reached by train in about one hour. ### The project

The aim of this camp is to offer to people with light mental disability the possibility to go on holidays with young international volunteers. During the workcamp, they share leisure time activities, make cultural visits and, above all, have fun. Thanks to this stay, disabled people can leave their parents, their daily life, and spend time with other adults of their age. They wouldn't be able to go on holiday alone. Volunteers and the CBB staff will accompany them in their leisure time and help them with their daily tasks. There will be 14 disabled persons and 10 leaders. The disabled people are between 18 and 50 year old.

### Work

The two 1st days will be dedicated to prepare the activities and the shedule of the project (the disabled people will arrive the 06th of August). From the 06th, volunteers, CBB staff and disabled people will spend together 24 hours a day. The CBB staff and the volunteers will be the guides of the disabled people. They will be responsible for them, they will organise the leisure time (excursions, walks, games, parties, etc.) and the meals.

If at the beginning you ask yourself about what's going on, after 2 days you will be amazed by the jarring atmosphere. While respecting the rythm of each one, we are all there to enjoy ourselves!

### Food and Accommodation

We will share a cottage. We will have several dormitories and all the modern facilities, but you will need to bring your sleeping bag. Self-catering. Meals will depend on their cookery talents.

### Location

Chevetogne is located at the South of Belgium between Dinant and Rochefort. Many activities are possible in this very green part of the country. The house is surrounded by a huge park where one can enjoy his time (swimming pool, mini golf, lake, barbecue). Please, check the web-site <http://www.domainedechevetogne.be/> for more details (you can choose French or Dutch).

### Specific information

The camp language is French.

This project requests volunteers with a high level of motivation for its theme and

who are prepared for the tasks to be achieved. The volunteers must have a basic knowledge of French. Previous experiences in group animation or in work with people in situation of mental disability, ability to cook for 25 people, talent for fun and entertainment are really welcome (but obviously, you are not supposed to be able to combine all these qualities!!!).

In order to demonstrate their motivation and French knowledge, we ask the candidate volunteers:

- to send us a short motivation letter in French (do not be afraid to make mistakes, BUT please do not use any automatic translator !)
- to answer our specific questionnaire (if you do not have it yet, please ask it to your sending organisation).

We will not confirm any placement request before analysis of the motivation letter and the questionnaire.

Volunteers must have at least notions of French and are obliged to send us a motivation letter. They can come with some fresh ideas and a lot of games! Moreover, they might bring recipes of dishes for 20 persons.

Couleru café...

It has been a long time since Couleur Café piled up its souks, restaurants, and musicians in the covered market of Schaerbeek, in Brussels, that now became a European cultural centre. In 1990, first edition of Couleur Café, the idea was to have a mixed-raced and friendly festival. Something that would not be big and gloomy. Something like the multicoloured social fabric of Brussels. The program back then was mainly with African and Afro-Cuban music. First success with 5.300 visitors.

Couleur Café already had the perfect ingredients: souks, decoration, restaurants, craftsmen, fanfares...even if it was way more modest of course. With the success, the festival became bigger, moved, took on new music and became interested in urban music. Couleur Café wants the program to be eclectic, welcomes discoveries and Belgian music, even if its black roots are still as important. Over the years, the festive side of the festival and the multidisciplinary dimension were strengthened, with for example the Cool Art Café exhibition (with fine art) and the increase of extra-musical activities: dance lessons, free style demonstration, NGO's invitation into the Solidarity Village...

At Tour&Taxis since 1994, a wonderful industrial location in the heart of Brussels, Couleur Café is not only a world music festival with all urban music festival anymore but a festival with all urban music. With more than 50 concerts in three days, Couleur Café offers three stages with lots of different music: hiphop, funk, afro, reggae, raga, dub, dancehall, latin, salsa, blues and rock.

There are also spaces for electronic music with that same desire of melting-pot.

Although Couleur Café gathers more than 75.000 visitors, including 3.000 campers, it keeps a human face. It is managed self-sufficiently by Zig-Zag, a non profit making organization. The festival became a must see Belgian musical event.

Location: Tour et Taxi Brussels.
