Project Descriptions

Background/Project: Nepal is one of the poorest countries in the world, with over 35% of the population living below the poverty line. Access to proper health and sanitation facilities is often very limited and awareness of correct hygiene practices is low. Only 46% of the population has access to toilets, leaving 54% to practice open-air defecation. A baseline survey conducted by VIN indicated that 26% of the Jitpur Phedi communities are illiterate, Hygiene awareness and access to health and sanitation facilities is also very low, with VIN and community estimates suggesting that around 350 out of 10033 households do not have access to a permanent toilet and low standards of hygiene contributing to high instances of gastrointestinal and other illnesses.

VIN intends to achieve "stool-free" (Open Defecation Free) status for Jitpur Phedi, with each family having access to and being motivated to use a toilet. The implementation of the Stop Open Defecation Campaign is expected to generate a significant improvement in the health and sanitation conditions of the community, observable as a reduction in the occurrence of sickness within the community and an improved quality of life. In this time, VIN has supported the building of over 200 toilets in Jitpurphedi community. Volunteers can contribute building toilets for the needy households and educate them about health and hygiene.

Objectives: To construct toilets to the needy households, to raise awareness on health and sanitation to community people and to Stop Open Defecation.

Work: Toilet construction and awareness raising.

Location: Jitpur community of Kathmandu District, which is only about 11 km away from main ring road to Balaju, Kathmandu

Accommodation: The volunteers will stay with the host family/hostel identified by VIN. The living facilities are simple and basic. Male and female Volunteers will share the same living area with separate rooms. There will be 2-4 persons in one room. Volunteers are required to sleep on the simple beds. Please bring your sleeping bag.

Language: Basic English should be spoken among participants

Fee: The participation fee will be 250 Euros to be paid on your arrivals; this will cover foods, transportation for airport pick up and pick up and drop to the working community, accommodation, administration cost, material for the camps, T-shirt,

and VIN certificate of participation. Volunteers are requested to bear their own health and travel insurance. Please keep it in your mind that all personal expenses and free day expenses are excluded.

Meeting point: VIN office, Balaju on the first day at the latest 12.00 midday.

Airport : Tribhuwan International Airport, Kathmandu

Leisure Activities: Either before or after your workcamp, there exists the option to undertake a short VIN-organized tour to one of Nepal's nearby attractions. (The detail info sheet and acceptance letter will be sent from VIN after we receive your Complete Volunteer Exchange Form from the sending organization)

Project Description:

Background/Project: Child Development is one of the major programs of VIN's Integrated Community Development Approach. Goal of the Children development program is to protect the rights of all children in the Jitpur community by providing them with access to basic quality education, developing their life skills & providing access to health services through community health program. VIN has different projects in children development program such as Children's Clubs (CC), Early Childhood Development (ECD) School Attendance Project (SAP) and Orphanage. VIN welcomes volunteers from across the globe so as to assimilate the children with the latest teaching methodology and way of providing care. Besides, it aims to orient the teachers about skills, technology and other aspects of the broader world to the closed Nepalese community through interaction. The volunteers paint and decorate classrooms, library and the surrounding of the school.

Objectives: To work for Children development project and exchange the experience, paint and colour the classrooms to make it child friendly, teach different skills to the children.

Work: Children's Club-Conduction of session on experience sharing, creative writing, Child Rights, community drama etc. Early childhood Development centers (ECD)- Assisting ECD teacher for caring & teaching ECD kids, Orientation of parents on good parenting for Early Childhood Development, Outreach Campaign for mass awareness raising of parents on good parenting for early childhood development, Painting and Decoration of classrooms with locally available materials

Location: Jitpur community of Kathmandu District, which is only about 11 km away from main ring road to Balaju, Kathmandu

Background/Project: Children Development is one of the major programs of VIN's Integrated Community Development Approach. Goal of the Children development program is to protect the rights of all children by providing them with access to basic quality education, developing their life skills & providing access to health services through community health program. VIN has different projects in children development program such as Children's Clubs (CC), Early Childhood Development (ECD) School Attendance Project (SAP) and Orphanage. There are altogether eight schools & one community based Early Childhood Development (ECD) centers in the Jitpurphedi community. Most of the schools do not have compound walls, and they even don't have child friendly classrooms and enough educational materials.

VIN aims to empower the children of Jitpur Village Development Community (VDC) (project area) through educational programs and trainings. VIN is supporting schools of Jitpur VDC through the volunteers involved in construction and maintenance, Painting, gardening, teaching English and creative arts at schools and sharing their skills.

Objectives: To paint the wall and fence of school compound, To make the ground plain, To make garden around school area, To paint the school wall, To promote friendship, understanding and solidarity among local people and international volunteers.

Work: Fence/ Wall painting and decoration, Gardening, Clear the ground.
