**Description of
Workcamp:**

SDA 106 Moravian countryside

21/07 - 05/08 ENVI/CULT Vols: 11 + 2 team leaders Age: 18 - 26

Project:

The workcamp will take place in Tvarozna Lhota, a small village in the White Carpathian Mountains. Here "INEX-SDA White Carpathian Mountains" supports rural development and the education towards a sustainable way of life. It offers educational free-time activities to young people and operates an ecological open-air centre called "Cottage Travicna" with an ethnographical exposition on life in the mountains. The organization also supports the production and consumption of regional goods, such as herbal teas, goat cheese, lamb meat and many more.

Work:

Most of the work will take place at the ecological area "Cottage Travicna". During the first week the volunteers will help with manual work, such as easy-to-handle landscaping and reparations of fences and play structures for children. Other tasks will include setting up fences for the extension of the number of domestic animals bred in the centre, maintenance of the surrounding area (repairing tourist trails, taking care of an arboretum of local woods, a herbal garden and a little orchard of traditional fruits). During the second week, volunteers will help to prepare the event "Ethnosalas" (a celebration for local children). During the celebration, volunteers will assist in implementing different activities for children. If the weather conditions allow, volunteers will also collect herbs in the surrounding meadows and in the nearby forest, herbs which will be used for the production of organic teas.

Study part:

A guided excursion to the biosphere reserve "NPR Certoryje", a guided tour along the nature-trail "Oskeruse" (traditional regional fruit), a trip to the Bata Canal and sustainable tourism are planned. Learn more about local products, organic farming, the history and natural potential of the region. An international cooking evening with the local youth and workshops on pottery and batik with traditional colours are planned. The program includes a trip to Bratislava (Slovakia).

Leisure time:

Trips to various sights of the regional cities of Straznice, Uherske Hradiste and Skalice plus a daily afternoon-program, including games and trips to the close-by countryside and sights will be offered.

Accommodation/Food:

The volunteers will be accommodated in a building in the very centre of the village. You will need to bring your own sleeping bag and sleeping mat. Two small bathrooms are available. Please be prepared for basic living conditions as the house is very small. The volunteers will prepare their meals together - a small kitchen is available in the living area. Bring your national

Location:

Tvarozna Lhota (bus stop in the village, next train stop Straznice). The nearby bigger cities are Straznice (5 km distance) and Uherske Hradiste (30 km). The region is famous for its folk traditions and beautiful countryside.

Note: This project is realized with the support of Johnson Controls.

Project: RENO-ENVI - Restoration-Environmental

Initial Date: 23/08/2013 Final Date: 09/09/2013 Min Age: 18 Max Age: 30

Places: 2

Description of Workcamp: SDA 108 Volunteering in Dysina
23/08 - 09/09RENO/ENVI Vols: 8 + 2 team leaders Age: 18+

Project:

The project is organized with the municipality of Dysina, a small village in Western Bohemia not far from Pilsen. You will mainly support the community to improve the look of the village and take care of the local green in parks, a bio corridor and in other public places.

Work:

The work will be mainly manual. You will take care of the community green areas - so you should be fond of gardening works (cutting bushes and grass, painting works, raking etc.). Secondly you will help with some manual tasks such as the reconstruction of the local church. At the beginning of the second week of the project, new school year will start. The village would like you to meet local school children and prepare some presentations about your country of origin and your culture for them. Bring something special from home which could be suitable for such an activity (games, music, pictures, etc.).

Study part:

Get familiar with the history of the region and visit some local craftsmen. It is possible to organize an intercultural evening in cooperation with the workcamp in the neighbouring village Kysice so take some pictures and music that represents you and some interesting recipes with you. Learn how to play golf, there will be a two-hour lesson of golf provided for the volunteers in the golf terrain near Kysice.

Leisure time:

Excursion to Pilsen (European Cultural Capital 2015). Trips to the surrounding countryside and visit of cultural and historical sights, swimming in nearby lakes, campfire. The village will try to arrange some activities with the local population as well. You will also have a chance to organize a film evening in the attic of the local church. During your stay a second workcamp will take place in one neighbouring village - it will be possible to meet with the volunteers and plan some activities together.

Accommodation/Food:

You will sleep either in flats belonging to the village (if not occupied) or in a local centre for children on mattresses. Please bring a sleeping bag, mattresses will be provided. It is possible to use the internet for free and wash your clothes. If you stay in the children's centre, please be prepared for less comfort - you will take a shower in the cabins of a local football pitch about 10 mins of walk from the accommodation. Some of the meals will be served in the local school canteen, some will be prepared by the group. Vegetarian diet is possible.

Location:

Dysina (about 1500 inhabitants) is located at about 10 km from Pilsen.

Project: RENO-CULT - Restoration-Cultural
Initial Date: 19/07/2013 **Final Date:** 02/08/2013 **Min Age:** 18 **Max Age:** 30
Places: 2
Description of Workcamp: SDA 203 Jewish Holesov
 19/07 - 02/08RENO/CULT **Vols:** 8 + 2 team leaders **Age:** 18+

Project:

The project takes place in Holesov, a small Moravian town, known for its large pre war Jewish community. The community was wiped-out during World War II and has only very few members today. The workcamp supports the work of the local organization Olam, which maintains the local Jewish cemetery and organizes a festival of Jewish culture during your stay.

Work:

The volunteers will work on the local Jewish cemetery (about 90% of the working time), where they will liquidate invasive plants and ranking plants. Furthermore, they will help with the technical preparations of the festival "Jewish Culture Week", which is taking place in Holesov during the workcamp (10% of the working time). Bring suitable working clothes with you. The work might be physically demanding, weekends are usually working days (because of the festival) but you will get days off during the week.

Study part:

You can learn more about Jewish culture and visit concerts, performances and films during the festival. Visit to local monuments.

Leisure time:

Trips to the surroundings, free entrance to cultural activities organized by the local cultural centre, free access to the local swimming-pool.

Accommodation/Food:

In the former gamekeeper's lodge belonging to the local castle. Please bring a sleeping bag. The participants prepare their own meals.

Location:

Holesov

Note: Volunteers interested in Jewish culture are especially welcome!

Places:	2		
Description of Workcamp:	SDA 204 Castle Kynzvalt 21/07 - 04/08ENVI/RENO Vols: 11 + 2 team leaders Age: 18+		

Project:

The workcamp takes place at the site of the famous castle Kynzvalt, which belonged to the councillor Metternich in the 19th century. The neo-classical castle has a charming park and an amazing history, which goes back to the 13th century. It is situated in the westernmost corner of the Czech Republic, near the spa towns Karlovy Vary - Mariánské Lázně - Františkovy Lázně.

Work:

The volunteers will work in the castle park and in the surrounding forest park. They will mainly perform maintenance and gardening tasks such as cleaning paths, weeding, removing fallen branches and leaves, making wood etc.

Study part:

Get to know the history of the place while taking part in a guided tour of the Castle Kynzvalt. We plan an intercultural evening, so take some pictures and music that represents you and some interesting recipes with you.

Leisure time:

Different kinds of sports, swimming in the nearby ponds, trips to the nearby spa towns and the surrounding countryside. Take some games for the evenings after work.

Accommodation/Food:

In the castle area in a house. Take your sleeping bag and sleeping mat. A bathroom and a small kitchen are available. The volunteers will prepare their meals on their own.

Location:

Lázně Kynzvalt (area of castle Kynzvalt), about 11 km from the well known spa town Mariánské Lázně.

Project: RENO-CULT - Restoration-Cultural

Initial Date: 27/07/2013

Final Date: 16/08/2013

Min Age: 18

Max Age: 30

Places: 2

Description of Workcamp: SDA 205 International Voluntary Academy Hartenberg II
27/07 - 16/08 RENO/CULT Vols: 13 + 2 team leaders Age: 18+

Project:

The workcamp is organized in cooperation with the local non-governmental organisation Hartenberg which supports the development of volunteering in Western Bohemia and takes care of the remains of castle Hartenberg. The castle was purposely set on fire several times in the past and is now in a very bad state. With the help of volunteers it is being gradually reconstructed. Today, parts of the castle (mainly the big courtyard) are being used for cultural, ecological and educational activities.

Work:

The work will be varied and adjusted to the abilities and preferences of volunteers but also according to current needs of the partner organization, ranging from creative and artistic activities to manual work at the castle and in the garden. Creative part can include assisting with organization of events, making info panels, preparing materials and presentations and writing articles for the website. The manual part will be most of the time physically demanding and can include reconstruction and renovation works (with stones, bricks and other materials) and gardening works (cutting and collecting grass, arrangement of the ground, etc.).

Study part:

Discover the history and current intercultural atmosphere of the Hartenberg castle. The castle is always full of people and there are many events (festivals, concerts, exhibitions, etc.) taking place there during the whole summer in which you are invited to participate.

Leisure time:

You can go hiking in the mountainous countryside, visit some of the famous spa-towns in the region, go canoeing, do some sport activities and play music. During the weekends there will be time to go on whole-day trips, too. Take some games, pictures, musical instruments, films and other items, which represent you and your cultures.

Accommodation/Food:

The accommodation will be very basic; please don't expect any comfort! You will sleep in a cottage near the castle in two common rooms. Take a sleeping bag and a sleeping mat with you. The toilet and showers will be provided in a container. The participants will cook from common resources in a small kitchen. Bring your local recipes.

Location:

The castle ruin is situated near the village Hrebenny in western Bohemia and other villages in the region.

Note: We are looking for flexible and sociable volunteers with an interest in cultural heritage and values. Please take good walking boots, warm cloths and raingear with you.

Places:	2		
Description of Workcamp:	SDA 304 Organic Farming at Camphill Community III 08/07 - 21/07AGRI/RENO Vols: 10 + 2 team leaders Age: 18+		

Project:

The workcamp takes place in the village of Ceske Kopisty where the local NGO Camphill Ceske Kopisty runs a family-like community centre both for people with (mental) disabilities and for those without any kind of disability who work and live together. The Camphill community in Ceske Kopisty is inspired by the Camphill movement and the ideas of anthroposophy. Besides therapeutic activities for the clients (including pottery and textile workshops), the community runs an organic farm focused on vegetable production and based on the rules of bio-dynamic farming. Camphill has recently set up a social enterprise which helps to sustain the community centre by selling agricultural products.

Work:

The organic farm of Camphill is very dependent on manual work and it would be impossible to maintain the agricultural project without the voluntary work. The volunteers will perform two different kinds of manual work. Firstly, they will be helping on the organic farm - planting, watering, weeding, harvesting, cleaning, storing. Secondly, some minor construction and renovation works will be done (e.g. building and demolishing of walls, cleaning bricks, reparations). Bring good working clothes and shoes.

Study part:

Lectures and discussions about the Camphill movement, anthroposophy and organic farming. It is possible to visit the nearby Terezin Memorial at the location of the former concentration camp for Jews - the Terezin Ghetto. Workshops on different handicraft techniques (making carpets, wooden jewellery or special natural soaps) can be organized for you.

Leisure time:

You can make trips to the surrounding towns (a historical town of Litomerice, Usti nad Labem with a brewery and a zoological garden and Zernoseky with a wine cellar) and visit some summer cultural events. Then you can go hiking in the nearby beautiful hills, swimming in the river just behind the centre, have boat trips, do some sports (football, volleyball, table tennis) and go on a cycling tour along the river...

Accommodation/Food:

In a big hall on mattresses. Bring a sleeping bag! One shower with hot water and a toilet will be available. There is also a kitchen - products for cooking will be provided by the local partner. Volunteers will prepare their breakfasts and dinners on their own, for the lunches they will assist the community cook with the preparation of the meal.

Location:

Ceske Kopisty - a small village near the historical town of Litomerice.

Note: As you will stay in a community for people with mental health issues, smoking and the consumption of alcohol and drugs are forbidden within the community area. Please respect night-time peace and the privacy of the clients' accommodation.

Places: 1
Description of Workcamp: SDA 306 Therapeutic Centre Ledovec (Iceberg)
 20/07 - 03/08 RENO Vols: 5+ 1 team leader Age: 18+

Project:

Ledovec is a non-governmental organization offering support to people with psychiatric diseases or mental health handicaps. For their clients it works as a "rural training home" and assists them to keep or improve the quality of their everyday lives. As a part of the centre there is a big garden and a farm with goats, sheep and chicken. The centre organizes a number of interesting activities for the public as well.

Since 2002 the centre has organized a voluntary project where volunteers from the Czech Republic and from abroad work together with the centre's therapists to improve the area of an old parish house in the village Ledce where the centre is situated.

Work:

The workcamp takes place in the Therapeutic centre when it is closed for the majority of the clients. Volunteers help with the running of the centre at that time (taking care of the animals, the garden and the house). They perform general cleaning of the house and assist at current reconstruction work (reconstruction of the barn, walls, an outside area of the centre, painting). Take working clothes and working boots.

Part of the work is to help with the preparation and organisation of the "Traditional Fair Celebration" - a cultural one-day event for the public, where different handicrafts are presented and various kinds of traditional fair entertainment will be seen. Volunteers will have a chance to actively participate in the program of the celebration by preparing a small circus performance.

Study part:

Volunteers will receive an introductory lecture on the centre's activities and principles of the psychosocial support offered to the clients. During the project, the centre's therapeutic workshops will be open for you (weaving, bread making, candle workshop).

Leisure time:

The centre will organize trips with their own minibus, often to cultural events in Pilsen - Cultural Capital 2015 or other places of interest. For everyday time off after work the centre provides juggling equipment, 5 bikes, 4 canoes and maps for trips to the surrounding countryside.

Accommodation/Food:

In the main building in beds or on mattresses; bring a sleeping bag. Hot water, a shower and three toilets are available. You will receive homemade food three times a day in the centre (vegetarian dishes available). The volunteers will be involved in preparing the meals.

Location:

The village Ledce, about 8 kilometres to the north-west from Pilsen (Plzen). In the village you find Ledovec in the old parish house in the very centre of the village close to the church. The participants can be picked up at the train or bus station in Plzen.

Note: The group will consist of 10 international volunteers - 5 from a partner organization of the centre and 5 international volunteers that will be placed by INEX-SDA. There will be only one shower for the group. The group will be responsible for itself and organize itself under the "supervision" of the centre's manager.

Url: www.inexsda.cz

Project: ENVI-RENO - Environmental-Restoration

Initial Date: 13/07/2013 Final Date: 27/07/2013 Min Age: 18 Max Age: 30

Places: 2

Description of Workcamp: SDA 401 Renovate a Rock Town of Mastale
13/07 - 27/07ENVI/RENO Vols: 14 + 2 team leaders Age: 18+

Project:

The project takes place in the small town of Proseč and in a close-by protected natural area. The project is organized by the Toulcovy Mastale Union of Municipalities, an association of 11 villages and 1 town from the region. The main goal of the Union is to support the rural development and the development of the local tourism. The Union runs three observation towers, the Museum of pipes, two information centres and a network of hiking and cycling trails. In the region, there is the Mastale Nature Reserve famous for its interesting rock formations and many rare animal and plant species.

Work:

The work will be manual and will take place in the Mastale Nature Reserve. Volunteers will renovate and replace tourist signs in the protected area (replacing old wooden stakes with new ones, putting up signs on the new stakes, removing old layers of colour from stakes and painting). You will also build new rest areas around the paths, collect garbage and take photos of the results of your work. Bring suitable clothes for work in the forest and good working shoes.

Study part:

Learn about the protection of nature in the region. You will have the chance to visit a rescue station for wild-life animals which is focused on the treatment of injured animals and on their return to the nature. You can also meet local people from Proseč (place of your stay) and organize an international tournament in volleyball or football.

Leisure time:

Trips to the surrounding towns and other sights: historical and cultural centre of Litomyšl, the Nove Hradý chateau, the open-air folkloric museum of Veselý kopec with traditional old houses and exposition of handicrafts, etc. You will have free entrance to the observation towers run by the local partner, to the summer outdoor cinema in Proseč and a possibility to borrow sports equipment.

Accommodation/Food:

Volunteers will sleep in the tourist hostel in the village of Proseč. They will sleep in three big rooms with beds and blankets. The rooms have their own bathroom and toilets. One other room will serve as a common room and a dining room. There is also a kitchen. One meal per day (dinner) will be served in a local restaurant, volunteers will prepare their own breakfast and lunch.

Location:

Mastale Nature Reserve and the town of Proseč, a small town of about 2200 inhabitants. The nearest bigger town is Litomyšl.

Note: The workcamp is suitable for people interested in nature and its protection.

Referencia: 10

Code: SDA402-13 Year: 2013

Name: NEW FOREST

Location: PRAHA 2

Address:

Url: www.inexsda.cz

Project: ENVI - Environmental

Initial Date: 14/07/2013 Final Date: 03/08/2013 Min Age: 18 Max Age: 26

Places: 2

Description of Workcamp: SDA 402 New Forest 14/07 - 03/08ENVI Vols: 14 + 2 team leaders Age: 18 - 26

Project:

The project is organized in cooperation with the local NGO Cmelak - Friends of Nature Society whose activities are focused on the support of a sustainable way of life, practical nature protection and environmental education. The goal of their projects is to restore the natural woods on specific pieces of land and to save endangered tree species. The workcamp takes place on one of those pieces of land in a mountainous area at the foot of the Jizerske Mountains, which are situated in the North of Bohemia, close to the Polish border.

Work:

Volunteers will work on the forestlands, helping Cmelak to restore the woodland and allow the growth of a mixed forest which should resemble to the natural state of a forest. The work will be manual and physically demanding. It will take place where currently the most support is needed (work in the tree nurseries including preparation and weeding of beds, planting of seedlings, building of small fences, setting up of individual protection elements). The main part of your work will take place in the tree nurseries. Be prepared to work outdoors in all types of weather. Waterproof clothes, a raincoat and boots are necessary.

Study part:

During several evenings on the weekdays, lectures, presentations and workshops on ecological topics including an excursion to protected forest lands will take place. The local NGO will suggest the topics of those activities in advance to the team-leaders and volunteers (i.e. forest-management in the past and today, the idea behind the "New forest" project etc.). You will also prepare activities with/for the local community such as international breakfast or dinner. The project includes a trip to the city Ceska Lipa as well.

Leisure time:

You can go hiking in the beautiful surrounding landscape, visit castles and climb the Jested - the highest peak in the region. The city of Liberec, where you will be accommodated, offers many possibilities to enjoy culture or do different kinds of sport. Trips to nearby towns and other interesting sites are possible.

Accommodation/Food:

In a dormitory at the outskirts of Liberec. The accommodation has a bathroom with showers, a kitchen and a dining room. Bring a sleeping bag and a sleeping mat with you! You will prepare your meals on your own. You are invited to prepare traditional meals from your country. Bring some special ingredients that might be hard to get abroad.

Location:

Liberec, near the Jizerske Mountains in the north of Bohemia. You will use mini-buses to get to the place of work in the surrounding forests.

Note: This project is realized with the support of Johnson Controls.

Code: SDA403-13 Year: 2013

Name: PRESERVE THE UNIQUE LANDSCAPE OF PALAVA

Location: PRAHA 2

Address:

Url: www.inexsda.cz

Project: ENVI - Environmental

Initial Date: 17/08/2013 Final Date: 31/08/2013 Min Age: 18 Max Age: 26

Places: 2

Description of Workcamp: SDA 403 Preserve the unique landscape of Palava
17/08 - 31/08 ENVI Vols: 12 + 2 team leaders Age: 18 - 26

Project:

The workcamp takes place in the Nature Protection Area of Palava in Southern Moravia close to the Austrian border. The project is dedicated to the preservation of the unique landscape of Palava and will run in close cooperation with the local "Centre of Ecological Education".

Work:

Volunteers will work at different places of the Nature Protection Area Palava, mostly in those parts, which are particularly protected as nature reserves (steppe). The aim is to maintain and clean the area thus contributing to practical nature protection. The work will be manual: raking and removing invasive plants, maintenance of some public areas (such as weeding and collection of garbage). Furthermore, volunteers will help several days with the maintenance of a local historical Jewish cemetery (one of the most-interesting and oldest in the country), this work will consist mainly of raking and liquidation of plants and collecting of stones. In addition, volunteers will help with teaching English at a children's camp organized by a local NGO.

Study part:

The workcamp will have a rich study part: Several excursions and lectures on environmental protection and a presentation about the former Jewish community in Mikulov are planned. You can meet representatives of other regional organizations active in the field of environmental issues and visit local ecological organizations and small companies, which are active in the field of sustainable production of goods. Besides, you can take part in handicraft workshops.

Leisure time:

The region is ideal for hiking and you can visit numerous sites of interest in the surroundings. It is possible to have a guided tour through the historical centre of Mikulov and visit castles and caves nearby. You can prepare a multicultural evening for the locals, giving them an insight into your cultures and talk about ecological issues, which are discussed at your homes. Bring some games, pictures, recipes and songs which are typical for your cultures to be used during the multicultural evening. Part of the project will be a one day trip to Bratislava (Slovakia) and a boat ride on a famous waterway - Bata Canal.

Accommodation/Food:

In the premises of the CHKO Palava (Nature Protection Area of Palava Authority) situated directly in the historical centre of Mikulov. The meals will be prepared by the volunteers themselves, so it would be great to bring your local recipes.

Location:

Mikulov, Southern Moravia. The region is known as one of the most beautiful protected areas in the Czech Republic.

Note: This project is realized with the support of Johnson Controls.
