Description of Workcamp: CBF01 Mettray 27/06/2014 - 12/07/2014, reno/soci, 18 - 30 5 volunteers

The project : For several years, the Compagnons Batisseurs France has been involved in the Village of Youth of Mettray and has always received a very warm welcome. . The Village of Youth of Mettray used to be a penal colony for youth, La Paternelle, created in the 19th century. Today, it has found a new meaning. Several decades ago, it was opened again and turned into an educative center for professional inclusion and medical support for youth. It hosts around a hundred young people all year long, facing many sorts of difficulties. This beautiful place is classified as Historical Monument. The idea is to mingle the international volunteers with the Insitute young people for some moments in order to reduce their marginalization, to provide them with meetings and exchanges with people from every backgrounds, and to integrate them in a collective project of tolerance and citizenship.

Works : This summer, you will restore low wallsin stones around the place, and build some fences in wood. Some of the work may be done on scaffolds.

Activities : A team of leaders will be with you along the workcamp to invite you to discover the region and its inhabitants.

Location : The small town of Mettray (about 2140 inhabitants) is located arond 10km north west from Tours (Centre region), in the departement of Indre et Loire. It is not far from several Loire castles. For more information on Mettray : <http://mettray.mairie.com>. And to discover the touristic sites of Touraine : <http://www.tourism-touraine.com>.

Accommodation : You will be accommodated in one of the buildings, with a kitchen, the bathrooms and rooms for sleeping.

Special Requirements : This project is for open minded volunteers, mature and ready to work and share with all kinds of public! This year, this project is run under the OFAJ, and is open to Spanish, German and French volunteers only

Nearest big town : METTRAY

Nearest airport : Paris

Terminal : Tours train station

INSURANCE :

Our association covers the volunteers from the first to the last day of the project (civil liability, personal accident, assistance repatriation). Our insurance does not

cover lost or stolen objects, or illness (except those due to accidents).

Description of Workcamp: CBF02 Marcillé-Robert
07/07/2014 - 27/07/2014
envi/reno, +18, 10 volunteers

The project : The community of communes Pays de la Roche aux Féés (country of the Fairies' rock) owns a feudal castle on the town of Marcillé Robert. A valorisation campaign on this public heritage aims at making it sustainably visible and important in the heritage landscape of the territory, For this, there was a first step, during the past years, of clearing vegetation and installing signs in order to have the first guided visits. Now, the territory wishes to go further with more important works and a more important communication and awareness campaign toward local population. So, they decided to have an international workcamp this summer ! You will help in the works (masonry, environmental work) but you will also be very welcomed by the inhabitants to discover the region and its culture !

Works : You will help in vegetation clearing and some small traditional masonry work.

Activities : A team of leaders will be with you along the workcamp to invite you to discover the region and its inhabitants.

Location : The town is located at about 60km from Rennes, in Brittany, in a very green landscape of the Ille et Vilaine district.

Accommodation : In tents.

Special Requirements : Languages spoken are English and French. This camp is run under the OFAJ programme and is open for German, Spanish and French volunteers !

Nearest big town : MARCILLE ROBERT

Nearest airport : Paris or Rennes

Terminal : Retiers

INSURANCE :

Our association covers the volunteers from the first to the last day of the project (civil liability, personal accident, assistance repatriation). Our insurance does not cover lost or stolen objects, or illness (except those due to accidents).

Description of Workcamp: CBF04 Baden 04/08/2014 - 24/08/2014 reno +18, 10 volunteers

The project : The town of Baden and its harbour department have launched a program for the conservation of maritime heritage. Baden has a lot of maritime low walls which, with time and tides, have been damaged and needs to be renovated. Ships have been parked over the walls and the streaming of water on the walls has even increased the damage on the masonry. It is now urgent to restore some parts, with a very specific traditional technique using big blocks of stones. After 4 successful workcamps, we will host you in a new beautiful site : feet in the sand of a small beach, hands in the stones, and mind in holidays in the Morbihan Gulf. The town will warmly welcome you and show you the beauty of the region.

Works : You will restore damaged parts of old oyster-farming low walls, and small low stairs along the coastline, with a traditional masonry technique. Physical work. Don't forget your boots and security shoes.

Activities : The town will warmly welcome you and show you the beauty of the region.

Location : Baden is a seaside town situated in the South of Brittany, in the Golfe of Morbihan, between Vannes and Auray.

Accommodation : In tents.

Special Requirements : - Physical workcamp

TRILATERAL Project French-German-Spanish in the frame of the OFAJ program (reimbursement of the trip fees of the participants)

Nearest big town : Baden

Nearest airport : Vannes

Terminal : Auray

INSURANCE :

Our association covers the volunteers from the first to the last day of the project (civil liability, personal accident, assistance repatriation). Our insurance does not cover lost or stolen objects, or illness (except those due to accidents).

Description of CONC001

Workcamp: ENTRACTE CADILLAC
12 VOLS

09/07-23/07, RENO 18+

PROJECT: The partnership between Concordia and the city hall of Cadillac is 10 years old. From the 1st workcamp, we always tried to care and renovate the great built heritage and in the same time to develop exchanges with the local population. Since 2010 the non-profit organisation Entracte (social and medical support of special needs persons), with the support of the city hall, hosts a European Volunteer Service (EVS) to create new dynamics and open the members of the organisation to the international world. This year Entracte decided to host a work. The project is to renovate the 1st floor and to make it pretty!!!

WORK: You will participate in the renovation of the 1st floor of the association: taking off paper wall, cleaning, putting new paper wall, painting and decorating the place.

ACCOMODATION: You will stay in a primary school (sleeping in army beds). Collective living conditions will be simple.

LANGUAGE: English and French

LOCATION: Cadillac (2600 hab) is a small city located at 41 km from Bordeaux and 13 km from Langon. There is a beautiful castle that has kept its charm.

http://fr.wikipedia.org/wiki/Cadillac_%28Gironde%29

TERMINAL: Podensac train station. Airport : Bordeaux ou Paris

SPECIAL REMARKS: Bring a warm sleeping bag, work and sport shoes and warm clothes. Small rural town, no public transport: you need to love nature and walking to join this camp.

PROJECT: Ancient Gallo-roman town, Duravel, previously named Diolindum, was founded by the Romans to be a military position on the strategic route from Bordeaux to Lyon. Many remains are still visible today despite destructions during the religious war of 1596. From this rich history, Duravel has preserved a beautiful heritage to discover: a roman church of the 11th century containing the relics of three mummified bodies of saints, a remarkable square crypt, one of the few pre-roman buildings in France, the remains of the Saint-Avit chapel, listed as historic monuments, as well as old houses, mansions, capstans, wash-house and especially a 160 meters rampart of the 13th century. You will work on a part of those ramparts. Thanks to very good experiences and rich exchanges between the local population and the international volunteers in the previous years, the town of Duravel is looking forward to welcome you this year.

WORK: Supervised by a technical leader, you will participate to the restoration of the rampart, reassembling parts collapsed, sealing the set. Traditional masonry work.

ACCOMODATION: In the locker room of the basketball arena. Meals will be served at the school canteen in the village.

LANGUAGE: English and French.

LOCATION: Located at 40km west of Cahors, Duravel is at the crossroads of four departments and produces mainly wine.

TERMINAL: Duravel bus station (accessible from the railway station of Cahors, Agen or Monsempron Libos).

SPECIAL REMARKS: Very few possibility of public transport, it's a workcamp for nature, ancient heritage and walking lovers. Bring a sleeping bag, working clothes and warm clothes and comfortable working shoes. Scaffolding Certificate is mandatory.

Description of Workcamp:	CONC 006 FEST 12 VOLS	VERDELAIS 18+	10/07-30/07

PROJECT: Verdelaís is a small village situated in the Gironde department, in the heart of the vineyards, where Concordia and its local partner are organizing a workcamp every summer since several years. This year, volunteers will participate to the festivities of Verdelaís and Langon:

The kermestival "La Vallée" (festival for children and young people). Created in the mid-90s from a few passionate leaders of the community center "La Vallée" of Verdelaís, this festival is a crossroad of different projects. Thanks to the contribution and commitment of several networks of artists, professionals and volunteers from around the world (including volunteers from Concordia), "La Vallée" has become a popular meeting appreciated for its quality, its originality, its commitments and especially its human approach.

The Atypical Nights. Created in 1992, the Atypical Nights in Langon - festival of international renown - plans to promote cultural diversity by discovering "world music", modern or traditional, rural or urban, acoustic or electric, vocal or instrumental, profane or ritual. Through these songs and their multiple aesthetics, the challenge is the discovery of otherness, awareness of differences, the rejection of racism and intolerance, civic awareness.

In Verdelaís, living place of the camp, volunteers will have the opportunity to meet very warm and welcoming local people and discover the life in a town of this region, its traditions, customs and history.

WORK: You will participate to the implementation of these two festivals in logistics (assembly and disassembly: tents, installation of safety barriers, decoration ...) and facilitate workshops on intercultural learning (workshops whose form and content are largely determined during the camp).

ACCOMODATION: Under tents, cooking in a special room, basic living conditions but charming !

LANGUAGE: English and French.

LOCATION: Verdelaís is located in Gironde department, 40 kilometers south-east of Bordeaux and a few kilometers from Langon.

TERMINAL: Langon train station. Airport : Bordeaux or Paris

SPECIAL REQUIREMENTS: It is strongly recommended to have affinities with the intercultural learning process and aptitude in animation for this workcamp since you will be asked to facilitate meetings between festival population and international audience. Knowledge of French is an asset.

SPECIAL REMARKS: Camp for lovers of meetings and artistic discovery. Bring a sleeping bag, working clothes, sport shoes, warm clothes ...

PROJECT: For the sixth time, Gere Belesten hosts an international workcamp, as previous experiences have been so much appreciated by both volunteers and local population. This small village, on the edge of the Vallée d'Ossau, will surprise you with its natural surroundings and breathtaking view on the Pyrenees Mountains.

WORK: Supervised by a technical leader, you will participate in the redevelopment of a footpath or in the restoration of a fountain.

ACCOMODATION: You will stay near the municipal camping, sleeping in tents on a carpet, access to the toilet block of the camping site, meals in a large tent. Basic collective living conditions.

LANGUAGE: English and French.

LOCATION: Gere Belesten is a small village in the Vallée d'Ossau, about 30km south of Pau.

TERMINAL: Buzy en Béarn train station.

SPECIAL REMARKS: There is about an hour driving by car on mountain trails from the campsite to the project site. You will be mostly transported by vehicle, but you will also walk a lot. Therefore you must love hiking, especially because there is no possibility of public transportation in the village. Bring a sleeping bag, work clothes, sturdy shoes for work and walk (rubber boots and walking shoes highly recommended), warm clothes and swimwear for those who love mountain rivers!

PROJECT: For several years, the city of Riom has organized the festival « My summer in Cerey » every July. The main aim of this event is to offer free activities for those who don't go out on vacations. The organization is very family-friendly, keeping in mind the non-formal education movement values: ¿meeting¿ and ¿sharing¿. For ten days, sport, recreational and cultural activities will be held by the city of Riom and the local associations. This year, ¿My summer in Cerey¿ will take place from July 7th to July 18th. The animations will spread between 2pm and 7pm, followed by a show every two nights. You will fully enjoy this fair and share plenty of meals with the local population.

WORK: You will start before the festival to help set up the place. You will build wooden sunshades, dry toilets, solar showers and a mini pool. You will also construct pergolas, from kits provided by the carpentry workshop. The decoration, safety signs and information panels will be yours to make. During the festival, you will be in charge of the reception and information desk, and the animation of activities like the zip line, waterball or inflatable attractions, but you don't have to worry, you will be taught how to handle these responsibilities. Lastly, you will help deconstruct the structures after the end of the fair.

ACCOMODATION: Hard wall accommodation in the boarding school of Riom¿s high school.

LANGUAGE: English and French.

LOCATION: Located 16 kilometers north of Clermont-Ferrand, regional capital of Auvergne, Riom is situated at the foot of the volcano chain. It is a very dynamic city, and offers a preserved historic center and many shows and animations during summer.

TERMINAL: Riom train station. Airport: Paris or Lyon.

PROJECT: Situated near the river Allier, Pont du Château is a town committed to sustainable development which wishes to bring the nature into the city through sustainable management of natural areas, urban parks, and the implementation of a differentiated management of green spaces. Former terraced gardens are gradually redeveloped and managed as ecological gardens. You will be involved in this project, especially by working on built heritage. This new international workcamp in Pont du Château will allow you to discover its medieval centre and will be a very good opportunity to have long walks or to go canoeing.

WORK: You will restore a dry stone wall which supports a terrace. You will occasionally use lime mortar. You will also restore the basin of an ancient fountain.

ACCOMODATION: In tents (bring your sleeping mat and your sleeping bag). You will take your meals and showers in the rugby stadium, near the river.

LANGUAGE: English

LOCATION: Pont-du-Château (10 600 inhabitants) is located at around 15 km east of Clermont-Ferrand. It is a dynamic city, which dominates the river.

TERMINAL: Pont-du-Château train station. Airport: Paris or Lyon.

SPECIAL REQUIREMENTS: Nights might be cold, so don't forget to bring your warm clothes and a warm sleeping bag, working gloves, hiking shoes, a mat, a backpack and your swimsuit.

Description of

Workcamp: SAINT-PAL-DE-MONS

09/07 ¿ 30/07

ENVI / RENO 18+

15 VOLS

PROJECT: Saint-Pal de Mons is a town situated in the Velay, a region of volcanoes and valleys. It is a great pleasure for Concordia to continue working with this town! The project consists mainly in working on the local heritage. For this 3rd year, the international volunteers will work on the site of a small isolated Romanesque chapel in a beautiful valley where pilgrims used to pass through. We hope this opportunity will contribute to the exchanges between the local population and volunteers from all over the world, offering them a great possibility to discover this beautiful region.

WORK: The aim of the project is the embellishment of the chapel's site. You will firstly clear the bushes and realize platforms on which you will build picnic tables and benches.

You will also construct small walls with the old technique of dry stone (without any mortar).

ACCOMODATION: In two-person tents (bring your sleeping bag and your sleeping mat) and group life in the local centre of the district, in the heart of the village.

LANGUAGE: English.

LOCATION: Saint-Pal de Mons (2000 habitants - 800 meters altitude) is situated in the district of Haute-Loire in the Auvergne region, 60 km north from Puy en Velay, and about 30 km from Saint-Etienne. The region offers a natural landscape of beautiful valleys.

TERMINAL: Bas-Monistrol train station. Airport: Paris or Lyon.

SPECIAL REQUIREMENTS: The nights can be cold so please bring warm clothes. Bring your work gloves, clothes and shoes.

SPECIAL REMARKS: The work place is quite isolated. For volunteers who love nature and long walks. For more information have a look at:

Description of Workcamp: CONC 039 DAVAYAT 06/08 ¿ 27/08
 RENO 18+
 15 VOLS

PROJECT: In the 18th and 19th centuries, lime kilns were very present in France. They assured a local production of industrial or hand-crafted goods, used in agriculture and construction. In Davayat, a small town in the Puy de Dome district, a local association is trying to save the remaining three lime kilns which were used until the beginning of World War I. These ovens are remains of a small-scale local industry that used to exist in these rural areas. The volunteers of the association are waiting impatiently for you to discover their region. You will share friendly moments around meals with the inhabitants.

WORK: After three years of workcamps to restore two of the three ovens, you will work on the restoration and consolidation of the frontage of the building and on the clearing of the last oven. You will use traditional techniques and materials (local stones and lime mortar).

ACCOMODATION: In two-person tents (bring your own sleeping bag) in the village near the community centre. Group life will be in the community centre.

LANGUAGE: English.

LOCATION: Davayat is a small town in the Auvergne region situated in the plain of Limagne, near the volcanic mountains. Situated at about 20 km north of Clermont-Ferrand, this wine-producing region is characterized by its rich Gallo-Roman heritage.

TERMINAL: Riom train station. Airport: Paris or Lyon.

SPECIAL REQUIREMENTS: Scaffolding Certificate needed.

SPECIAL REMARKS: The nights could be cold, bring warm clothes, sleeping bag and ground sheets, gloves, working clothes, and shoes for work. For more information have a look at:

<http://www.ville-davayat.com>

PROJECT: The town council has an ambitious landscaping project in the village through the creation of foot paths. This is the third time we will act on this site. It will be an opportunity for you to meet people and make them discover the joys of a workcamp. The coming of an international workcamp arouses strong expectations, both in terms of animation and technical achievements, for which we hope to be able to answer with your participation.

WORK: You will work on the restoration of a footpath along the Allier river. You will also work on the creation of dry stone wall on the footpath in the heart of the village.

ACCOMODATION: In tents at the municipal campsite in Vieille-Brioude, and collective tent for the camp life.

LANGUAGE: English.

LOCATION: Vieille-Brioude (1200 inhabitants) is located in the district of Haute-Loire in Auvergne, 80 km south from Clermont-Ferrand. This village is in a rock spur and from there you can get a view of the Allier Valley. It will amaze you with its small alleys and their "Provençal" atmosphere, its preserved historic center and the wild nature of the Allier River, where you can swim.

TERMINAL: Brioude train station. Airport: Paris or Lyon.

SPECIAL REQUIREMENTS: Nights might be cold, so don't forget to bring your warm clothes and a warm sleeping bag as well as working gloves, hiking shoes, a mat, a backpack and your swimsuit.

 BLESLE MUSIC FESTIVAL
 07/08 - 21/08
 FEST 18+
 12 VOLS

PROJECT: The annual music festival in Blesle celebrates its 13th year of existence. In a welcoming and family-friendly atmosphere, about 30 groups and more than 100 artists will be invited to perform in several places for 3 days (from August 15th to 17th). The program is eclectic and open to a wider public: concert, jam-sessions, musical hiking and workshops. The volunteers will arrive in advance in order to help with the festival organization and also to reinforce the international dimension of this event. The festival will take place in a particularly charming environment (Blesle is one of the most beautiful villages in France), and one of its objectives will be to raise awareness on issues of sustainable development the visitors.

WORK: You will participate in different activities together with a group of over local volunteers. You will help with the logistics before and after the festival: setting up and dismantling the stages, welcoming the visitors... You will raise awareness on sustainable development issues like recycling and the use of dry toilets.

ACCOMODATION: In two-persons tents in a camp. Group life will be under a big tent or in a municipal room.

LANGUAGE: English and French. Some bases in French are necessary.

LOCATION: Blesle is a village with 600 habitants and is situated in the Haute-Loire Department (Auvergne region). It is 70km away from Clermont-Ferrand, in a very beautiful valley called Allagnon, with a rich natural and architectural heritage.

TERMINAL: Brioude train station. Airport: Paris or Lyon.

SPECIAL REQUIREMENTS: Nights can be cold. Bring your sleeping bag and warm clothes, as well as a sleeping mat.

PROJECT: Dinard is a seaside city located on the Emerald coast, influenced by the Brittany culture. An international volunteer's work camp will be hosted for the first time in this attractive touristic environment. You will help to create social links with the inhabitants and the youth of the city in order to promote volunteering actions and intercultural relationships.

WORK: You will participate in the refectation of the cemetery wall using traditional brickwork techniques. Repointing, placing a coping and the consolidation of the wall will be the main activities.

ACCOMMODATION: Under tents, next to a camping ground.

LANGUAGE: English and French.

LOCATION: Dinard is a town located in the 'Ille et Vilaine' administrative region, north of Rennes, on the seaside on the outskirts of Saint-Malo.

TERMINAL: Saint-Malo SNCF train station. Airports: Rennes, Nantes or Paris.

PROJECT: Convinced that sustainable development is a source of collective welfare, that a workcamp is a great tool to promote social cohesion, the city of Chelles will host a group of international volunteers for the sixth consecutive year. This year we will focus our action on a renovation project.

WORK: With a technical leader, you will rehabilitate the mill's arcades and the hedges of the site in order to improve the local population's surroundings. You will also organise a lot of convivial moments to exchange knowledge and experience with the local population, and raise public awareness of natural and cultural heritage values.

ACCOMODATION: Collective accommodation.

LANGUAGE: English and French.

LOCATION: Chelles is a Paris suburban city accessible by local train. The town of Chelles has a privileged location. Less than 20 km away from the heart of Paris, it is nonetheless a green city along the Marne River, the gateway to the countryside.

TERMINAL: Chelles Gournay RER train station. Airport: Paris.

SPECIAL REMARKS: You must know how to ride a bike as you will have to ride on long distances. Bring working clothes, gloves waterproof boots (to work on the banks of the Marne river) and the most important, a warm sleeping bag and a mat.

PROJECT: The city of Bobigny is changing. New neighborhoods emerge, and old ones are redeveloped with a strong involvement of the inhabitants. For nearly seven years, the social housing office of the city, closely associated with the city hall's urban renewal plans, has been educating young inhabitants to respect their environment and to build a city for all and by all. Since 2007 the city of Bobigny has been the host of an international workcamp in order to sustain and strengthen the action taken around social ties and exchange within the local people. This year, the group of volunteers and a group of young inhabitants will work together for a renovation project based on urban development to improve the living environment of the residents.

WORK: Working with a technical leader, you will renovate an apartment block hall. You will learn inherent techniques of cleaning, sanding and painting. You will also set up animations for inhabitants of this city like neighbourhood parties and meals, barbecues... the idea is to allow as many interactions as possible with the inhabitants of this popular area.

ACCOMODATION: In a building.

LANGUAGE: English and French.

LOCATION: Bobigny, Seine-Saint-Denis department, 10km from Paris.

TERMINAL: Bobigny Pablo Picasso station (subway line 5). Airport: Paris.

SPECIAL REMARKS: Bring working clothes, gloves and the most important a warm sleeping bag and an inflatable mattress. Most of the activities will be held in Bobigny, not in Paris.

PROJECT: Valophis Habitat is a significant social landlord in the Ile de France Region. It owns several buildings in Saint-Denis. To beautify these spaces, Valophis Habitat would like to decorate the main hall with two mosaic murals. The inhabitants would be consulted at the beginning of this year to choose the theme of the murals. Then a group of volunteers would be involved to create it. It is the first time that an international work camp is organized in the city. During three weeks, a group of international volunteers will take part in the project to decorate and beautify the exterior of the residence halls.

WORK: Working with a technical leader, you will make a fresco in an external area of a residence. In parallel, you will set up animations for the inhabitants; the idea is to allow maximum interaction with the local population of this popular area.

ACCOMODATION: In a collective flat.

LANGUAGE: English and French.

LOCATION: Saint-Denis is 15km away from Paris, accessible by subway.

PROJECT: It's the 11th year that a workcamp with international volunteers takes place in St Lézin in partnership with the organisation "Un Pas de Côté". This organisation develops cultural and artistic activities in the Cultural Area of Aubance in St Lézin. The workcamp aims at linking up the volunteers, the local organisation and the inhabitants with animations and meetings. The participants will also be involved in other activities of the organization "Un pas de Côté".

WORK: enlargement of a playing ground through eco-construction and tasks to restore eco-constructed huts.

LANGUAGE: French.

LOCATION: St Lézin is a small village of 700 inhabitants, situated in the Maine et Loire department, between Cholet et Angers.

ACCOMODATION: You will be accommodated in a collective lodging in St Lézin youth centre, in eco-constructed cabins built by volunteers during previous workcamps. An equipped kitchen will be provided as well as sanitary facilities. Cleaning and cooking tasks will be done together. Bring a sleeping-mat and a sleeping bag.

TERMINAL: Chemillé train station.

SPECIAL REQUIREMENTS: The workcamp language will be French. A motivation letter in French is required.

SPECIAL REMARKS: Bring suitable shoes and warm clothes. For more information on ¿Un Pas de Côté¿ association: <http://unpasdecote.asso.fr/>, and on the previous workcamps: <http://workampstlezin.zeblog.com/>

12 VOLS

PROJECT: It is the second time that the city of Le Mans hosts a group of international volunteers. Le Mans is officially labelled as town of "Art and History"; besides, it is the third most important town of the region in terms of culture and tourism. The old city is surrounded by a Roman wall, and renovation and rehabilitation works done in the « Old Le Mans » have permitted to enhance the local heritage. Crossed by two rivers, the town has been elected the second "greenest" town in France; you will find many parks and gardens there, as well as two big forests in the vicinity of the town.

The workcamp of this summer will be about the organisation of activities for youths living in a popular district called "Les Sablons". This workcamp will allow the youth of Les Sablons to benefit from free activities organised in the heart of the district and to be sensitised about intercultural meetings and international involvement.

A particular attention will be paid to the implication of the residents, the local organisations and the youths in the creation of activities to develop local events.

WORK: This project is carried out by Concordia. The aim for the group is to organise activities for youths between 6 and 13 years old living in Les Sablons. You will have to create games from all the parts of the world, with recuperation materials. The volunteer will also have to organise a meal with and for the habitants of the neighbourhood.

SITUATION: Le Mans is a city of 143,000 inhabitants located in the west of France and is the administrative centre of the department of Sarthe, in the Pays de La Loire region (50 minutes away from Paris and 1h30 from Nantes by train).

ACCOMMODATION: Collective accommodation in two flats. You have to bring a sleeping bag and mat.

TERMINAL: Le Mans SNCF train station.

SPECIAL REMARKS: Motivation letter is mandatory. Be interested in child/youth animation, come with ideas (original games, outdoor activities, workshops about recycling¿).

In summertime, there are plenty of festivals and events such as « La Nuit des Chimères » which enhances the historical heritage of the city. During the two months of summer, at night, the cathedral walls and monuments of the old city centre are used as projection screens¿ Come have a look! More information on www.lemans.fr

12 VOLS

PROJECT: This will be the 6th workcamp that Concordia organises with the village of Juigné-sur-Sarthe. In the historical village centre you can find a church with a 12th-century bell, a priory and typical houses, occupied by weavers. The town council, proud of its heritage, has started the protection of the different sites by restoring several walls. During archaeological digs around the sites, remains of the walls dating from pre-historic times have been discovered. The cooperation with Concordia started four years ago with the objective to restore the walls at the entrance of the village and thus enhance the local population's living environment. WORK: You will continue the restoration work of the wall (clear it of undergrowth, do some masonry work), repair the joints of the bricks by using traditional techniques (e.g. lime mortar).

ACCOMMODATION: Collective accommodation under tents in a football stadium. Living facilities will be available in the stadium building. Cleaning and cooking tasks will be done together. Bring a sleeping mat and a sleeping bag. If you have tent, you can bring it.

LOCATION: Juigné-sur-Sarthe is a charming little village overlooking the Sarthe Valley, in the south-west of Sarthe, between Angers and Le Mans and about 45 km away from each of these towns.

TERMINAL: Sablé-sur-Sarthe train station (Gare SNCF).

PROJECT: The Fort of ¿la Crèche¿ is a former military base, in front of the sea, between Boulogne sur Mer and Wimereux. The state, who was the owner of the fort, transferred back to an organization called ¿Conservatoire du littoral¿, which aim is to protect the French littoral.

In recent years, with an association for the safeguard of the Fort (the AFLC), many actions are led to protect the site and to organize guided tours. The volunteers from the association are waiting for you for this 6th workcamp to help them to animate this site and to make you discover the Opale Coast.

WORK: Volunteers will carry on securing the site in order to put the spotlight on the fortifications. In case of bad weather, the work will continue inside the barracks with the renovation of a cavity of the barracks: scrapping of the walls and applying a coat and a white paint.

LOCATION: The Fort of ¿la Crèche¿ is located in Wimereux, in the Nord-Pas-de-Calais region, in front of the sea. On clear days, we can see the coasts of England.

ACCOMODATION: In tents, in the municipal camping site.

TERMINAL: Boulogne Sur Mer train station. Airport: Paris

SPECIAL REMARKS: You have to bring work gloves. Be careful, near the sea, the weather changes rapidly and there is a lot of wind, so bring windcheater and other warm clothes.

The anti-tetanus vaccine must be up-to-date.

PROJECT: Machemont is a small town in the North-East of Oise region, in the middle of the mounts of Noyon. For a long time, rocks have been extracted from the quarries. It's the 3rd year that Concordia will intervene in Machemont, after two workcamps with the association ¿La Machemontoise¿ on the quarries. We carry on our partnership directly with the town council. During the First World War, this village was particularly affected. It was rebuilt, especially its church, with the modern techniques of the 20¿, such as concrete walls. Today, the church needs renovation especially inside. Your action will be included in a larger framework, around the commemorations of the Centenary.

WORK: You will work in the choir of the church: picket of coating, rust preventive treatment of the concrete iron, new coatings, and/or application of milk of lime.

LOCATION: Machemont is in the North-East of Oise, between Compiègne and Noyon.

ACCOMMODATION: Under tents. A room is provided for the daily life.

TERMINAL: Ribécourt train station. Airport: Paris.

SPECIAL REMARKS: If you want, you can bring your bikes!

PROJECT: At the heart of Lieuvillers stands an old farm from the 16th century, example of the local architecture with a combination of bricks and stones. The city hall wishes to preserve this building. The project of this second workcamp will be part of a larger project: an architect made recommendations on the use and the renovation of the farm. To resume, it's a workcamp for those in love with the countryside and with the vernacular heritage preservation.

WORK: After the 2013 workcamp that consisted in working on the triangular section of the west gable, we carry on the work on the bottom part of this gable and on the stone buttress. A lot of masonry and probably cutting of stones will be planned.

LOCATION: Lieuvillers is a small rural town in a local area called ¿Plateau Picard¿ (place with large rolling plateau with many small valleys), the occupation is very old.

It's located between Clermont de l¿Oise and St Just en Chaussée.

ACCOMMODATION: In tents. A room will be provided for the daily life.

TERMINAL: Saint Just en Chaussée train station. Airport: Paris.

SPECIAL REMARKS: Work on scaffolding. A medical certificate is required.

PROJECT: The workcamp will be organized for the 6th time in this small town located in the beautiful Pays de Bray. The city is concerned about setting up animations for the whole population, as well as keeping and protecting its heritage. The aim of the workcamp is to save and then renovate the St Radegonde chapel, located in a shopping and industrial area, and close to a spring considered by people as miraculous. The town hall wishes to make there a place for meetings and exhibitions. Besides, the workcamp results from a larger partnership between several communities, associative and economic actors, such as ¿the Fondation du Patrimoine¿, sponsorships from local companies, integration works and the ¿Association des Oeuvriers de St Radegonde¿ (the Association of the Workers of St Radegonde) is also involved in the project. Its volunteers ¿ who are highly motivated - are looking forward to help you keeping the chapel safe!

WORK: The objective of the workcamp is to carry on safeguarding the chapel: picketing and rejoining are planned. Whitewashing and traditional masonry will also be done.

LOCATION: Neufchâtel en Bray is located between Rouen and Amiens, close to Dieppe, in the middle of the Pays de Bray (a vast land of ¿bocage¿ where ¿Le Neufchâtel¿ is produced, a famous heart-shaped cheese).

ACCOMMODATION: In tents. A room will be provided for the daily life.

PROJECT: For the fifth time the association of Pont-de-Veyle's local authorities organizes a workcamp on its territory in partnership with Concordia. This year the workcamp aims to give youngsters the chance to participate in an international project and at the same time to highlight the inter-municipal territories. During the project, there will be several opportunities for exchange and discovering the region of Beaujolais and Dombe's pond, as well as various leisure activities will be organised.

WORK: You will work on the renovation of wooden facilities of the camping site, by removing old paint, sanding the wood and then applying new paint. You will also help to value the paths around the lake and the landscape, cutting grass and cleaning the shore.

LANGUAGE: English and French.

LOCATION: Cormoranche is located in the department of Ain, one hour from Lyon and 15 min southwards from Mâcon.

ACCOMMODATION: Under tents, on the camping site of Lac de Cormoranche.

MEETING POINT: Mâcon TGV train station.

SPECIAL REQUIREMENTS: Do not forget your working clothes and shoes, good walking shoes, warm clothes, a swimsuit, a backpack, a good sleeping-bag, a waterproof windbreaker and a torch. Be careful: you must be able to ride a bike. For further information please consult the following site: www.lac-cormoranche.com

PROJECT: For the 14th time we will organize a workcamp with the city of La Motte Servolex. The goals are both to improve La Motte Servolex townscape and to give to local youngsters an opportunity to participate in an international project. During the project several cultural, sports and other leisure activities will be organised.

WORK: You will participate to a project aiming to the renovation of a wood shelter located in a park where loads of events are organized: parties, concerts, conferences. The woodwork purpose is to replace the original wood with sustainable wood. Other complementary tasks may be entrusted to volunteers (painting, building work). Therefore, technical learnings will be wide.

LANGUAGE: English and French.

LOCATION: In Savoie, a few kilometres from Chambéry. La Motte Servolex is a town with approximately 12,000 inhabitants. This town is located nearby the Bauges or Chartreuse, not far from the lakes of Bourget and Aiguebelette, the cities of Annecy and Aix-les-Bains or the vineyards of Savoie.

ACCOMMODATION: Under tents in a football stadium. Kitchen and bathroom are located in a room just beside.

MEETING POINT: Chambéry train station.

SPECIAL REQUIREMENTS: Bring working gloves, walking shoes, warm clothes, a warm sleeping bag, camping mat, a backpack, a swimsuit.

Be careful: You must be able to ride a bike, the village and its inhabitants will lend you bikes.

PROJECT: During the 90s the town of UGINE organized six workcamps with Concordia. In 2009, the town decided to cooperate with us again. Since then, every year the town of UGINE welcomes a new group of international volunteers. The main goals are to contribute to the town's development and to give the local youngsters the opportunity to get involved in an international project. Thanks to the work done together with the Social Centre of UGINE, several activities will be organized for the group of international volunteers and the locals.

WORK: Following the past experiences, you will work together with the technical workers of the community. The work consists of reconditioning a local heritage, as well as continuing the reparation of a canal's wall, which is about 500m long. The main object is to carry the stones to the site in order to repair the damaged parts of the canal and to do some masonry. At the same time, thanks to the involvement of the social center, you will participate punctually to the activities which involve the youngsters of the village.

LANGUAGE: English and French.

LOCATION: UGINE is a town of 7500 inhabitants located in the Val d'Arly in Savoy, at the border of the Bauges Massif Natural Park, few kilometres away from Albertville. Situated in a mountain territory, this work camp is made for adventurers and hiking lovers!

ACCOMMODATION: Individual beds in an old primary school located in the village centre. Showers are in a gymnasium, 5 minutes walking from the school.

MEETING POINT: Albertville train station.

SPECIAL REQUIREMENTS: Bring good walking and working shoes/clothes, working gloves, a warm sleeping-bag, and a waterproof windbreaker.

The community will offer a small bus to the workcamp group to facilitate mobility. For further information please consult the following site: www.ugine.com

PROJECT: The authorities of Devesset's Lake are committed to protect the lake biodiversity, combining this protection with the development of a responsible tourism. You will help them to tackle those challenges by improving and securing the paths in the camping and around the lake.

WORK: The biggest part of the work will consist of removing 80 pallets which are on the ground around the lake, that the tourist use to walk around, even when the land is muddy. Those pallets, which were useful in the past, will be replaced by better equipment later in the year thanks to your work. You also might install fences around the path to guide the tourists along the way. If you have enough time, you will maybe install solar lamps around.

LOCATION: Devesset is a small town of 300 inhabitants during the winter, located between Valence and Puy-en-Velay, 2 hours far from Lyon, in the countryside : you should enjoy being in the nature rather than in big cities to join this camp! However the lake is quite famous in France and attracts a lot of foreigners who come to spend their summer holidays there: 80.000 people are awaited every year!

ACCOMODATION: Under tents at the camping, in the front of the lake, with everything needed around (toilets, showers, etc.).

TERMINAL: Saint-Etienne train station.

SPECIAL REQUIREMENTS: Bring good walking shoes and working shoes, working gloves, a warm sleeping-bag, and a waterproof windbreaker. The community will offer a small bus to the workcamp group to facilitate his mobility.

Renovation of the « caponnière » in the Castle of the Mont

PROJECT: You will help to strengthen a new partnership with the Cities around Albertville, and particularly you will work on a site which is full of history for the inhabitants. This castle helped the cities around to be protected for decades, when the region was disputed between France and Italy. Nowadays, there is nothing left to be afraid of, so you will help to restore a small part of the castle which is not shown to the tourist today, because it doesn't look good enough.

WORK: In this part of the castle, the old walls are falling apart and are therefore not open to the public. Guided by the technical leader, you will clean the place, and afterwards restore the masonry with stones.

LOCATION: In the heart of the Savoie region with Alps Mountains surrounding you, you will find the closest city to about 15 minutes by car, and you will work and live right in the castle during the all project, at an altitude of 1130m. Enjoying being in the nature is advised. This closest city is Albertville, which welcomed the Olympic Games in 1992. The city will lend 2 buses so that you can discover the region during your free time (afternoons and weekends).

ACCOMODATION: Inside the castle, with everything needed (kitchen, showers, toilets)

TERMINAL: Albertville train station.

SPECIAL REQUIREMENTS: Bring working gloves and clothes, walking shoes, warm clothes, a warm sleeping bag, a camping mat, a backpack and a swimsuit. The city may provide occasionally a bus to see around during the free time. More info: <http://www.albertvillefortifications.com/>

PROJECT: Concordia will organize its 4th workcamp this year with the district of le Pays de Sommières. The volunteers will work in one of the district's villages: Villevieille, where recent archeological excavations have led to the discovery of an old Gallo Roman Villa. The objective now is to restore the area so that visitors can visualize the lay-out of the place during the Roman period (3rd century A.D.).

WORK: You'll have to build low walls in order to delineate the shapes of the houses and rooms of the old Roman Villa.

ACCOMMODATION: In a building in the village.

LANGUAGE: English.

LOCATION: In the south of France between Nîmes and Montpellier, in a very touristic area. Villevieille is used to host groups of archeologists during the summer and the local population has made last year's volunteers feel very welcomed. There will be opportunities to visit the area.

TERMINAL: Nîmes train station, then local bus to Villevieille.

WORK: Restoration of the old bread oven in the center of the town and one other 1,5 kilometer from the center. Work -> Exterior cleaning: roof (remove invasive vegetation), repair joints inside the building and delivery of stone by stone delivery locations in places inside the oven (door).

ACCOMODATION: You will be accommodated in the school of the village in the center. Jeunesse et Reconstruction will make you available mattresses. Bring your sleeping bag and WARM clothes. Toilets in the school. One shower in the municipal building. You will create solar shower. You will cook in a room of the school; there are refrigerator and cook; dishes and kitchenware will be provided. There is one shop in the village; you could also visit the local producers to shop (meat, cheese, vegetables). Jeunesse et Reconstruction will not be responsible for you if you arrive before the beginning of the project; no possible accommodation if you arrive before the beginning of the project.

LANGUAGE: ENGLISH / and : French

LOCATION: Chalvignac is a charming village of 500 inhabitants in the south-west of the Auvergne region, near the Dordogne's Gorges. Its natural surroundings are exceptional, with beautiful landscapes. The village has a lot of built heritage buildings, as witnesses of the historical past of Chalvignac. The volunteers of the Miremont et Petit Patrimoine Association will make you discover all of these resources. Taking part to the Chalvignac workcamp represents a way to be integrated in the local life for 3 weeks and to discover the local culture: Miremont Castle celebration (the 12th, 13th and 14th of July), the Crouzit-bas hamlet fest. You will be proposed some visits, excursions and some sports with the local youth during your stay.

The village is 900 metres high; WARM SLEEPING BAG AND CLOTHES NEEDED, especially during the nights. Toilets in the building. Solar showers that you will build. Equipped kitchen in the building where you will prepare your own meals. No shop in the village. You will go from the accommodation to the working place with a car rented by the municipality. Jeunesse et Reconstruction will not be responsible for you if you arrive before the beginning of the project; possible accommodation: B&B La Paravent (tel.: +33 4 71 03 54 75)

LANGUAGE: ENGLISH / and : French

LOCATION: Chaspinhac has 800 inhabitants and is located 15km north of Le Puy-en-Velay city (no transportation to go to the city). It's a village with a huge history which attracts tourists and hikers, especially with its preserved environment. Several sites have environmental protection: the Loire's Gorges, the Loire's Valley. One of the hiking path crosses the Saint-Quentin site and offers a beautiful view on the Loire's Gorges. The hamlet of Saint-Quentin, built during the 19th century, hosted farms years ago. Deserted for 70 years, the buildings are becoming ruins. You will be proposed some activities during your stay: visits, hikings, excursions. This workcamp is for those who like nature and are really interested in the environmental/ecological dimension. You will meet local organic farmer and taste great produce.

Description of JR14/212

Workcamp: ROCLES, VOLUNTEERS FOR THE ENVIRONMENT

Valence 06/07-26/07/14 ENVI , 18/30. 11 VOLS

WORK: You will participate to the restoration of a footpath that should connect Rocles village to the neighbor community of Joannas. You will be supervised by elders for clearing, carrying away the cut branches, possibly also for installing signage and benches along the path! You will work 4 to 5 hours every morning. Besides these working hours you may be asked to help the local volunteers and elected members to organize a celebration evening for the village. In the last week of your stay, you will be in charge of realizing a photo exhibition that reflects the workcamp, its memorable moments, the results of the work; these photos will be exhibited to the inhabitants and will be showed afterwards by Jeunesse et Reconstruction on diverse events to promote volunteer projects.

ACCOMODATION: You will be hosted next to a communal building in rather basic conditions. You will sleep under tents installed on a field (tents and mattresses provided by Jeunesse et Reconstruction; don't forget to bring your own sleeping bag!). Kitchen and WC available in the communal building. For showers: solar installation outside + you will have access to one shower stall in the building. NO WIFI in the village! Meals will be prepared together and shared with the whole group, and you are expected to contribute to everyday tasks (cooking, washing up, cleaning...). To be noted: we cannot take care of you if you arrive before the work camp starting date, neither beyond the end date..

LANGUAGE: ENGLISH / and : French

LOCATION: Rocles is a small village in the Ardèche mountain, quite isolated but very welcoming! Located 30 km away from the next town, Aubenas, Rocles has only two shops: a bakery and a restaurant. The inhabitants, especially the youngsters, will be ready to show you around. Possible leisure activities: hiking, horse riding, diner at locals, meeting with volunteers from other workcamps. You may participate in organizing a big celebration evening for the village, with the local volunteers and elected members. In the last week of your stay, you will be in charge of realizing a photo exhibition that reflects the workcamp, its memorable moments, the results of the work; these photos will be exhibited to the inhabitants and will be showed afterwards by Jeunesse et Reconstruction on diverse events to promote volunteer projects

TERMINAL: Valence

LOCATION: Located 10 km south of Valence, in the Drôme department, Etoile (5000 inhabitants) is a town which overhangs the Rhône valley. Its village, at the heart of an enclosure of the 15th century, reveals an architectural heritage of quality: church, apparent-stone houses, chapel and castle. As for its countryside, it is characterized by much diversified landscapes (edge of river Rhône and Véore -, agricultural and fruit-bearing zones, hills and woods). The teenagers of the MJC will be happy to share some leisure activities with you (sports, visits) and some other local organization as well. Lake festival at Etoile and national day on 14th of July; meeting with other workcamps. Other possible free time activities (you can organize them, at your charges, with the coordinator): discover of Crest (visit of the Tower, old town) and of various sites of the Drôme valley such as Die (old town and cooperative cellar), Saillans (magnanerie), Aouste (oil mill)...; possible visit of the towns of Valence, Montélimar (museum of the miniature and manufacture of nougat), Romans (the shoe museum); excursion to discover the Vercors mountains. WORK: You will work for the arrangement of a small square located at the door of the ancient town. You will first have to demolish the concrete surfacing and to carry away the rubble and the ground. Led by local volunteers and municipal employees, you will then participate in the 'landscape' arrangement of the location. You will work 4 to 5 hours every morning!! A LOT OF HANDLING needs to be done, the work can be quite physical!

ACCOMODATION: You will be hosted in the Centre Pépin, a communal building in the town center, designed for hosting groups: collective rooms, WC and showers. Jeunesse et Reconstruction will provide you with bed sheets; don't forget to bring your own sleeping bag! Meals will be prepared together (cooking place still needs to be specified) and shared with the whole group, and you are expected to contribute to everyday tasks (cooking, washing up, cleaning '). To be noted: we cannot take care of you if you arrive before the work camp starting date, neither beyond the end date..

Description of Workcamp: SJ16 ESPRELS 5/07/14 ¿ 26/07/14 RENO 15 volunteers 18+

Project : This project has been put in place by the Beaumotte Center association and the community of Esprels, regular partner of our projects for the last 5 years. This youth workcamp has become an invaluable part of the summer for the local community. They look forward to this time of year with impatience and can hardly wait to discover your culture and participate in the exchange of their own.

Work: You will take part in the renovation of a stone wall in the heart of the village. The wall, 2m high and 14 m in length, started in 2013, will be completely reconstructed by volunteers over the course of three weeks in accordance with traditional techniques of masonry. This workcamp requires no special skills.

Leisure activities: The town and its mayor wish to offer a unique experience to the group of volunteers being hosted in Esprels. You will have the chance to visit a good number of tourist attractions in the village and in the region of Franche-Comté with locals. Weather permitting, swimming and hiking will make up part of the program. Notably you will visit the town of Besançon, take part in the national celebration of the 14th of July organised by the community, and organize traditional international meals.

Accommodation: indoors, in a local school. You will sleep on cots in a shared room. Bring your sleeping bag.

Situation: Esprels is located 20km from Vesoul.

Nearest train station: Vesoul

12 vols 18+

Project : The municipalities of Bocage Bourbonnais are working together on the enhancement and vitality of the region by organizing an international workcamp each year. This year the municipalities have decided to repair and update the pathway markers used on some hiking paths of the area.

Work: On the chosen paths, you will first make an evaluation of the current pathway marking system. Then you will work on improving this system : you will repair the current components of this system (wood work, painting, landscaping) and install additional pathway markers.

Leisure activities: This project will allow you to visit and discover the area and local activities, including Tivoli's Garden, a medieval fair in Souvigny, and various other forms of local historical heritage. Volunteers participating in these workcamps can discover the birthplace of the Bourbon dynasty (the kings of France from the 16th to the 19th century). A van will be available to you as a means of transport between these locations.

Accommodation: in tents at campsite near a lake

Location: Vieure, 40km west of Moulins sur Allier

Nearest train station: Moulins sur Allier

Places: 2

Description of Workcamp: SJ 28 ALBIAS INTERNATIONAL WORKCAMP 09/07/14 ¿ 29/07/14 RENO/ENV
13 vols 18+

Project : This is the second workcamp taking place in Albias. This lovely village was built in the 13th century, on the shore of the Aveyron river, in the heart of the region's farmlands. A national road, connecting the famous towns of Montauban and Cahors, dating from the 18th century crosses the village. The centre, made of brick and stone buildings is being renovated by the municipality. You'll be welcomed by a dynamic and motivated municipal team, as well as friendly inhabitants who will guide you in the village, to discover its heritage, its park on the river shore, and its summer events.

Work: The work will consist of several tasks in various local buildings and along the Aveyron's riverbanks. You will restore the presbytery's pannellings, clean and paint the church and temple's front doors, paint the temple's brick floor and refurbish the church's bell tower. Deadwood and detritus will also have to be removed from the Aveyron's banks so that walkers can enjoy this natural place. A couple of retired masons will help you on these tasks partly based on the village's Christian heritage.

Leisure activities: You will take part in the summer events such as open-air movies and the July 13th public dance. You will be free to enjoy the natural parc located near the river. Popular options will also consist of hiking, and canoeing. On a cultural side you can also visit Montauban and its famous Ingres Museum or the medieval villages of Penne and Bruniquel. Meetings can be organised with the Leisure Center to create an interactive presentation of your countries of origin.

Sharing with the inhabitants is also an important part of the experience.

Accommodation: in collective rooms in the presbytery, where you will have access to a kitchen and a garden. Showers will be taken at the nearby stadium.

Location: Albias, 65 km North-East of Toulouse, between Montauban and Cahors.

Terminal : Montauban

INSURANCE

Description of Workcamp: SJ 31 TAILLEBOURG 11/07/14 ¿ 01/08/14 RENO/CULT 12 volunteers 18+

Project: Enchanted by hosting an international workcamp in 2013, the community of Taillebourg wants to repeat this experience and add an intercultural dimension to the local level. The workshop will take place at the village castle (listed as a French government building). The volunteers will work on the restoration of a part of the castle ramparts.

Work: Continuing the previous year's work, volunteers will reconstruct a wall of the castle ramparts. A technical overseer will accompany the volunteers throughout the project and will instruct them in the techniques of traditional masonry including the repointing and sizing of stones. Moreover, the volunteers will have the opportunity to participate in a medieval show proposed by the community and produced by the Company of Minstrels of Taillebourg county.

Leisure activities: Volunteers will be able to enjoy the cultural activities of the region. Excursions will be organized as moments of exchange with locals: national holiday of the 14th of July, visit to La Rochelle, trip to the ocean...

Accommodation: collective

Location: Taillebourg, Charente Maritime, 12 km from Saintes and 65 km from la Rochelle.

Nearest train station: Taillebourg

Max Age: 30

Places: 2

Description of Workcamp: SJ 37 MINES OF VALLAURIA ¿ TENDE 2 20/07/14 ¿ 02/08/14 RENO 10 vols +18

Project: Since 1960, the Neige & Merveilles association has been taking over and renovating the old buildings of the Vallauria Mining Works, creating a sustainable learning center and accommodations. After decades spent renovating and remodeling the old mining site alongside various specialists (geologists, mineralogists, archaeologists, speleologists), in 2009 the association turned its thoughts towards enhancing and capitalizing on this cultural heritage. The first step in this process was to carry out an inventory of the old mines and the of the current conditions of the site. The mining heritage of Vallauria is characterized by spectacular ancient underground mining works. The Vallauria Mining Works project embodies a desire to develop activities for the community within the framework of local sustainable development, while opening the site to a large public.

Work: The project will involve improving the safety of the mines by clearing and cleaning the ground in the heart of the mine and in its main tunnels. Volunteers will employ traditional construction techniques such as dry stone construction (retaining walls, stairs). Part of the work involves the evacuation of rubble using wheelbarrows along wooden duckboards. You will be supervised by a cultural heritage restoration professional.

Learning and Leisure activities: An educational facilitator will accompany the group during their stay, encouraging the young people to get involved in the cultural dynamic by giving them a chance to discover the findings of research carried out on the geological and mining heritage of Vallauria. Our aim is to encourage young people to engage in discovery, to develop initiative, and to take part in sports and cultural activities which facilitate self discovery and cultural exchange.

We can offer them opportunities to discover the region¿s historical and cultural heritage (national park and Vallée des Merveilles [¿valley of wonders¿], medieval villages), to take part in formal and informal encounters with people working in the mountains (shepherds, guides), to participate in local cultural festivals, and to take part in high-adrenaline sports activities (via-ferrata, assisted climbing routes, canyon climbing) etc.

Accommodation: Indoors, six-person bedroom with bathrooms and showers. Bring a sleeping bag or bed linen.

Catering: Volunteers are asked to lend a hand with clearing tables and waste in the dining rooms and with washing up, and they will help in the preparation of some meals.

Situation: Tende, located 80 km from Nice, 50 km from Monaco

Nearest train station: Tende

Airport: Nice

Description of Workcamp: SJ 43 SOUVIGNY ¿ MEDIEVAL FAIR 26/07/14 ¿ 15/08/14 CULT 12 vols 18+

Project: For 20 years, the association of ¿Souvigny Grand Site¿ has invited volunteers to participate in the preparation and management of a major medieval festival. This festival attracts about 30,000 visitors.

Work: The team will help with the installation of festival materials, the organization of stands and festival activities, and will help remove these materials at the end of the festival. Please note that this work camp is challenging and demands strong commitment from the volunteers.

This year, you will also be able to take part in a project during the festival: you will work as reporters, collecting testimonials from people involved in the Medieval Fair and anecdotes from the festival-goers, and eventually you will write a small gazette covering the events of the festival.

Leisure activities : you will be able to visit the surrounding area and nearby museums and towns. The event organizer will assist you with transportation.

Accommodation: in a public building, in Souvigny.

Location: Souvigny (Allier), 10 km from Moulins-sur-Allier

Nearest train station: Moulins-sur-Allier

Min Age: 18

Max Age: 30

Places: 2

Description of Workcamp: SJ 44 THE GARDEN OF SAINT-PIERRE'S CHURCH 26/07/14 ¿ 16/08/14
RENO 15 vols +18

Project: Following several work camps organised by the association Vir'Volt in La Ferté-Alais between 2003 and 2006 and in 2013, the town council has once again asked the association to develop an international work camp for the benefit of its community. The work camp relates to the council's wish to turn Saint Pierre's church, which was first built in the 11th century but has been abandoned for more than a hundred years, into a cultural space open to all of its inhabitants.

Tasks: Due to its age and architectural interest, Saint Pierre's church is protected by law and any renovation work must be carried out using historically-accurate techniques. Last year's work camp cleared a plot of land behind the church, which used to be a garden. Under the guidance of an expert architect, this year volunteers will use traditional techniques to rebuild two low stone walls in order to mark the entrance to the garden.

Leisure activities: Volunteers will have the opportunity to meet the local population and to explore their surroundings. Nearby there is a regional natural park called Gâtinais, an educational farm and an aerodrome. You will also be able to take advantage of events taking place in the local community such as concerts or canoeing. Volunteers will be able to organise their own collective activities depending on their wishes and the available budget.

Accommodation: You will sleep in tents on the town campsite. Participants are required to bring along a sleeping bag.

Location: The town of La Ferté-Alais is located 50 km South of Paris, in the Essonne region.

Closest train station: La Ferté-Alais

Observations: This project should not be seen as a sightseeing trip to Paris. If participants wish to visit Paris, they should arrive some days before or leave some days after the dates of the summer camp.

INSURANCE

Solidarités Jeunesses provides insurance for accidents and civil liability (accidents caused by participants, damages that result from the conduct of the insured). This insurance doesn't cover sicknesses that may occur during your stay in the workcamp.

Description of Workcamp: SJ 53 MASONRY OR WATERWAY MAINTENANCE 02/08/14 ¿ 23/08/14 RENO 13 volunteers 18+

Project : The project will take place at Lasalle, a commune of Cévennes. The village is lively all year long and hosts approximately 280 events per year. The workcamp will take part in this spirit of activity and local life.

Work: The task to be carried out by the group of volunteers is as of yet undetermined. A new community council, which is set to convene in April, will define the terms of the project. However it is certain the task will consist either of the continuation of the workcamp from the previous year, meaning the restoration of dry-stone walls or the maintenance of a nearby waterway. Volunteers will also be asked to provide support from time to time to municipal employees during village celebrations and festivals, assisting either with storage or general clean-up.

Leisure activities: Through the project itself, but also through contact with locals, participants will have numerous opportunities to discover local life during this time of local festivals, including a votive celebration and a bowling festival which takes place just beforehand..

Accommodation : In tents. The group will use the stadium cloakroom, which will be converted into a living and dining area, and also the stadium's sanitary facilities (showers, bathrooms)

Location : Lasalle, a small community of 1100 residents, situated in Cévennes Gardoises, is close to Saint Jean du Gard and Vigan.

Nearest railway station : Alès or Nîmes (40 minutes by car). Bus stop at Thoiras (line EDGARD N° A12)

Description of Workcamp: SJ 54 AMANCE 2/08/14¿ 23/08/14 RENO 14 volunteers 18+

Project : This project has been put in place by the association the Centre of Beaumotte and the community of Amance, a small town typical of the Haute-Saône region.

Work: You will participate in the construction of the retaining stone wall of the cemetery located at the entrance to the town, employing traditional masonry methods. This project focuses on the renovation of this wall including the removal of and the rebuilding of the damaged parts. This task does not require specific skills.

Leisure activities : The afternoons will be devoted to the discovery of the region and connecting with the local population. Specifically, you will be able to take part in meals in the residents' homes, discover the cultural heritage of Franche-Comté, and organize various excursions and walks. The traditional « Goose » fair, which celebrates local traditional artisans will take place during one of the same weekends as the workcamp. A fairground and a second-hand goods market will complete the festivities, which bring together over 10,000 people.

Accommodation: Indoors, in a community building. You will sleep on cots in a shared room. Bring your sleeping bag.

Location: Amance is located 20 km from Vesoul

Nearest train station: Vesoul

INSURANCE

Solidarités Jeunesses provides insurance for accidents and civil liability (accidents caused by participants, damages that result from the conduct of the insured). This insurance doesn't cover sicknesses that may occur during your stay in the workcamp.

Max Age: 30

Places: 2

Description of Workcamp: SJ 57 CLAUSSONNE ABBEY 2 03/08/14 ¿ 23/08/14 RENO 12 vols, 18+

Project: The Claussonne abbey is situated in the Saix commune, a small village in the canton of Veynes in the Hautes-Alpes. Today, only the remnants of this 12th century building are found, destroyed, burned, rebuilt and finally used as a farm and school in the 19th century¿. Claussonne remains however a remarkable site, sharing the beauty of the wildness that surrounds it : situated at 1200m of altitude, in the heart of a vast « circus » of mountains, the abbey became the route point for numerous hikers that visit the Haute vallée of Maraize. Thus, rather than let the vegetation once again cover the ruins of Claussonne, the inhabitants of Saix founded an association 20 years ago in order to highlight this site.

Progressively, thanks to numerous international workcamps that have worked there, this place lives again and is at present open from April to October. The workcamps organised at the Claussonne site are received by the hosting centre of the Fai farm, not far from there. The Fai is an extraordinary place, there you will also find young people in difficulty, employees in training, professional artists or long term volunteers. We hope during your stay at the Fai that you will bring your willingness and good humour to bring the spirit of encounter to life and to work together to animate this place.

Task : The planned work focuses on one part of the building that was added in the 19th century, the period when the abbey was used as a livestock farm. This part, called « the cochonniers » fell down. In order to preserve what remains of the building and to make the site safe, it is necessary to strengthen the masonry. This work will allow you to discover traditional masonry and introduce you to the conservation of historic monuments.

Loisirs : Situated in a remarkable natural environment, Claussonne is an exceptional place to discover the pleasures of mountain hiking and life in a rural area, with its local markets and producers. In the evenings at the Ferme du Fai, you will be able to organise games, project movies and international meals. During the workcamp, touristic outings to discover the towns and villages of the region may also be organised and you will participate in the music festival.

Accommodation: In rooms at the ferme du Fai

Location : Claussonne, 5km from the village of Saix, 30km from Gap, 200km from Marseille

Closest train station : Veynes Dévoluy

INSURANCE

Solidarités Jeunesses provides insurance for accidents and civil liability (accidents caused by participants, damages that result from the conduct of the insured). This insurance doesn't cover sicknesses that may occur during your stay in the workcamp.

Description of Workcamp: SJ 58 PAYS DE CHARLIEU ¿ RURAL HERITAGE 04/08/14 ¿ 24/08/14 RENO 12 vols 18+

Project: The municipality of Pouilly-sous-Charlieu has organized workcamps for many years and once again it welcomes volunteers to help with the renovation of its cultural heritage.

Work: You will be working on the construction of a stone wall along one of the village paths, and on the renovation of the fences and the gates of an old school where you will be hosted during the workcamp, and which is usually a youth center. You will also build a wood fence around an old area called « The Idlers' Cross » which is located near the Loire river and the old village harbor.

Leisure activities: The area is very eventful in the summertime. This project will allow you to meet people from all over the world and from various regions of France, to get to know the rural French way of life, and to visit nearby cities (e.g. Roanne and Lyon) and tourist attractions.

Accommodation: in a local school.

Location: Pouilly-sous-Charlieu (Loire), 15 km from Roanne

Nearest train station: from Roanne railway station, a bus will carry you to Pouilly sous Charlieu.

INSURANCE

Solidarités Jeunesses provides insurance for accidents and civil liability (accidents caused by participants, damages that result from the conduct of the insured). This insurance doesn't cover sicknesses that may occur during your stay in the workcamp.

Description of Workcamp: SJ 62 SEVRE'S WATER-MILL 08/08/14; 29/08/14 ENVI/RENO, 12 volunteers, 18+

Project: Saint Maixent is a charming historical village traversed by a small river (the Sèvre Niortaise).

By means of this project, Solidarités Jeunesses is collaborating with a local association, the Free Trade-Union Association of the Riverside of the Sèvre Niortaise, which coordinates the hydraulic activity of 25 mills. The workcamp will be located upstream of a mill and the volunteers will renovate the stone floor (flood barrier) where a leak has complicated the flow of water.

Work: Firstly the group will block the flow of the river with sandbags in order to be able to then work on and strengthen the wall. The volunteers will be responsible for the construction of this stone wall. Volunteers from the association will instruct the group of volunteers in certain traditional masonry techniques, lime work, clay work... The volunteers will also be able to discover certain techniques of the hydraulic systems.

Leisure activities: Numerous activities will be available including canoeing, boat rides, fishing, visiting the mills... but also excursion for discovering the region: towns, the Poitevin marsh, the ocean. The locals hope to enjoy a cultural exchange with the young volunteers.

Accommodation: collective, indoors.

Location: Saint Martin of Saint Maixent, Deux-Sèvres, 26 km from Niort et 53 km from Poitiers

Nearest train station: Saint Maixent l'Ecole

INSURANCE

Solidarités Jeunesses provides insurance for accidents and civil liability (accidents caused by participants, damages that result from the conduct of the insured). This insurance doesn't cover sicknesses that may occur during your stay in the workcamp.

Description of Workcamp: SJ66 FESTI'VAL FRAICHEUR OF TORCY 12/08-02/09/2014 RENO/CULT
15 vol +18

Project: This summer the town of Torcy is hosting the third edition of the 'Festi'Val Fraicheur', an urban-culture festival, organised by local youth associations, which showcases performances of music, graffiti and break dancing. The aim of this festival is to promote the expression of cultural diversity, to create links between different generations of people and to encourage young people to engage with their community.

Work: As a volunteer in this camp you will work with local young volunteers from various partner organisations to help to prepare the park where the festival takes place. The work will focus in particular on an old amphitheatre in the park, in order to make the venue accessible and safe to all, as well as attractive. You will also help to promote the festival in the local community and act as stewards for the public during the festival itself. After the event, you will help to clear the site of the festival and celebrate the end of the project with the local partners!

Leisure Activities: Volunteers will have the opportunity to meet many other young people from the community of Torcy and its surrounding areas. The group will also be able to arrange other activities according to the opportunities and the available budget.

Accommodation: You will sleep on mattresses in a local gymnasium.

Location: Approximately 30km east of Paris.

Closest Train Station: Torcy RER

Note: This project should not be seen as a sightseeing trip to Paris. If participants wish to visit Paris, they should arrive some days before or leave some days after the dates of the summer camp.

INSURANCE

Solidarités Jeunesses provides insurance for accidents and civil liability (accidents caused by participants, damages that result from the conduct of the insured). This insurance doesn't cover sicknesses that may occur during your stay in the workcamp.

Max Age: 30

Places: 1

Description of Workcamp: U06 Colline de Sion 07/07/2014 - 28/07/2014, reno +18, 12 places

The project : In the Saintois territory, the horseshoe-shaped hill of Sion reaches 542 meters above sea level. It dominates the plain of Lorraine and offers an infinite panorama on the old traditional orchards. On the south side, the visitor discovers the vestiges of a fort built by the count of Vaudemont. Reconstructed in 1741, the basilica of Sion celebrates the cult of Mary which is the object of pilgrimages even today. A Virgin overhangs the impressive tower of 45 meters high.

Work : The goal of this workcamp is to renovate the old Vautrin farm. You will remove the old flooring and make a new one, and you will restore ancient walls.

Activities : On your arrival, leaders will propose several activities; but your ideas are welcomed and everything can be discussed. So be imaginative, the workcamp is a place for having fun! We don't expect you to do activities on your own, you will live an experience in a group and things are planned within the group.

Location : This site is the most visited in Meurthe et Moselle, it is the object of a quite particular attention because it shelters numerous vestiges but also protected species... You will work with numerous associations really involved in the protection and the animation of this site which can host several thousands of people in a weekend!

Accommodation : in a building, with beds, on the site of the Colline de Sion.

Nearest big town : Sion

Nearest airport : SXB STRASBOURG

Terminal : Vézelize

INSURANCE :

Our association covers the volunteers from the first to the last day of the project (civil liability, personal accident, assistance repatriation). Our insurance does not cover lost or stolen objects, or illness (except those due to accidents).

Description of Workcamp: U08 Ruisseau de Gincey 07/07/2014 - 28/07/2014, envi/reno, +18, 12 places

The project : During the period of regrouping of lands, the town of Eulmont exchanged agricultural lands to get natural spaces to protect, including forests and wet lands, with the aim to start a process of conservation and valorisation. Indeed, these sites have a high ecological and natural heritage value.

Work : We will create a Discovery path along the banks of the Gincey stream. We will also make the site secure to protect local fauna and flora.

Activities : On your arrival, leaders will propose several activities; but your ideas are welcomed and everything can be discussed. So be imaginative, the workcamp is a place for having fun! We don't expect you to do activities on your own, you will live an experience in a group and things are planned within the group.

Location : The city of Eulmont is under very careful attention because it gathers numerous vestige from the past and is also a shelter for protected species. You will work with several organisations very committed to protecting the site.

Accommodation : You will be accommodated in a building not far from the site.

Nearest big town : EULMONT

Nearest airport : SXB STRASBOURG

Places: 1

Description of Workcamp: U14 Thiers- La vallée des Rouets 15/07/2014 - 31/07/2014 envi/reno 18 ¿ 25, 12 places.

The project : You want to share a great intercultural exchange ? You want to restore natural and build heritage ? You are ready to learn more and raise awareness about environmental protection ? Don't hesitate and just take a trip to Thiers ! During two weeks, you will help restore natural and built heritage along a lovely valley. The town of Thiers is hosting a workcamps for the second year, and this year again you will be share the works and daily life with a team of local volunteers from the town.

Work : You will restore the Vallée des Rouets (valley of the spinning wheels), which has been damaged during a big storm. you will mainly help to restore built heritage there, water mills, and help to preserve some of the natural heritage too.

Activities : On your arrival, leaders will propose several activities; your ideas are welcomed and everything can be discussed. So be imaginative, the workcamp is a place for having fun! We don't expect you to do activities on your own, you will live an experience in a group !

Location : The workcamp will take place in the city of Thiers, French capital for Knife making. Its long knife-making history makes it a town with a lot of industrial heritage and especially along the Vallée des Rouets (Valley of the spinning wheels). With about 12000 inhabitants, it is located in the Puy de Dome departement, in Auvergne region, about 40km from Clermont-Ferrand. Numerous walks and hikes are possible to discover its beautiful environment.

Accommodation : You will install your tents at the nautic station Iloa, lovely place at 10minutes by car from the workcamp. Iloa is well known for its lake, its leisure spaces, sports fields, perfect to share joyful moments full of meeting.

Special Requirements : You will share your workcamp with local youth, living in Thiers. Be ready to share and exchange !

Description of Workcamp: U15 Grigny 19/07/2014 - 06/08/2014 cult/envi, +18, 10 places

The project In partnership with the young people of Grigny, you will participate to embellish their reception and information center. You will be living-in with the other volunteers around the the Children and Nature's House and will participate with the work activities as well as the daily activities. Come and share an adventure full of rewarding meetings in the Parisian area !

Work : The work camp will be divided into three types of work. The first part will be for the realization of two Graffiti on the front wall of the information center. The second part will be for the realization of a mosaic signboard (Grigny is a well known city for its mosaic) and the third part will be all different. It will allow you, on the site of the solidarity garden, to be introduced to the farm work, and help the workers with the plantations and summer harvest.

Activities : The city of Grigny offers a lot of activities for your leisure time. You will be located around the Essonne lake, protected site of biodiversity, which allows walks, bike rides, and nautical sports activities. The city of Grigny, rich with its diverse cultures, will welcome you in its famous open market. Close to Paris and Versailles, you will have an unusual and exotic tour around the capital of France. You will work on planning your spare time and activities with the help of the camp team.

Location : Grigny is a French town located 23 km away from Paris, in the Essonne department in the region of Ile-de-France.

Accommodation : You will stay in the Children and Nature house, in tents in the garden. The house will be your main stay-in space with a large kitchen and a large welcoming living-room. You will be around the Essonne lake, in a calm place a bit isolated from the city.

Special Requirements : We plan on having sports activities, particularly nautical sports activities, during the spare time. Please note that you will share farm work with workers in long term inclusion program, often facing personal or professional difficulties.

Initial Date: 08/08/2014

Final Date: 28/08/2014

Min Age: 18

Max Age: 30

Places: 1

Description of Workcamp: U22 Cernay 08/08/2014 - 8/08/2014, reno, +18, 15 places.

The project : Inside Chevreuse Valley's Natural Park, in a remarkable historical site, you will contribute to value the 'Petit Moulin de Cernay'. This workcamp will mark the beginning of this property's valorization project. You will be living-in on the site with the other volunteers, and you will participate to the work activities as well as the everyday life ones. A camp leader and a work leader will be there to be your day after day guidance in those activities. You will be living a great adventure in that beautiful cultural heritage that is the Valley of Chevreuse.

Work : The project will be divided into two types of complementary work. An old abandoned wash house needs a deep-cleansing, which includes removing the ivy and vegetation that cover it, remove a fence that spoils the beauty of it, and some stonework to emphasize it. In parallel, two small bridges require the same type of cleansing work and the survey of the soil covering the pavement, in order to regain its original state.

Activities : The Regional Natural Park of the Upper Chevreuse Valley offers a perfect setting for cycling or walking, castles and abbeys are essential halts in the region. Near Paris and Versailles you will participate in an original and alternative tour of the capital. In cooperation with the camp leader and the group of volunteers you will plan your spare-time and activities.

Location : The Vaux de Cernay represents one fifth of the surface of the classified site of the Chevreuse Valley. It provides a high level of natural and landscape preservation (Biological Reserve NFB forest, Natura 2000 site). The presence of windmills of great historical interest, small waterfalls, the nearby Abbey of 'Vaux de Cernay' classified historic monument, give the site a very important heritage interest. The Le Petit Moulin is the keystone of the whole site. Its opening to the public and the new activities allow the redeployment of visitors on this very famous touristic site in Chevreuse Valley, as well as the preservation of natural areas bordering the Abbey.

Accommodation : You will stay in the Petit Moulin's propriety in tents in the garden, the house will be your main living space with a large kitchen and a large and welcoming living-room.
