Description of Workcamp: VYA&#8208; Hondao&#8208;06&#8208;14, 24/07 - 07/08  
Kaohsiung City

Hondao Senior Citizen Welfare Foundation (Hondao) was founded in 1995 and dedicated to promote senior citizen's welfare in Taiwan. Active aging is the process of optimizing opportunities for health, participation and security in order to enhance quality of senior citizen's life. And active aging made the priority by WHO in 2002. Community plays an important role in Taiwan. Senior citizens can live in their familiar surroundings while enjoying the care and support from their neighbors. It's the second time to hold International workcamp in Daliao. Hondao and Jhongsing Community Development Association will cooperate to hold Daliao workcamp. There are 7,470 people in Jhongsing village, and there are over 1,000 elders cared by volunteers in Jhongsing Community Development Association. There are some elders staying at home alone but they go to community to study in the 17 morning twice a week. It is good for them because they can make friends, do something interesting and feel happy through interacting with peers and teenagers. We will interact with local elders through enjoying their classes, celebrating festivals and local feature culture. You will find that elders are so cute and full of skills. Participants will also have opportunities to experience traditional local market, night market, and in free schedule, chat with local people and enjoy the passions from them. Daliao is located in the south of Kaohsiung City, in the south of Taiwan. Daliao is rich in vegetables such as adzuki/red bean (Taiwanese also call it 'lovesickness bean'), soybean and cabbage. The output of adzuki bean is 90% in Kaohsiung, and there are many desserts made from it. For the people who like snacks and desserts, Daliao is definitely a heaven. Jhongsing Village we live in has multi culture, the residents include mainland Chinese and Taiwanese, and also you can see military housing and historical temples in Jhongsing village. The residents in Jhongsing village are very friendly and have many know&#8208;how/skills. If you are interested in Taiwanese traditional culture, Daliao workcamp is your best choice.

**Aims:**

Could you picture yourself when you are eighty years old, Let's join the Aging Simulation to experience some of the sensory changes that elders may have.

Activities you may take includes becoming insensitive to changes in touch, sight, Dexterity and balance. Aging Simulation makes you become older immediately.

We visit local elders and accompany them. We provide services such as chat, hot meal service and birthday celebration, etc. You will have a lot fun to help elders and have a very good time and memory with them and your workcampers.

1) To celebrate Taiwanese Father's Day, Valentine's Day and experience varies international and Taiwanese culture.

2) To paint for community.

**Works:**

We believe elders have lots of creativity, but most people think when they become old they are 'useless', no 'productive forces'. That stereotype thinking causes lack confidence of elders in Taiwan, so we need to change this situation.

In Daliao workcamp, we can help elders improve confidence and 'see' their own 'Value', and encourage elders to 'go out' and join activities in community, also find their possibilities. After Aging Simulation, we can design appropriate activities for elders and invite them to participate.

In addition, we play a very important role that we are 'Temporary Grandsons'. We hope

elders can have a different experience through the interacting process they can feel full of love and concern. Furthermore, you can find a lots of 'know how' knowledge from elders.

It will be very

wonderful because you get alot of 'treasure'

But now, most of the houses are empty, some are useless. The residents got away from here. Yenping Street becomes silence, the locals have no confidence. We try to promote the Siluo culture and traditional article here. We suppose to improve the live quality and self; respect here. We want to keep the street environment, because the houses are so classical and elegant that we need to keep them useful.  
 22  
 We have finished some repair works for some houses, but still have a lot to do. So we would like to invite international friends come to join us. It is not only voluntary work but also Taiwan culture learning. It must be a different life experience. Siluo workcamp is going to fix the house no.362 at Jianxing Rd, gardening, cleaning, painting the wall and repair, and set up the furniture and everything. The place will be helpful for Siluo cultural developments. We plan to build the second Youth Village in Siluo. Siluo workcamp will also make one Public Art. Volunteers will help the artist to do the work, the artist will teach you how to do it. It will be a work of art, make live quality better in Siluo. Participants will also have opportunities to experience traditional local market, night market, visiting local artists, joining local organization activities and eco; tourism in free schedule. Chatting with local people and enjoying the passions from them are also a great experience!

**Description of Workcamp:** VYA&#8208;Luigui&#8208;10&#8208;14, 08/06&#8208;08/19, Kaohsiung, City

In August 2014 Liugui takes place the first International Work Camp, across three communities (&#26032; &#30332; &#12289; &#33622; &#28611; &#12289; &#23542; &#63789;), working on the theme of ¿community interactions¿: biking together to the community for breakfast, to arrange the Pingpu cultural experience, the ecological protection, the community visits and the English interactive teaching¿ ect. These are all loved by the participants and community residents.

Furthermore, there are beautiful national painting walls (Japan, Korea, Hong Kong, Italy, France, Taiwan)

built at the entrance of &#26032; &#30332; big bridge, the most important bridge of uniting these three communities.

This makes the residents pay more intention to this lovely land. In October 2013 the painting walls was

made and completed by the community and the general public. Also a new shop has been established

for selling Liugui products. We name it ¿Liugui Happiness Shop¿.

24

Happiness Shop makes dreams and more space to the community. Liugui Social Bureau Centre will guide

the local women to create their own small stores, promoted with six themes including "Culture",

"education", "sightseeing", "ecology", "industry", "welfare". The purpose is to present the best of Liugui

to everyone. Also through Happiness Shop the community can find the self&#8208;confidence and his own

identity back in town.

The theme for the year 2014 is to invite you as a member of Happiness Shop.

The main tasks include as below:

- (1) To do the creations and decorations for shops
- (2) To participate the local production and sales (like new tea, dried mango¿ect.)
- (3) Community fun: borderless music
- (4) Community cares on interactive activities for elders and kids.
- (5) To join the community ecological trips, and to do the sharing.

Are you ready for this happy journey yet? We invite you to come along Liugui!
