Description of Workcamp: EST 07, DOWN TOWN KIDS COUNTRY VILJANDI 29.06 - 12.07  
KIDS/TEACH, 10 vols

### Project

This project is organized for teenagers by the non-profit educational association 'Alternative Language Programs Satellite' within its annual activities on multicultural issues. The project's aim is to introduce the diversity of world cultures to the youth and provide them with good practices in intercultural communication using the learning-by-doing method which includes project work, games, handicrafts, meetings, discussions, direct contact to young people from abroad as well as alternative English language practice. The project gets 10 to 13 years old kids from Estonia, providing them the first experience of the intercultural learning. The common global theme for all Down Town camps in 2014 is Skills for Life. We will discuss and teach youngsters what they should know about the real life and what skills they need to develop to succeed - from how to deal with bullying in class till skills needed for excellent studies and jobs, from how to make perfect relationships in the family till skills needed for successful intercultural communication. NB! This shift will be run in the village of Vaibla near Viljandi in the South of Estonia.

### Work

Activating teenage participants in the summer country camp and providing them with cross-cultural learning experience. The volunteers will do it through informal methods of teaching and working in small group techniques. Among the activities to be held by the team of volunteers are playing games and music popular in the countries the volunteers represent; drama and sports; preparing festivals and disco parties, intellectual and social games, common discussions, handicrafts; leading and supporting teens in their work on the team projects within the discussed themes of the camp etc.; preparing and leading the teen teams; presentations on the countries the camp participants and volunteers are from. Each day of the camp will have a country presentation, a subject to learn or discuss and a related activity, and finally party in the evening. Volunteers together with a local project coordinator are responsible for the day activities in the camp. The work can be pretty hard, involving long working hours, requiring high level of commitment and responsibility for the camp program and the young participants. Most of local teens in the camp are Russian-speaking youngsters from the minority groups of Estonia. The total number of participants is ca 40.

### Accommodation

Volunteers will stay in the shared rooms for 2-4 persons of the same camp house as kids. Toilets and showers are of common use. You do NOT need a sleeping bag, but please bring your own towels. All meals are provided in the camp canteen.

More information about the camp site is on [www.veldemani.ee](http://www.veldemani.ee)

#### Terminal

Airport, bus or train station, harbor in Tallinn; bus to Viljandi; specially arranged transport to Vaibla village. You are expected to arrive to Tallinn in the afternoon by 16:00 as latest on the arrival date.

#### Special requirements

You have to be really motivated to work with teenagers. Please provide a letter of your motivation along with the application form. Experience in work with children is an advantage. Your ideas and actual preparation to do the activities for teens are essential. We ask you to bring some materials: postcards, posters, symbols of your country, music or popular national games etc typical for your country which can be used during your country presentation. Also it will be great if you can bring any traditional food to present during intercultural evenings. We expect active volunteers with a good knowledge of history and culture of their country as well as with an ability and wish to present it to others in a creative way. A good level of English is required. The minimum age of volunteers is 19.

#### Leisure time

There are a lot of possibilities for active leisure time in this countryside camp: swimming, sunbathing, hiking, sport, etc. Excursion to Viljandi, a culture town well known for its valued Culture Academy, Ugala Drama Theatre and famous international Folk Music Festival, is foreseen. More on [www.viljandi.ee](http://www.viljandi.ee)

#### Insurance

In Estonian camps insurance is not provided, therefore volunteers have to bring their own insurance against illness, accident and third party risk. Participants from EU countries should bring EU health insurance form.

Project: RENO - Restoration renovation

Initial Date: 07/07/2014

Final Date: 20/07/2014

Min Age: 18

Max Age: 30

Places: 2

Description of Workcamp: EST09,ERVITA MANOR I  
KOERU07.07 - 20.07, RENO 10

#### Project

The aim of this camp is to help renovation of the historical Landlord's House of Ervita Manor, which is important object of historical and cultural heritage of Koeru Parish in Jarvamaa County. In the future the Landlord House will be renovated to the botanical garden with the accommodation, pool and saunas with the aim to promote sustainable tourism and eco-friendly living. Ervita Manor renovation works have been going on for almost 10 years, but still there is a lot of work to be done, so help of volunteers will be appreciated. You will have more information about the project and manor house on Facebook page of the project host Jarkko Arhilahti and on website <http://www.mois.ee/english/jarva/ervita.shtml>

Work  
The work will mainly involve building jobs in- and outdoors. Work is quite physical. Also there may be some hay making in the fields (for sheep of the local farm). Volunteers will be working 7-8 hours per day 5 days a week under the supervision of the leader. There will be also work specialists and technical help. In addition to work some workshops on renovation techniques will be offered.

#### Accommodation

The Manor House complex is managed by a Finnish family with two children, so you will share accommodation with them. The volunteers will stay in the separate room of the manor house on beds. Sleeping bag is not needed. Bed lines are provided, volunteers are asked to bring their own towels. Toilet, hot water, shower is available. Volunteers have to make breakfasts on their own while the rest of the meals will be cooked and served by the locals. Volunteers will be asked to help cleaning and washing up.

#### Location

Ervita is a small village (with around 260 inhabitants) located in Jarvamaa County, Koeru Parish in north-central Estonia. The closest towns are Paide (35 km) and Rakvere (55 km). The whole area has a beautiful nature, and there is real countryside and forests with wildlife around. More information can be found on [www.jarva.ee/index.php?page=3&](http://www.jarva.ee/index.php?page=3&) and [www.koeruvv.ee](http://www.koeruvv.ee)

#### Terminal

Airport, harbour, bus or train station in Tallinn; bus to Koeru.

#### Special requirements

As the work can be quite physical volunteers have to be in a good physical shape. This camp is not suitable for volunteers allergic to dogs and cats.

#### Leisure time

Sunbathing and swimming, fishing, beach volley on nearby the Lake Vainjarv (300m), trips in the area. Very good camp for nature lovers! Endla Nature Reserve with the possibility of bird watching and hiking is around. (<http://www.endlakaitseala.ee/?id=824>)

#### Insurance

In Estonian camps insurance is not provided, therefore volunteers have to bring their own insurance against illness, accident and third party risk. Participants from EU countries should bring EU health insurance form.

Project: ENVI-MANU - Environmental-Manual work

Initial Date: 07/07/2014

Final Date: 19/07/2014

Min Age: 18

Max Age: 30

Places: 2

Description of Workcamp: EST10, KOESTI WATERMILL I VILJANDI 07.07-19.07, ENVI/ MANU 10 vols

#### Project

The aim of this camp is to help renovation works of the historical watermill Koesti. This watermill dating from the end of 18th century is an important object of heritage for the local community. The oldest part of the building existing at present was built in the second half of 19th century. In 1930 the watermill was made two-storied and on the river side the engineering for producing electric power was built. After the Second World War several changes have been made there. Today association managing the watermill put a lot of effort into developing it into a hydroelectric plant, which started to give energy now. And this is a very important step for the local community which goes along with the general plan to raise the production use of energy from alternative sources in Estonia. At present such alternative energy projects have not been developed in Estonia yet to the noticeable extend, therefore Koesti Watermill is an important initiative which should be supported.

#### Work

The work will involve mainly cleaning up/ recovering of the hydro power station canal and the banks of Koesti creek. This means pretty hard physical work like removing mud, stones, branches of trees, etc. Also there may be clearing up of the green areas around the mill and occasionally simple conservation jobs in the building (e.g. cleaning the walls before painting). Volunteers will be working 7-8 hours per day 5 days a week under the supervision of local technical leader.

#### Accommodation

The accommodation facilities will be quite simple: you will stay in the mill house in camp beds. Please bring your own sleeping bag. Please note that the shower is a primitive outdoors solar shower, and there is dry toilet only. But you will have a good chance to try Estonian sauna on weekend. Simple but healthy traditional local food will be prepared by the hosts, volunteers will be asked to help cleaning and washing up. Possibility of making own food is limited.

#### Location

The project is located at the border of the Town of Viljandi, which is situated in South Estonia on Sakala Upland. Town of Viljandi with its 20,000 inhabitants is the centre of the county. As a culture town it is well known for its valued Culture Academy, Ugala Drama Theatre and the famous international Folk Music Festival ([www.folk.ee](http://www.folk.ee)) held yearly at the end of July. Viljandi lies 160 km from Tallinn, 98 km from Parnu and 80 km from Tartu. More information about Viljandi on [www.viljandi.ee/?id=506](http://www.viljandi.ee/?id=506) and [www.viljandimaa.ee/turismiinfo/?lg=eng](http://www.viljandimaa.ee/turismiinfo/?lg=eng)

#### Terminal

Airport, harbour, bus & train station in Tallinn; bus to Viljandi.

#### Special requirements

This is a classic workcamp with the real physical work, please be ready for it. This camp may not be suitable for volunteers allergic to different plants or hay. Please note rather simple washing facilities in this camp. You have to bring your sleeping bag, working clothes and rubber boots.

#### Leisure time

There are a lot of good possibilities for leisure time activities as camp will take place in the town where one can find attractions for all tastes: sightseeing and museums, festivals (including world famous Viljandi Folk [www.folk.ee/festival/2012/en/viljandi-folk-music-festival](http://www.folk.ee/festival/2012/en/viljandi-folk-music-festival)), concerts, live music, pubs, etc. You can also spend time at Viljandi Lake and go swimming or simply stay at the mill having bonfire, barbeque and sauna with locals.

#### Insurance

In Estonian camps insurance is not provided, therefore volunteers have to bring their own insurance against illness, accident and third party risk. Participants from EU countries should bring EU health insurance form.

### Project

This project is organized for teenagers by non-profit educational association 'Alternative Language Programs Satellite' within its annual activities on multicultural issues for teens. The project's aim is to introduce the diversity of world cultures to the youth and provide them with practices in intercultural communication using the learning-by-doing method which includes meetings, visits, direct contact to young people from abroad as well as alternative English language practice. The project gets 14 to 17 years old teens familiar with national traditions of the countries from all over the world, encourages them to develop their global thinking and individual initiative as well as tolerance and resistance to xenophobia and ethnic hatred. Global theme for all Down Town camps 2014 is Skills for Life. We will discuss and teach youngsters what they should know about real life, what skills they need to develop to succeed: from how to deal with bullying in class till skills needed for excellent studies and jobs, from how to make good relationships in the family till skills needed for successful intercultural communication.

### Work

Activating teenage participants in the city camp and providing them with cross-cultural learning experience. Volunteers will do it through informal methods of teaching and working in small group techniques. Among the activities to be held by team of volunteers are playing games and music popular in the countries volunteers represent, drama, sports, preparing festivals, common discussions, excursions, actions for peace and nature protection, leading and supporting teens in their work on the team projects.; preparing and leading the teen team's presentations on the countries the camp participants and volunteers are from. Each day of the camp will have a country presentation, a subject to learn or discuss and a related activity. Volunteers together with a local project coordinator are responsible for the day activities in the camp. The work can be pretty hard, involving long working hours, requiring high level of commitment and responsibility for the camp program and the young participants. You will stay with teens 10.00 - 17.00 and spend another hour to prepare next day activities. In the course of camp there is one day off and at least one day of travel outside Tallinn together with teens. Before activities start there is training in Down-Town camp methodology and preparation. Most of local teens in the camp are Russian-speaking youngsters from minority group of Tallinn. Besides local teens 12 teenage participants from abroad are expected to join this camp. The total number of participants is about 40. Volunteers will work in pair facilitating and leading a smaller group of 10 - 12 teens during the day. The camp activities will take place

in a learning centre situated in the very centre of the city.

#### Accommodation

On mattresses in the class rooms of the 'In Down-Town' school, in the heart of the Old Town of Tallinn. Toilets and showers are available. Please bring a sleeping bag. You will cook and have breakfasts and dinners at the place of accommodation; lunches will be organized for whole camp in the city centre of Tallinn [www.tallinn.ee](http://www.tallinn.ee)

#### Special requirements

You have to be really motivated to work with teens. Please provide a motivation letter along with application form. Experience in work with youth is an advantage. Your ideas and actual preparation to do the activities for teens are essential. We ask you to bring some materials like postcards, posters, symbols of your country, music or popular national games etc typical for your country or region which can be used during your country presentation. We expect active volunteers with a good knowledge of history and culture of their country with ability to present it to others in a creative way. A good level of English is required. The min age of volunteers is 20. You are expected to arrive to the school by 18:00 on the arrival date.

#### Leisure time

There are a lot of possibilities for leisure time activities as camp will take place in the Estonian capital Tallinn where one can find attractions for any taste: sightseeing, museums, festivals, concerts, pubs, etc.

#### Insurance

In Estonian camps insurance is not provided, therefore volunteers have to bring their own insurance against illness, accident and third party risk. Participants from EU countries should bring EU health insurance form.
