Description of Workcamp: VFP04-15 KIDS, GARDENS AND COMMUNITY, VERMONT 11.JUL to 25.JUL
AGRI/CONS/ENVI AGE 18+ 8 VOLS

WILLOWELL, MONKTON, VERMONT is an environmental, arts, and education non-profit based on 230 acres of farmland and forest. An alternative outdoor high school program, the Walden Project, has an outdoor classroom on our land during the school year.

WORK: Volunteers will work on the land building infrastructure for the garden and a raised platform for resident artists and as a classroom for the Walden project. This project involves daily physical labor in wooded and sunny areas. All training will be provided. Bring work boots, warm clothes, as nights can be chilly, and bathing suit for time off.

STUDY THEME: The ecology of the Champlain Valley, working youth of Addison County, local food, and community!

ACCOMMODATIONS: Volunteers will stay at the Monkton Friends Methodist Church and should bring sleeping bags and pillows. A bathroom will be at the church, and solar showers will be available. Cooking will take place in the church's kitchen. Vegetarian meals available.

LOCATION: In the foothills of the Green Mountains, Monkton is a small rural community about 40 minutes from Burlington and a short distance from mountain swimming holes, Lake Champlain, and beautiful hikes.

LEISURE ACTIVITIES: A community celebration, an excursion to Burlington, and fun outdoor activities are planned.

TERMINAL: Burlington, Vermont. Accessible from Montreal, Boston or New York City.

SPECIAL REMARKS: Must speak English well!

Description of Workcamp: VFP05-15 ARCHEOLOGY AND CULTURE, NEW YORK 11/JUL to 25/JUL CULT, AGRI AGE 18+ 4 VOLS

ALLEGANY VALLEY PROJECT, ALLEGANY, NEW YORK is a non-profit organization dedicated to providing opportunities for all people regardless of age and previous abilities to participate in archaeological discovery. Visit <http://alleghenyvalleyproject.blogspot.com/> for more information.

WORK: No experience is necessary as new volunteers are teamed up with experienced volunteers for hands on learning. Volunteer opportunities range from field excavations to laboratory processing of artifacts. This is an archaeological field school where volunteers will learn site layout, excavation techniques, soil sampling, plan and profile mapping and processing artifacts (projectile points, pottery, tools etc.). The workday is from 8:00 am to 5:00 pm Monday through Friday. The work is done in a friendly and supportive environment. Please understand that this is hard physical labor and involves digging with a trowel or shovel, screening soil and carrying buckets of dirt. This year we will be investigating the Bockmier precontract site between 1200-1250 AD. This appears to be an Iroquois village but also contains components from other time periods.

STUDY THEME: Archeology and Native American culture.

ACCOMMODATION: American and international volunteers will stay in apartments which are a short drive away from the dig site. Separate rooms will be available for female and male volunteers. BRING sleeping bag or your own bedding. All food and meals will be provided for volunteers. We will cook meals together or eat out at local restaurants. Vegetarian options will be available.

LOCATION: We will work in the town of Allegany in a rural part of New York state. The area is a mixture of small towns, forests and farms. The dig site is in a field that is currently used as an organic vegetable garden in a beautiful setting beside the Allegheny river.

LEISURE ACTIVITIES: Volunteers will attend the very special Senneca Nation Pow Wow, an amazing Native American festival where a wide range of activities will be held. This is an opportunity to take an in depth look at Native American culture. Ample time is provided for trips to local parks, a Native American museum and local points of interest.

Description of Workcamp: VFP09-15 BICYCLE TRAIL BUILDING, VERMONT 10/AUG to 25/AUG ENVI/RENO AGE 18+ 12 VOLS

CVTA, MONTPELIER, VERMONT

WORK: The work is hard, heavy physical labor - building wooden bridges, moving large stones with hand tools, and digging ditches with shovels. You will get muddy, we work in the rain! We will work full days, about 7 hours of labor. We will work a few days then take a day off for fun, and then work a few days and take another day off. Why are we working so hard? We are building a network of bicycle/pedestrian paths that will eventually go 90 miles across the entire state of Vermont. The path will connect small towns, their schools, and the wild natural areas in between with a safe, healthy alternative to driving in cars. These small towns are not wealthy, and cannot afford to build this path themselves (like larger cities can afford to.) So we are building it with volunteers. Many local people are already helping out on their weekends, and we look forward to meeting and working with you as well!

STUDY THEME: Guest speakers will teach us about local plants and animals.

ACCOMMODATIONS: Volunteers will camp in tents. Tents are provided. During the work week there is no electricity, no running water, no flushing toilets. We will get a chance to take showers just three times during the camp. No alcohol is allowed at the housing. 11 PM curfew. Food is provided, cooking is communal. We are happy to accommodate dietary needs or preferences, like vegetarian.

LOCATION: The work camp is located in public forest, in northeastern Vermont (east of Montpelier). We will live in a primitive tent camp in the woods. During time off we will be able to drive to nearby small towns.

LEISURE ACTIVITIES: During recreation time we will decide as a group what folks would enjoy doing. Options include exploring State Forest - riding bikes, hiking up mountains, swimming in lakes; and also driving to attractions in nearby towns like Montpelier (capitol of Vermont).

SPECIAL REMARKS: Bring Sturdy all leather BOOTS that rise above the ankles. Durable work clothes that you don't mind getting dirty - long sleeves and long pants. Weather is unpredictable, so bring - clothes to wear when cold and wet (like wool or synthetic fabrics; rain gear; a hat) - also, clothes to wear when hot and humid. Sleeping bag and sleeping pad. Flashlight. We provide group camping gear, tools, and so on. Also bring a swimsuit and favorite recipes.

Description of Workcamp: VFP10-15 COASTAL PROTECTION WELLS, MAINE 26/AUG to 17/SEPT ENVI 6 VOLS

WELLS RESERVE and LAUDHOLM ESTUARINE RESERVE, WELLS, MAINE are two tightly linked organizations with a collective focus on the protection of coastal environments through research, education, stewardship, fundraising and community building. Learn more about the Wells Reserve at www.wellsreserve.org.

WORK: Come to the beautiful seacoast of southern Maine and the Wells National Estuarine Research Reserve. Your work will include improving trails and wildlife habitat at the Reserve as well as grounds and maintenance projects on our historic buildings. This entails getting dirty and working hard. You may also help with a beach dune cleanup for the Ogunquit Conservation Commission. The major project for the camp will be helping prepare for and staff a large weekend Nature Crafts Festival fund-raising event. Work involves set-up and take-down, assisting other volunteers and staff with food, parking, recycling, and many other jobs. For the two days of the festival, you will be working long days.

ACCOMMODATION: In a recently built dorm with comfortable beds, modern kitchen facilities, and common area. Bicycles available. Volunteers will cook their own meals.

LANGUAGE: English.

LOCATION: Wells is 1/2 hour south of Portland, Maine and 1/2 hour north of Portsmouth, New Hampshire. The 2,250-acre research and education reserve includes a beach, coastal marsh, scenic uplands, historic farm buildings, and is a sanctuary for endangered plants and wildlife.

LEISURE ACTIVITIES: As a group, we will take a field trip on Wednesday, September 16th, the day before you leave. Educational programs are available to volunteers. The Reserve has a private beach and many nature trails.

TERMINAL: Boston Massachusetts or Portland Maine, closest airports. Train available to Wells.

SPECIAL REMARKS: No smoking is allowed at any of the work sites or on the property of the Reserve.

CO-LEADER with clean driving record desirable, but not necessary.

Description of Workcamp: VFP11-15 COMMUNITY DEVELOPMENT, MISSOURI 30-AUG to 20-SEP RENO AGE 18+ 12 VOLS

OLD NORTH ST. LOUIS RESTORATION GROUP, ST. LOUIS, MISSOURI is a community-based nonprofit organization established by residents of the Old North St. Louis neighborhood in 1981 to revitalize the physical and social dimensions of the community in a manner that respects its historic, cultural, and urban character. The neighborhood has been undergoing a dramatic transformation in recent years, but is still home to many economically disadvantaged residents. More information can be found online at: www.onsl.org/

WORK: Volunteers will help with community based projects including working in community gardens throughout the neighborhood, and will assist with construction work on a project to rebuild a historic building in the neighborhood. On Saturdays, volunteers will work at the local Farmers' Market. Some projects will support neighborhood residents such as cleaning up alleys and vacant lots, trimming trees, and helping elderly and disabled people with things that they can no longer get out and do. Volunteers will work Tuesday through Saturday each week.

STUDY THEME: City restoration and community development.

ACCOMMODATION: Volunteers will be living in a large house in the community. Meals will be prepared together and with other families in the neighborhood.

LOCATION: Approximately two kilometers from downtown St. Louis, MO.

LEISURE ACTIVITIES: Parks and trails are close by; restaurants, bars, and blues clubs are downtown and around the City; theatre district and several museums are within short driving distance or accessible by public transit; professional sports are nearby.

TERMINAL: St Louis, Missouri

Description of Workcamp: VFP12-15 HISTORICAL GARDEN AND MUSEUM, VERMONT 5 SEPT to 19 SEPT
AGRI/CONS AGE 18/26 6 VOLS

OLD STONE HOUSE MUSEUM, BROWNINGTON, VERMONT is a museum of regional history and culture with 6 historic buildings on 55 acres of farm land. The museum rests on a beautiful hilltop near the Canadian border and houses 21 rooms of exhibits focusing on 19th century life in northern Vermont. There is a working forge, a textile studio and wood shop where classes are held.

WORK: Historic gardens and grounds need to be maintained. In 2015 accessible walkways connecting buildings will be constructed. Volunteers may also help at small sustainable farms in the area with their seasonal work. Other Museum related tasks such as cleaning and moving parts of the collection or talking with visitors to the museum may be assigned.

STUDY THEME: Local history, Museum studies, Sustainable agriculture, Community.

ACCOMODATION: Housing in comfortable home on museum grounds, bring sleeping bags. Kitchen space provided. Bring old work clothes to wear you will get dirty.

LOCATION: Rural Brownington is a protected historic district in the village of Orleans, 15 miles south of Canada. 3 miles from the village.

LEISURE ACTIVITIES: Hike, swim, canoe, picnic, press cider and enjoy the outdoors during the best month of the year. Explore our museum and learn more about the history of Vermont. Photograph, sketch, and help with our bike and running ½ marathon race. No real dress up opportunities.

TERMINAL: Burlington, Vermont. Easily accessible from Montreal, Boston or NYC. No local public transportation near Museum.

SPECIAL REMARKS: No smoking or alcohol inside any museum building, no overnight guests permitted.

MONTPELIER PARKS DEPARTMENT, MONTPELIER, VERMONT Visit website for more information <http://www.montpelier-vt.org/parks/index.cfm>.

WORK: Volunteers be working on a variety of projects, including trail improvement work (shoveling, raking, wheelbarrowing), building wooden parts of a rustic playground, replacing wooden bridges, and general park maintenance. Most work will involve some level of hard physical labor. The group will be immersed in a small town in an international group that will work with park staff and other volunteers.

ACCOMMODATION: To be announced. Accommodations will be a shared space and volunteers will cook together as a group. Be prepared for minimal living and please bring a sleeping bag and mat. Showers available at a different location.

LEISURE ACTIVITIES: During free time volunteers will have access to local parks and recreation areas. The summer weather is usually good for visiting some wild and beautiful swimming areas. This workcamp is known for hard work and adventurous play since the staff here enjoys hiking, canoeing and other activities and is willing to lead the group in those types of activities. There will be time for interaction with the local community so please bring information about your country, hobbies, and life to share.

LOCATION: Montpelier is the capitol of Vermont with a population of 8500, making it the smallest capitol in the U.S.

TERMINAL: Bus to Montpelier, Vermont.

SPECIAL REMARKS: Be ready for hard, physical work and rugged conditions, but plenty of rewarding experiences, adventurous fun and incredible memories. Bring proper clothing and footwear for working outdoors in the sun or rain.
