**Description of Workcamp:**

please bring any necessary information about garbage recycle/upcycle. Be very creative for additional English lesson, games and other activities for the children. Usually on February should be already entering rainy season. But, the weather becomes unpredictable now. So, do remember to bring sun block, rain coat and warm clothes to prevent very hot in the day time, rain during work and very cold at night. Preserving natural diversity and sea shore from the abrasion because of no more mangrove and too strong waves from the ocean will be the main focus of the camp. This project implemented by collaboration between IIBC Indonesia and local communities named BIOTA Foundation and Kelompok Petani Mangrove Lestari. Planting mangrove and other trees in beach, environment education garbage management discussion to local people and local children, some physical activity to support garbage management program in this area, school visits for environment education, green campaign in city centre, and manage the mangrove fruits to be snacks or foods and promote it IIBC Volunteer house, sleeping bag is needed, self cooking, and self management. Mangkang Wetan, Gang Tawes Kecamatan tugu 165 Euros (Summer 16 and Winter-Spring 17) Participation fee of STV and VSTV Projects should be paid upon arrival. It is usually after orientation session from IIBC staff or Camp Leader.

**Description of Workcamp:**

A. Background: In 2012, UNAIDS Reported around 35,3 million people have been infected by HIV and AIDS virus. In average, there is around 6300 new HIV cases are happening everyday and around 2,3 million cases new HIV cases are reported, about 39% comes from teenage and youth (productive ages) about 15 ¿ 24 years old. Till December 2013, Indonesia Health Ministry reported 127.427 HIV infection cases found, and 52.348 AIDS cases found. The ages between 20-29 years old dominates around 24% and 15-19 years 3,3%. In Central Java province discovered 3.339 AIDS cases. It made some NGO and Youth Organization around Indonesia creates actions and programs in term to educate young people about sex education in term of HIV/AIDS issues. IIBC cooperated with PILAR youth center of PKBI/IPPA Central Java creates Dance4Life Caravan project, merged with IVS movement to encourage young people around the world to care about this issue.

B. Project: Dance for life is from youth to youth program. The approach of Dance4life program combines the youth culture through social media, language, icon, music and especially dance. Dance4life introduces 4 unique steps which well-implemented in communities, school, and universities. The 4 unique steps concepts are described through four words, they are Inspire, educate, activate, and celebrate. This event will be held as HCT (Heart Connecting Tour) to some schools, universities, and communities within two hours length of time for each event.

C. Aims: Dance4life involves the youth by giving them personal experience, interactive and emotional. The main aims are:

1. Youth understand basic information about sexual health and reproduction with the rights
2. Youth understand the issues of gender and sexuality & understand sexual issues as part of human rights.
3. Youth understand basic information about HIV, AIDS and STI (Sexually Transmitted Infection)
4. Youth understand about unexpected pregnancy and how to prevent it.
5. Youth understand the problem and potential of sexual violence
6. Youth understand the self potential and the influence of friends and surroundings.
7. Youth are able to share the information they got to their friends and surroundings.
8. Youth learn some development skills to increase their self confidence.

D. Work: At the beginning of the Workcamp there will be small training for volunteer on understanding of this global campaign. Then, volunteers need to prepare and also take a role as facilitators for youth and motivate them to actively involve as agent of change in countermeasures the danger of HIV in the form of

HCT (Heart Connecting Tour). Within 14 active days (minus 1 free day), volunteers will do HCT in some schools and universities with target group of 20,000 youth in each camp.

E. Special remarks:

Browse the dance4life video in: <https://www.youtube.com/watch?v=3JM87vPZdzE>

**Description of Workcamp:**

A. Background: Mangkang is a fisher and farmer village located in west Semarang. This project is answering the needs of preserving the coastal side of North Java Sea in Mangkang. About 1,1 km costal line in Mangkang area is now in danger due to the abrasion of the sea, cutting mangrove by local people and heavy force from the river flows. Before, many kinds of fish and shrimps are living there, but now since the condition of the mangrove forest is getting worse, it is quite difficult to find the species anymore. Fisherman also needs to go further to the ocean to fish and it means much work they need to do to earn money. Mangkang is the project site for IIWC's World Tanabata Action of CCIVS UNESCO and Climate4Peace of SCI International.

B. Project: Preserving natural diversity and sea shore from the abrasion because of no more mangrove and too strong waves from the ocean will be the main focus of the camp. This project implemented by collaboration between IIWC Indonesia and local communities named BIOTA Foundation &KelompokPetani Mangrove Lestari.

C. Aims: To initiate the project of protecting the sea shore by planting mangroves and, to increase the awareness of the local people, the fisherman, and local students to protect their environment as well as their future.

D. Work: Planting mangrove and other trees in beach, environment education garbage management discussion to local people and local children, some physical activity to support garbage management program in this area, school visits for environment education, green campaign in city centre, and manage the mangrove fruits to be snacks or foods and promote it. A testimony of previous volunteer from Lithuania

E. Special remarks: Very hot and less hygiene condition of poor coastal area. Be ready with sun block and sun burnt. Bring some ideas for environment education (especially about mangrove and how to take care of it) and Olympic games for environment education for small children aged from 6-12 and adult.

F. Location: Mangunharjo Village, Mangkang, Semarang Central Java Indonesia. Click here to see the map.

**Description of Workcamp:**

A. Background: Borobudur Village Heritage Project located nearby the Borobudur Compound. The Borobudur Compound is the greatest Buddhist temple in all over the world. Nominated as one of World Heritage List, The Borobudur Compound has the most complete Buddhist relief as well. In a year, there are approximately 3.5 million people came to see and learn Borobudur Compound history and philosophy. This number are not as huge as number of people who interest in another cultural things in Borobudur Village. If we walk about 10 minutes from Borobudur Compound we will find a peaceful place where Borobudur Village Heritage is preserved. Borobudur Village Heritage consists of Gamelan (Javanese traditional instrument) House, pottery Houses, Traditional food made of tofu, traditional oil refining, etc. There are Community Gallery of UNESCO to display all the traditional handmade of community.

B. Project: Providing creative method to educate student and visitors of Borobudur Compound together with local volunteer who lived in Village. Cultural exchange for the local people and the volunteer would be nice collaboration to raising awareness of preserving heritage.

C. Aims: Preserve Borobudur Village Heritage by inspiring local youth to love their village heritage.

D. Work: Learning Borobudur Village Heritage, school visit to educate student about Borobudur Village Heritage, cleaning Borobudur Temple Compound, creative campaign to raising awareness visitors to preserve Borobudur Temple Compound.

E. Special remarks: Very hot but sometimes rainy. Be ready with sun burnt and mosquitoes. Bring some ideas for creative campaign to preserve Borobudur Village Heritage, and your cultural learning spirit. You will amazed by the beautiful of the sunrise and sunset spot, fresh air from the field rice and hill, and the lovable society.

F. Location: Borobudur Regency, Magelang, Central Java, Indonesia

G. Accommodation: Local community house, sleeping bag is needed, self cooking, and self management.
