**Description of Workcamp:** IBG 18 Maulbronn (Baden-Wurttemberg) 19.07. - 03.08.2014 RENO/ENVI  
15 vols

PROJECT: Maulbronn, in the southern German state of Baden-Wurttemberg, is looking for the help of an international Workcamp in the maintenance of the area near the town's monastery. The branched ditch system around this building has been a UNESCO- world cultural heritage site since 1993. The goal is to renew and improve protection of these historical ditches.

WORK: A variety of interesting tasks await you at this famed site. One task will be to work on the ditches to remove vegetation cover and other things which stop the drainage, as well as renewal of a few small ditches. You will document all your tending strategies and record where the highest danger of erosion on the ditches is. The team will also help to raise awareness of this intricate system, for example by using an information board or other materials.

ACCOMMODATION: in a hikers' hut in a neighbourhood of Maulbronn. In the house you will find everything what you need for your stay - several sleeping rooms with beds, showers, toilets and a kitchen.

LOCATION: Maulbronn is a town in the district of Karlsruhe, in Baden-Wurttemberg. The town is very famous for its monastery, of which you can take a guided tour. The territory of Maulbronn is very rural, providing many hiking or biking trails. Maulbronn is conveniently situated near many towns like Pforzheim, Bruchsal, Ludwigsburg, Stuttgart and Karlsruhe.

NEXT AIRPORT: Stuttgart, Karlsruhe

NEXT TRAIN STATION: Maulbronn

INSURANCE:

All relevant insurance (personal accident, illness, third liability) is provided only within the official camp dates. EU volunteers are not insured against illness, that's why have to bring the European Health Insurance Card EHIC (former E111). We strongly recommend (non-EU) volunteers who plan to travel beyond these dates to bring their own insurance. More information can be found in our Infosheet.

**Description of** IBG 19 Heilsbronn (Bavaria)**Workcamp:** 20.07. - 01.08.2014 ENVI/CONS 12 vols

PROJECT: After the success of the projects in the last six years, the town of Heilsbronn is looking forward to hosting another workcamp this year. The person in charge of the workcamp in the town hall is a big fan of workcamps and international groups and has already introduced other neighbouring cities to the workcamp idea. There will be different environmental and constructional goals to be achieved by the international group around this beautiful town in Bavaria.

WORK: As in previous years, the community is very happy to have a group of volunteers supporting them in environmental tasks, such as the maintenance of the Vita Parcours fitness trail. Here, workers will clear the trail of over-grown plants and perform general clean up. Work will also be done in the local municipal park of "Naturlehrgarten". This unique park includes several stations that explain to visitors about environmental issues. You will be building a wooden bridge, as well as doing some garden work. One of this year's tasks specifically involves installing a padded area for bare-foot activities related to one of the stations and completing some landscaping in the area.

ACCOMMODATION: The team will be staying in JUZ, the local youth club. The building includes a kitchen and all necessary facilities. The local youth who normally visit the club, are looking forward to welcoming you and get to know the group.

LOCATION: The town of Heilsbronn is located in the idyllic Bavarian region called 'Franken' ('Franconia'). Typical for this small town of 9300 inhabitants, are the traditional, half-timbered houses. Nature-lovers can find several hiking trails in the beautiful surrounding landscape. Heilsbronn also offers a few unique sites within the city, such as the Romanesque monastery and the local cathedral. Most notably, Heilsbronn lies along the path known as 'the Way to St. James' or 'Camino de Santiago'. For this reason, the region is adorned by many old churches and frequently visited by tourists as well as pilgrims.

**Description of Workcamp:** IBG 21 Schenkenzell (Baden-Wurttemberg) 02.08. - 16.08.2014 CONS/RENO 14 vols

PROJECT: The community of Schenkenzell invites an international workcamp back for the third time! The project will take place on the castle ruin of Schenkenburg, built in 1255. During the last four years, the Schenkenburg has undergone renovations. With the support of the international volunteers, several different tasks will be completed!

WORK: The volunteers are responsible for the improvement of the trails and other tasks to increase the castle's safety. Specific tasks include: extending trails, putting up railings, as well as some gardening work, like cutting and removing bushes and plants. In general, the team's efforts will improve the castle's attraction for visitors.

ACCOMMODATION: You will live directly in the centre of the village. The gym hall provides a comfortable stay for the group, including beds, showers and a kitchen. The hall is also normally used for different kind of activities, partys and events. All necessary things can be found in Schenkenzell itself (bakery, pharmacy and the like). For proper shopping there are bigger supermarkets around 5 km away.

LOCATION: The small, beautiful community of Schenkenzell is situated directly in the middle of the Black Forest. With approximately 1800 inhabitants, Schenkenzell has a lot to offer! The volunteers will have many possibilities for their free time activities, such as an afternoon at the local brewery, an excursion to a near-by amusement park and many other interesting towns close to Schenkenzell.

PROJECT: Gerlingen, a town of 20,000 inhabitants, is looking forward to working with the volunteers of its first workcamp! Volunteers can expect many different landscaping and gardening tasks, working directly in the town-centre.

WORK: The main task is to rebuild and further construct the stream-bank. Specific tasks include laying large stones in the stream to improve the water quality. In addition, the team will construct a wood bridge, which will join the two banks and provide a faster route for walkers.

ACCOMMODATION: The international team will stay in a school gym directly next to the work-site. The accommodation provides all sanitary facilities, kitchen and camp-beds for the volunteers.

LOCATION: Gerlingen, a quaint town in Baden-Wurttemberg, has many traditional half-timbered houses, as well as new and modern architecture. Gerlingen is surrounded by forests and several cultural sites, and offers many interesting attractions including, castle Solitude and Baden-Wurttemberg's state capitol, Stuttgart, only 30 minutes away by public transportation. **Description of Workcamp:** IBG 24 Gaeufelden (Baden-Wurttemberg) 03.08. - 23.08.2014 CONS/RENO 12 vols

PROJECT: In the 1970s, three previously independent villages merged to create the community of Gaeufelden; today with a population around 9000 inhabitants. Throughout the town and the surrounding land, many dry-stone walls are used as field boundaries and can be seen as a biosphere for particular animals and plants. A dry-stone wall is one that is constructed from stones without any mortar to bind them together. The wall is held up only by the interlocking stones, which must be carefully selected by their shape.

WORK: The municipality again invites an international workcamp to help construct and repair the dry-stone walling. Volunteers will be supervised by a worker, who will teach them the best techniques. Work will be challenging yet rewarding, as you will be learning a skill used for hundreds of centuries on the construction of some of the world's most famous buildings and monuments. Volunteers should bring old clothes, sturdy boots and be ready to get their hands dirty!

ACCOMODATION: The group will be accommodated in a building used as a youth centre. It includes kitchen, sanitary facilities and is situated in a smaller part of Gaeufelden.

LOCATION: Gaeufelden is a village in the county of Boeblingen and about 30 km distance from the city of Stuttgart. Hiking trips in the nearby Black Forest are possible as well as excursions to other cities in the area. The small size of the village provides the opportunity for close contact with the locals, which is always an exciting and important part of IBG workcamps!

PROJECT: Our long-time project partner of Bernburg is pleased to host another international workcamp. This year's project is perfect for anyone interested in art and architecture! Your inspiration will come from the famous Austrian artist Friedensreich Hundertwasser.

WORK: The project will take place in the local youth club. The team will complete the renovation of several of the rooms in the building. Specific work will be done in the sanitary area next to the music room. All work will be based on the architectural style of Hundertwasser. Volunteers will visit one of the famous Hundertwasser houses in the near-by city of Magdeburg, where they will gain a better understanding of Hundertwasser's techniques.

ACCOMMODATION: The accommodation will be on the first floor of the youth club, with all facilities needed, such as: kitchen, a shower and a bathroom. Participants will sleep on sport mats. The volunteers will interact regularly with the local youth who visit the club often. LOCATION: Bernburg, itself, is a town with a history of more than 1000 years and is situated in the eastern part of Germany. Overlooking the valley formed by the Saale river, is a medieval castle. There are plenty of possibilities for leisure activities, such as visiting the town, grabbing a drink in a local pub, taking an excursion to cities like Leipzig or Magdeburg, canoeing on the river, hiking, or simply making conversation with the locals.

**Description of Workcamp:** IBG 30 Schwanfeld (Bavaria) 17.08. - 30.08.2014 ENVI/FEST 12 vols

PROJECT: The community of Schwanfeld is the oldest village in Germany. Some years back, proof was found of a former Bandkeramik (Linear Pottery Culture) settlement outside of the present village from presumably 5500 B.C. Schwanfeld is happy to show their treasures of the olden days to international volunteers and invite a group to get to know more about the south of Germany. This is the sixth time a workcamp will take place in Schwanfeld and all citizens will be very welcoming and excited to meet the new volunteers after the success of previous years. Invitations by local associations and the village youngsters have led to many cordial encounters and friendships in the past.

WORK: A variety of exciting tasks await you! Depending on the weather, you will help out in the local museums (cleaning and restoration). If applicable, you will also work to renovate hiking trails, possibly set up signs for a nature trail, clean out a stream, or do similar renovation and landscape work to support the Municipal Maintenance Department. Also during your stay, you will be helping out with the annual fair that will be taking place. You will work with locals to prepare for the festival, provide a helping hand in the stalls during the fair, and assist in dismantling afterwards. This will give you the chance to get in touch with the people of the Schwanfeld community and learn more about local traditions!

ACCOMMODATION: The group will live in the local gym hall next to the school where they will have access to toilets and showers. The nearby community centre will provide a kitchen for you to use.

LOCATION: Schwanfeld is situated in the north-western part of Bavaria, in between the cities of Schweinfurt and Wuerzburg. Only about 2,000 people live in this small community. The very motivated and active mayor of the village is looking forward to accompanying the volunteers, showing them around and educating them about the historical and regional specialties of Schwanfeld. Aside from the village's own sights and events (museum, church, local annual fair which was the highlight of last year's workcamp) there is the ambient nature and nearby, larger cities like Wuerzburg to discover.

PROJECT: The small, Bavarian village of Fuchstal welcomes you and the rest of the team to become part of their community as you participate in this international workcamp. The people in the village are looking forward to meeting you and offer you three, unforgettable and exiting weeks.

WORK: In the first two weeks, you will work in the wooded area around Fuchstal. There, you will do different work for rural conservation, such as: cutting back plants and bushes, as well as dismantling a fence. The work in the third week will likely take place in the village. Your time in Fuchstal offers you a variety of work activities, from useful activities in the nature, to working with the locals in the village!

ACCOMODATION: You will stay in a beautiful hut directly in the forest. The hut provides a kitchen, a bar, a day room, all sanitary facilities and a sleeping room. Outside, there is a terrace and a place for barbecuing. In addition, your free-time can be spent hiking or playing games on the sports field next to the accommodation. Pay a visit to the village Leeder easily reached by foot.

LOCATION: The community Fuchstal, with around 3600 inhabitants, is located in the southwest of Bavaria at the foot of the Alps. Near your accommodation are many small lakes, perfect for a relaxing swim after a day of work. In your free time, you can enjoy the nature with a bike-ride through the forest, or take in the beautiful views with a hike to a mountain-peak of the near-by Alps. Munich, Bavaria's state capital (distance from Fuchstal around 80 km), and Augsburg (distance around 50 km) are both accessible by train and public transport. Near Fuchstal, is a beautiful lake called Ammersee, one of the largest lakes in Bavaria!

**Description of Workcamp:** IBG 32 Heidesheim (Rhineland-Palatinate) 24.08. - 07.09.2014  
 RENO/ENVI 12 vols

PROJECT: This summer, the hiking club and community of Heidesheim invite you and the rest of the volunteers to join in an exciting international Workcamp. The project will take place in Heidesheim's wooded area, in a place called '7 Weiher' (7 Ponds). There, you will find a few small lakes, terrace-like arranged and flowing into one another through small streams. The area used to be a well-known tourist site; however, today the area is quite overgrown with bushes and trees.

WORK: Your task will be to work around the ponds, clearing the area and making it accessible. This includes mainly gardening work (cutting bushes, removing matured forest, cleaning the ponds) but may also include construction work like setting up benches and tables.

ACCOMMODATION: The group will stay in a house belonging to the hiking club. The house includes toilets, a kitchen and camp beds. It is situated next to the working place, so be prepared to live in the forest, 3km from the next town! During the day you won't be alone anyway, since there will be a summer camp for children on the same area; in the evenings and during the night you'll have the place on your own. But don't worry: The town of Heidesheim provides bikes for you, so you will be independent!

LOCATION: Heidesheim is a small community with approximately 7000 inhabitants. Living directly in this wooded area, allows you to stay active (biking, hiking) in your free-time! Also, Heidesheim is situated very close to the city Mainz and near the well-known river Rhine.

Project: The Asylum Centre for asylum seekers in Hessen is located in the city of Giessen. There are currently about 900 asylum-seekers in Giessen who are in Germany because of various reasons, e.g. political, ethnic, religious, persecution or poverty. Usually they stay at the facility for months until a decision has been made about their application. Sometimes they are sent to other centers or to other ¿safe countries¿ where they entered the European Union, or to their countries of origin. Most of the people living in the Asylum Centre in Giessen are from Turkey, Afghanistan, Iraq, Iran, Eritrea and Balkan countries: Young men, women, children and older people. The asylum seekers live in simple conditions and are not allowed to work or leave the district in which they live. Their permission to stay in Germany often is limited and so is their contact with the locals living in the city. The international volunteers are invited to the Asylum centre for two weeks to take part in the daily life of the refugees. In the study part of the camp, we want to discuss the situation of refugees in Germany and Europe, as well as the current developments in the area of Asylum-policies. We want to get in contact with the residents of the Asylum Centre so that we can learn about their stories, difficulties and perspectives.

Work: Together with the refugees we want to organize common activities, where the women and children are taken into consideration. In addition, our goal is to get in contact with the young members of the local protestant church to raise greater awareness for the refugees and to break the isolation of the refugees. We will prepare contact with students of the university that are willing to take care of the medical issues of the refugees and to pursue the legal issues of the asylum law. We will also get in contact with students of the University who medicate people without legal status. We especially invite volunteers to participate, who are able to speak Turkish, Arabic or Farsi. Besides organizing common activities with the refugees we want to do some renovation work together.

Environment: Giessen, a city populated mostly by students located in the mid-west of Germany. It is easy to reach via Frankfurt airport and Frankfurt Hahn.

Leisure Time: There are plenty of possibilities for leisure time activities: playing football or canoeing as well as possibilities to visit some other cities. (e.g. Marburg, Frankfurt or Heidelberg).

Accommodation: The workcamp will be hosted by a local protestant church which is already involved in working with the refugees. The premises of the church are plentiful and volunteers will have a lot of space for sleeping, cooking, dining, relaxing, and for indoor and outdoor activities.

Remarks: Please bring sleeping bag, camping mat, work clothes, bathing suit, sunscreen, music, your talents, something specific from your country. A motivation letter is needed.

Project: The camp takes place at the „Müllerhof“, which is a reconstructed traditional half-timbered farmhouse near the cities of Dresden, Chemnitz and Leipzig. It runs a socio-cultural centre of the local community and has constructed a so-called „garden of senses“ which consists of a small park, a play area, trees for climbing and a natural stage for events with an 80 year old circus-wagon. It also has an area with herbal garden and berry bushes.

Work: Important is the work in the „Garten der Sinne“, which needs maintenance every year. Especially the tunnels made of wicker. In case of rainy weather there is renovation to do indoors. The participants will be integrated into the household and are asked to cook their national food for ca. 20 people. In the end of the workcamp an international evening is planned, to introduce the countries of the participants. This will be open to the public. Together with the youngsters from the local youth center „Städtisches Freizeitzentrum Mittweida SFZM,“) posts of a fence will be creatively designed.

Leisure time: There is a range of possibilities for excursions and visits of interesting places:

Guided tour through the University of Applied Sciences, visits to the town hall, museum and church of Mittweida. We will also offer outdoor activities and guided hiking-tours in the area (e.g. a hike to a dam, the fortress Kriebstein or the Rochlitzer Porphyryberg). It's also possible to visit the cities nearby (Dresden, Leipzig or Chemnitz).

**Description of Workcamp:** ICJA07 Friedenswerkstatt Mutlangen 27.07. - 12.08.14 RENO, STUDY, PEACE Vol: 11

Languages: English, German

Age: 18-26

Project: The Pressehütte Mutlangen (¿press cabin¿) is a centre for active non-violence in South Germany (Baden-Württemberg). In the 80es Mutlangen was a symbol of the non-violence protests against the atomic missiles Pershing II. The Pressehütte Mutlangen was the starting point for several blockade actions. As the missiles were removed, the time of the civil disobedience and the lawsuits was then over. The historic Pressehütte became a small convention place. Solar cells on the roof are producing electricity. There are still activities regarding the peace movement, especially against atomic weapons. Mostly young people use the Pressehütte for seminars, to develop peace and to give it a shape according to our time.

Work: In the first days we will get to know each other and the historical place we are staying. The focus of our practical activity in the workcamp will be the renewal of the pond in the garden of ¿pressehuette¿. Twenty years ago it was dug and planted by young people- now it has to be renewed completely. If necessary, some smaller renovations have to be done in the house as well.

The workcamp in the year 2014 takes part in some activities of the `Landesgartenschau´ in Schwaebisch Gmuend. One hundred years after the outbreak of WW I a monument of that war on the market place of the town will be veiled with knitted and crocheted peace messages. We are doing the preparations for the commemoration of the day of Hiroshima (6.8.45) and Nagasaki (9.8.45) together with the citizens of the town and the visitors of the `Landesgartenschau`. For this task your creativity and performance is needed. During a peace concert in town we will have the chance to adress the audience from the stage with an international peace message.

Study: We will learn about the history of the place we are staying and talking about the question: ¿What can I as an adolescent, do for peace?¿ The main subject is here the nuclear armament of yesterday and today. Because in 1914, exactly 100 years ago, the WW I broke out ¿ so we want to learn and get informations about the international effects of this war and ask, what multilateral relations still exist today that go back to this war. Exactly 25 years ago, in 1989, the segregating wall in Germany collapsed by the means of peaceful and nonviolent protest. This fact, too, we will have to take into consideration. We will also learn about forms of intercultural living together and peaceful acting in harmony with nature.

Leisure time: There are lots of activities you can do in your spare time: hiking, swimming, getting to know the people of the region, concerts, and trips to Stuttgart or Nördlingen (medieval town).

Accommodation: You will be sleeping in rooms for three people. The press hut is

the living and working space for the group. The meals will be cooked by the volunteers.

Languages: English, German

Age: 18-26

Project: The village for children, called Westfälisches Kinderdorf „Lipperland“ is an institution which offers a new home to children coming from a difficult familiar background. It was build up 40 years ago at the edge of the little town Barntrup. At the moment there are living about 200 kids and teenagers in the age from 1 to 18 years in families and shared flats. They are staying in 16 houses, which are put together like a little village. In additional there are some more families and living communities in the neighbourhood. The city Barntrup itself is situated near to Bielefeld at the edge of the „Teutoburger Wald“.

Work: The houses of the Kinderdorf are surrounded by gardens and green areas. Your help is needed to create further playgrounds. It's planned that the group of volunteers will work together with a group of kids and teenagers. International and local volunteers will work and eat together and will spend their free time together as well.

Accommodation: In order to facilitate contact between local and international volunteers, participants from abroad will be hosted in the families and living communities in pairs. Beside this it is possible that the international volunteers come together apart from others in a certain space.

Leisure time: There will be excursions to several points of interest around the Kinderdorf.

Remarks: Please ad a motivation letter to your application.

After confirmation, you will have to sign a self-commitment statement in terms of legal protection for children and young persons.

In the Kinderdorf itself, drinking alcohol is prohibit, smoking is restricted

**Description of Workcamp:** ICJA09 Jugendzentrum Eilenburg 02.08. - 16.08.14 MANU Vol: 15  
Languages: English, German

Age: 18-26

Project: Eilenburg is a small town with approx. 17 000 inhabitants, situated on the border of the „Dübener Heide“ and approximately 25km from the exhibition city Leipzig. Eilenburg's rich history of over thousand years, makes it easy to call it one of the cradles of Saxony. The continuous rule of the Wettins-dynasty beginning with the Earl of Ilburg in the 11th century was carried on until 1918. Part of their territory is the state of Saxony today. In medieval times Eilenburg's main business was brewery. Martin Luther was a common guest in the prosperous city. In the following centuries the small village Eilenburg emerged as a city dominated by industry. In April 1945, Eilenburg was almost completely destroyed. The „Sorbenturm“ is the only remaining part of the Ilburg. It was assumedly built in the 12th century at the highest part of the 220m x 150m plateau. A loop footpath outside the castle wall connects the „Sorbenturm“ with the „Amtshaus“ (deanery), the former county court. This path has been renewed with the help of the volunteers in the last workcamps.

Work: Your help is needed in the renovation of the surrounding of the local youth center. You can select from various tasks waiting: to set up benches, to renew a volleyball field, to repair different enclosures, etc. Therefore it is necessary to bring work clothes, raingear and sturdy shoes.

Leisure time: The leisure time program will be organized together with the local Eilenburg youth groups and clubs. The focus lies here on the encounter and the exchange with local adolescents. Also there are sports activities such as soccer, volleyball, swimming and bowling. In addition there will be a cultural program. A trip to Leipzig and Dresden is scheduled. You can get to know the rich history of Eilenburg through guided tours in the museum and in the cellars, located in the hill in the center of the city.

Accommodation: The volunteers will live in the local youth centre called „House IV“. The group can cook for itself in a modern kitchen.

Remarks: Sleeping bags and camping mats should be brought by you.

Vol: 20

Languages: English, German

Age: 18- 26

Project: The Peace Studies Center Sievershausen was established in the rooms of the Sievershausen Lutheran Church community almost 50 years ago. Those were the times when the Vietnam War escalated. Expansions and further reorganisations followed. Now there are several buildings, surrounded by a nice park, including a guest house and a museum with an assembly hall. The Antikriegshaus is at the verge of a village with about 2500 inhabitants. The Peace Center is near the historical location where in 1553 a battle took place.

Sievershausen lies 30 kilometers east of the Lower Saxony provincial capital Hanover on the freeway to Berlin.

Work: Volunteers will paint 'Window of Peace' within the village, a wall for posters and other artwork, also for announcements concerning our work for peace. This means carpentry, painting and requires also some talent for designing. There will be a screen printer who offers a workshop making your own silkscreen.

Participants who prefer manual labour find a playing area around the buildings of the centre, where we will do some garden work and build seating units and a small shelter.

Study: Participants will learn some essentials of peace work and get basic non-violent conflict management training. In the second week we will visit the former concentration camp of Bergen Belsen, and have some lessons on European history in the first part of the 20th century. Participants will have the opportunity to spend an evening in a German family.

Accommodation: The accommodation of the participants is carried out in 4 bedrooms. Accommodation and meals are free. There are bed sheets available. During the workcamp an 'Abend der Begegnung' (Evening of encounter) with the people of the village and region will be organized. This will be an opportunity to spend some time in a German family.

**Description of Workcamp:** ICJA11 Schollenhof Wagshurst 03.08. - 17.08.14 CONS, RENO, ENVI, AGRI TN: 12  
Language: English, German

Age: 18-26

Project: A few years ago the association „Integration Schollenhof“ started to rebuild a very old and empty farm, the „Schollenhof“, in order to make it useful for the children of an integrative Montessori-School. The emotional history of this deserted homestead goes way back to the Middle Ages. The first documented record of it was made in 1319. Lots of its rooms are still in the old-fashioned style of the old farm houses of the region. For this reason it was used as a historic set for a television series about the 20s. Today the „Schollenhof“ is a meeting place for handicapped and non-handicapped people. Later it will become a place for them to live.

Location: The Schollenhof is located in the Upper-Rhine lowlands between the Black Forest („Schwarzwald“) and the bordering territory with France. From the yard one can see the forest starting right behind it and the panorama of the Schwarzwald. The area is very famous for its beautiful scenery and cherry tree flowers in the spring.

Work: A garden, a pottery with a furnace, work shop to work with wood and metal, a shop offering local home made goods and vegetables, stables for horses, goats, sheep and geese as well as a bread bakery have already been created. However there is still much to do. Your help is needed for the renovation of a long wall on the northern side of the farm building. This means plaster work, pointing the bricks and painting while you stand on a scaffold. The wall is made in traditional loam technique. Beside this you are invited to maintain and harvest the garden and do numerous other renovation works inside the house.

Study / Leisure: In your free time the group is free to explore the region with bicycles. There will be visits organised to picturesque places in the Black Forest and to the French city Strasbourg. Furthermore, you will learn a lot about integrative Montessori-pedagogy practices.

Accommodation: The accommodation will be very simple, in a rooms with mattresses or camp bed.

Remarks: Please bring a sleeping bag, work clothes and a warm sweater. You should be able to swim and ride a bike.

**Description of Workcamp:** ICJA12 Schloss Bedheim 16.08. - 30.08.14 RENO, ENVI Vol: 12  
Languages: English, German

Age: 18-26

Project: The Bedheim castle is located in the west of Thuringia, close to the Bavarian border. The next bigger town is Coburg (28km away). Bedheim is surrounded by the extraordinary beautiful Franconian landscape. The castle, which slowly rotted at the time of the German Democratic Republic (GDR), is now being renovated by the family of Rühle von Lilienstern. A non-profit association is supporting the renovation work and using part of the castle for its own activities. Since 1992 this association has been organizing workcamps. In 1994 a biological-dynamic, social therapeutic nursery was added. The association is running an organic garden. Since 2007 the castle also runs a garden café and a small castle museum. At the moment we are building a place for people to live and work together. In addition there are training courses and cultural activities available. The aim of this whole project is to create an atmosphere where people with or without disabilities may come, live and work together without any prejudice against handicap, nationality or religion.

Work: Volunteers will work 6 hours daily, to do renovation in the castle or to maintain the garden around the castle. Since the castle was neglected during the Cold War it is in a bad condition and that is why we need to put effort and hard work into it.

Study: Volunteers may learn more about the following topics: natural beauty of the environment, excursions to places of cultural and historical interest (e.g. Weimar, the city of Goethe and the concentration camp Buchenwald), discussions and lectures about German history, society, culture and politics (the German East-West border was only 9 km away from Bedheim), encounter with young people of the region, getting to know more about the countries of the participants.

Accommodation: Simple group accommodation. Meals will be prepared by the volunteers (less meat but a lot of very good vegetables and fruits from the nursery). Warm water is provided from solar collector.

Remarks: Some basic knowledge of German or English is recommended. Please bring rain and working clothes (rubber boots) as well as swim suits. Please bring a sleeping bag, slippers, towels and warm pullovers with you. You can also bring a map, pictures or special food items from your country.

Terminal: Bedheim is 8km from the train station of Hildburghausen and 15km from the train station of Bad Rodach. Airports: Leipzig, Frankfurt/Main, Nürnberg.

Accommodation: In two empty apartments run by the Martin-Luther Community Houses, with shared rooms

Catering: Meals will be prepared as a group

Project: Nordstadt.Mehr.Wert ([www.nordstadt-mehr-wert.de](http://www.nordstadt-mehr-wert.de)) is a social project run by the Hildesheim Life Help Organization, which runs under the motto „all inclusive-a north city for everyone“. It seeks to develop new contacts and more encounters. Your group will support this project with two smaller projects. One is to build a new community garden on the grounds of a local playground which the city has closed. There, you will help build a tool shed as well as install flower beds, all while working with local people from the district. The square in front of the district office will be redone with a mosaic sculpture and an information board. Your help will be needed there as well! Together with the local radio station „Radio Tonkuhle“, your group will create a radio broadcast to document your project. In this diverse, colorful program you will find the right thing for you! You will work in small groups and decide to do one of these projects.

Free Time: It is only a 5 minute walk to the train station, which opens up all the activities that Hildesheim has to offer (pool, lakes to swim in, the Kulturfabrik (Cultural Factory center), theaters, movie theaters, discos) as well as all the leisure activities that Hanover has to offer. **Description of Workcamp:**

IJGD 24300 INTERNATIONAL MEETING AT THE STATE GARDEN SHOW Deggendorf 27/07-17/08/14 KIDS , 18 ans. 12 VOLS WORK: The State Garden Show will take place in Deggendorf from April 25 through October 5. Over 3,000 events are planned for this large, Bavaria-wide project. The Child, Youth, and Family area will have a play area and a yurt (a round, covered hut-like structure) as a central point of reference. Your focus in this area is to share your international knowledge in the play, creative, and musical area and motivate the visitors to join you. The work can be physically challenging at times and will take place outside no matter the weather. There will be an introduction for your team on July 28. The team will work from Monday through Friday in two groups. One will work from 9:30-14:15, and the other from 13:45-18:30. The groups will be changed each week so you all get a chance to work with each other. For more information about the State Garden Show and an events calendar please see [www.4you-deggendorf.de](http://www.4you-deggendorf.de).

ACCOMODATION: Accommodation: You will sleep on cots in the 4You Youth Center. Showers are located 500 m away in a gym. [www.4you-deggendorf.de](http://www.4you-deggendorf.de)

Catering: Meals will be prepared as a group

LANGUAGE: ENGLISH / and : English

LOCATION: Location: Bavaria; Passau 55 km, Regensburg 75 km

Free Time: With your tickets you can take part in the events at the State Garden Show, for example you can use the sun deck on the beach at the Danube river to tan. The 4You Youth Center has an internet café, billiards, foosball, and air hockey for you to use. The city center of Deggendorf is only a short walk away from the youth center, where you will find museums, bars, shops, and a pool. Trips to the Bavarian forests, to Regensburg, Passau, the Czech Republic, Nuremberg, or Munich are also possible.

TERMINAL: Deggendorf

SPECIAL REQUIREMENTS: A good knowledge of German and a talent for working with children is absolutely necessary. REMARKS: The workcamp begins and ends on a Sunday.

**Description of Workcamp:** IJGD 24302 ON THE RIGHT TRAIL TO THE ALPS! Marzling 02/08-30/08/14 ENVI , 16 ans. 10 VOLS WORK: Together, your group will mow the fields in the surrounding communities in order to collect hay. The fields are partially located on cliffs and therefore not easily mowed by machine. In orchards your team will improve the fences and protect the trees from sheep bites. Your team will additionally care for neglected grasslands in order to preserve the habitat of endangered plant and animal species. Small trees, such as willows, need to be removed as well in order to prevent trees and shrubs from spreading throughout the biotope. Your team will learn plenty about nature preservation through these tasks! You will spend a week at the Freising Cathedral, where you will prevent trails from falling victim to erosion, and improve a sheep shelter and fences. An absolute highlight for nature lovers are the 4 days spend at the base of the alps, where you can take plenty of hikes; please bring mountain/hiking boots! The project tasks will be led by expert Tobias Oehmen, who can tell your team all you would like to know about nature and the purpose of the project.

Note about the project: We look forward to meeting you if you truly love to spend time in nature, hike, and can ride a bike! Some weather resistance is needed for the tasks outside. If you like to cook, that is a great addition since you will shop for and prepare your own food. You will receive some free groceries from local shops.

ACCOMODATION: Accommodation: You will be staying in a house run by the Nature Friends, 7 km outside of Freising, located on a cliff over the Isar River  
Catering: Meals will be prepared as a group  
LANGUAGE: ENGLISH / and : English  
LOCATION: Location: Bavaria; Munich 35 km, Regensburg 90 km

Free Time: Freising is just a bike ride away along the Isar River. From there, you can take the train to Munich, where you can visit museums, the English Gardens, or the famous Munich Hofbrauhaus! In the surrounding area and in the Alps you can hike and simply enjoy nature. Due to its proximity to Hallertau, the largest hops growing area in the world, there are plenty of traditional beer gardens! You will be provided with bikes, but some repair work may be needed before you can ride them. Hikes are made easy with guides from the local region.

TERMINAL: Marzling  
SPECIAL REQUIREMENTS: You must be able to ride a bike and it is absolutely necessary to bring ankle-high hiking boots/mountain boots and rainproof, warm clothing which you will need for the project as well as for the hikes! REMARKS: The tasks may be physically challenging. This is a 4-week camp.

Your group will work in small groups and expand hiking trails in and around Rottach-Egern, remove the damage brought by winter and storms, and make them walking-friendly again. You can also help maintain and care for mountain pastures and moorlands for animals, as well as maintain biotopes and landscape protection areas. You will smooth out and enlarge hiking trails, add rain drains and clean them, put up benches and information boards, and cut bushes and hedges. The best part is that you get to do all this while enjoying a view of the mountains and the lake! Part of your group will also work with the community gardens to help put up beer tables on the festival grounds. Due to the long commute, you will work three days per week for about 9 hours (including commute there), and will have a 4 day weekend. ACCOMODATION: Accommodation: In a house close to the Tegernsee Lake. You will sleep in shared rooms on cots. Showers are at a pool located 10 minutes away, and you will get free entrance to the pool. Catering: Meals will be prepared as a group LANGUAGE: ENGLISH / and : English LOCATION: Location: Bavaria; Munich 55 km

Free Time: Rottach-Egern is located on the Tegernsee lake, south of Munich. The camp is perfect for nature lovers and for doing all sorts of outdoor activities: hiking, mountain biking, swimming, paddle boating, and relaxing in the warm whirlpool at the Rottach swimming pool with a view over the lake. Munich is only an hour away by train.

**Description of Workcamp:** 16-IJGD 24308 EXPERIENCE THE FOREST! Stuttgart 19/07-09/08/14 ENVI , 16 ans. 13 VOLS WORK: Many motivated hands from all over the world will meet once again in the ¿Rotwildpark¿ game preserve on the west side of Stuttgart, in order to battle the invasive Himalayan balsam plant. The successes of the last camps are already visible. The neophyte (a foreign plant brought in) is overgrown and is suppressing the native plants. Your task will be to rip out the invasive species, carry it away, and load it onto a trailer. The deer love it as a snack! Additionally, your team will work on maintaining hiking trails and improving the local biotope. The forest is 4 square kilometers and has been considered a nature preservation area since 1939, mostly because of its many old oak and birch trees. You will be working from 7:00-12:00. You will be driven to your work sites and can therefore get to know the various areas of the park, while enjoying the forest as it wakes up each morning.

ACCOMODATION: Accommodation: You will be staying in the middle of the Game Preserve, in a cozy forest hut in the forest

Catering: Meals will be prepared as a group

LANGUAGE: ENGLISH / and : English

LOCATION: Location: Baden-Wuerttemberg; the park is located 10 km from the center of Stuttgart

Free Time: Stuttgart is a city in the middle of forests and vines. The capitol of the state of Baden-Wuerttemberg has been using this as its slogan for many years. Stuttgart offers a large variety of cultural and leisure activities for you to enjoy. You can visit a museum or the planetarium, shop, hike, or even hop a train and travel to Nuremberg, Frankfurt, Heidelberg, and even the famous Black Forest. You will be provided with bikes to get to the bus stop (a 15 minute walk) or to the tram (a 45 minute walk). Around your forest hut there is a grill, so you can spend evenings sitting around the fire. The park makes for a wonderful visit, where you can see deer and wild pigs, and together with its lake and small restaurant, it is one of the most beloved destinations in Stuttgart. The three lakes here make up a 3 km long chain of lakes that you can walk along, but unfortunately not swim in. Pools are located in Botnang and Vaihingen, about 5 km away. You can also take a side trip to the Solitude Castel. Don't worry, you can't get lost! The castle and restaurant are connected by a straight, 3 km long path.

IJGD 24309 ADVENTURE PLAYGROUND IN HOLZNAGELHAUSEN

Veitshoechheim 02/08-17/08/14 KIDS , 16 ans. 14 VOLS WORK: The Holznagelhausen Adventure Playground is a summer camp offering from the Veitshoechhem community. Together with other volunteers, your team will spend two weeks working with 200 children, ages 7-13, on a large outdoor area. They will be divided into 14 different groups. You will build wooden huts, offer sports and workshop activities (these include everything from soccer to baseball, baking pizza in a clay oven, crafts, to adventure education activities). You will have a blast together! The high point of the camp is an overnight stay in the huts with a nighttime hike. Feel free to bring your ideas, and here you will learn how to run a youth project, how to work in a large team, learn new languages, and meet new friends. The Holznagelhausen Adventure Playground Camp has been run for 30 years and is therefore a long and successful tradition in the community. The camp is run by a youth organization, the Gemeindejugendarbeit, in Veitshoechheim, which has been active in the community for 24 years ([www.veitshoechheim.de](http://www.veitshoechheim.de), [www.juzveitshoechheim.de](http://www.juzveitshoechheim.de)). You will work at the playground Mondays-Fridays from 8:30-14:00, and on the evening of the night hike and overnight stay until about 2:00. The children will stay at the camp, but your group will return to your accommodation. There will be a goodbye part with the other volunteers on your last evening.

ACCOMODATION: Accommodation: In a Nature Friends House (Naturfreundehaus Am Kalten Brunnen)

Catering: Meals will be prepared as a group

LANGUAGE: ENGLISH / and : English

LOCATION: Location: Bavaria; Wurzburg 6 km, Nuremberg and Frankfurt, 115 km

Free Time: Veitshoechheim is a community with about 10,000 residents and is located on the banks of the Main River near Wurzburg (the capitol of the region). IN Veitshoechheim there is a nice pool, boat tours on the Main, plenty of nice people to meet and organizations to take part in. The bus and train connection to Wurzburg takes only 10 minutes, and from there you can travel to further cities such as Aschaffenburg, Nuremberg, and Frankfurt (about 1-1.5 hours). In Wurzburg you can sightsee and enjoy the nightlife. This student city always has something to offer! IN addition to the sights (a fortress, chapels, a castle) as well shopping, movie theaters, cafes, and nightlife. In the area there is also a climbing park, a recreational park, go-carts, youth centers of all kind, areas to relax, and bike and skateboard trails. In Nuremberg and Frankfurt you will find everything a big city has to offer. Come and take a peek! Many activities do have a cost associated with them, so bring money!

TERMINAL: Veitshoechheim

SPECIAL REQUIREMENTS: Special Requirement: A good knowledge of German is required, and you should be able to work well with and enjoy working with

children. REMARKS: The work may be physically challenging at times, since you will be working with wood often.

**Description of** IJGD 24314**Workcamp:** Plant Trees for Future Generations

Spitzingsee/Benediktbeuern

Type: Environmental

When: August 16-September 7, 2014

Who: 15 international participants, ages 16-26

Location: Bavaria; about 60 km from Munich

Train Station: Schliersee (on the way there), Benediktbeuern (on the way back)

Airport: Munich

Accommodation: Your accommodation for the first two weeks is the 'Wurzhuette am Spitzingsee' (not to be confused with the 'Hotel Alte Wurzhuette'), on the south side of the Miesbach area. During the third week, you will be staying at the Environmental and Cultural Center (Zentrum Umwelt und Kultur) in Benediktbeuern.

Catering: Meals will be prepared as a group

Note: Tasks will be physically challenging. Your group will work outside even when it is raining, so please bring hiking/mountain boots.

Project: On the Spitzingsee Lake, as well as in Benediktbeuern, your team will work on a project done by the 'Berdwaldoffensive' run by the Bavarian State Government, a project about the mountains and forests. The protection factor of mountain forests against natural dangers is immensely important, and future generations should also profit from this. Your group will plant young pines, mountain acorn trees, and beech trees in especially sensitive mountain forest areas, so that a mixed generation can grow. To do this, you will first spend a few days with a handsaw, cutting down small trees so that the stronger ones have more space to develop. You will be led and accompanied by experienced foresters from the Bavarian Forestry Administration. Through this work, you will get a peek into the connections in the mountain forest ecosystem, as well as learn about the sustainable use of natural resources. Some of the work spaces are on very steep ground and it can take 15-30 minutes to reach them. It is important to bring rain clothes, mountain/hiking boots, and sheets. The work tools and gloves will be provided by the forsters. Your accommodation for the first two weeks is the 'Wurzhuette am Spitzingsee' (not to be confused with the 'Hotel Alte Wurzhuette'), on the south side of the Miesbach area. The hut is located right on the edge of the town and is furnished with shared rooms. There are several showers and cooking areas. Running water and electricity are on hand. The tap water is potable. The

hut can be reached with public transportation and by car. During the third week, you will change locations and staying in the Environmental and Cultural Center (Zentrum Umwelt und Kultur) in Benediktbeuern and sleep in a dormitory. The accommodation is similar to a youth hostel and is in the center of town. Grocery stores and the train station are within walking distance.

Free Time: You will be staying in one of the most beloved vacation destinations in Bavaria. You will be living on the Spitzingsee Lake for the first two weeks. From there, you can take many mountain hikes and swim in the lake. Trips to Munich are possible from both locations.

IJGD 24318 HANDMADE UPCYCLING-WHAT GOES AROUND COMES AROUND Georgensgmueund 26/07-16/08/14 STUD ,ART , 18 ans. 14 VOLS WORK: We are the Haemmerleinsmuehle Environmental Station (Umweltstation Haemmerleinsmuehle), and we enjoy dealing with the effects and consequences of our consumption and ¿throw it away¿ society in a creative way. Upcycling from already available material reduces newly produced of raw materials and therefore reduces energy consumption, air and water pollution, and greenhouse gases. In three workshop groups, we will create and upcycle products from natural materials as well as waste products. At the beginning, finished products created by professionals will be given out. These include items such as felt/plastic cases for laptops, jewelry from plastic garbage, fashionable hats out of old clothes, furniture from rough wood, boomerangs, products from tree bark, and much more. With a sculptor, a fun ¿hummus toilet¿ will be made from waste products, following artist Friedensreich Hundertwasser. Of course, bring your creative ideas so we can develop them and use them! **Description of Workcamp:** VJF 1.3 Castle "Dreiluetzow" 18/08 -31/08/14 CONS / FEST 15 vols

Work: The main work during the camp will be the preparation of the light festival; which will be on the last Friday. At the light festival the whole park will be lightened by candles and fire and at different places there will be theatre, music and installations. Preparation works have to be done, such as building up tents, carrying things, playing music to practise for the event, painting signs and so on. Here we need your handicraft and also creative ideas to prepare a little program as a part of the festival. The projects depend on the dynamics of the participants! If you play a musical instrument it would be great if you bring it with you!

Location: The little village Dreiluetzow is situated in the federal state Mecklenburg-Vorpommern. Schloss Dreiluetzow is a 300 year old estate with a big park, which will be the workcamp location. Wittenburg, the nearest town is about 4 km away and the closest big town is Schwerin, about 25 km away. In the surrounding area you'll find mostly forests and farms. Please be prepared to live in an isolated place!!!

Terminal: Berlin or Hamburg

Accommodation: The volunteers will be accommodated in multi-bed rooms (4-9 beds in a room) in a little building next to the castle.

Special requirements: It is absolutely necessary to stay until the last day. Early departures are not accepted!

Age limit: 18-26 years
