Final Date: 23/07/2016

Min Age: 18

Max Age: 30

Places: 2

Description of Workcamp:

Sociotherapy Center for Youth "Jedrus" is a center that throughout all the year provides education, boarding and therapies for children with learning difficulties. In summer they organize a programme for local children who stay in the city. Volunteers will help to organize games, workshops. The task will be to help the local community organize a program called "Summer in the City," for the children and youth who are staying in the town during summer holidays. Volunteers will work in two youth centres of the local parishes, in two groups. The daily program will include: games, sports, arts & crafts, excursions, cinema outings, playground activities, swimming-pool, and other events. Volunteers will stay on the premises of the boarding school, in rooms equipped with all standard facilities - beds and sheets will be provided so there is no need to bring mattresses or sleeping bags. There is also a washing machine. During the week meals will be served. At weekends volunteers may need to prepare their own meals, from the products bought by the host (the volunteers will have access to the kitchen). Michalin is a district of Jozefow – a small town near Warsaw, located upon the Swider river and surrounded by the Mazovian Landscape Park. You can see nice pictures of the place here:

Project: DISA - Work with people with disabilities

Initial Date: 03/07/2016

Final Date: 16/07/2016

Min Age: 18

Max Age: 30

Places: 2

Description of Workcamp:

The workcamp is organised by the Social Care Centre „Na Przedwiosniu”, which was established in 1970 to care for intellectually disabled people. At the moment the Centre takes care for 163 patients. The presence of international volunteers greatly helps breaking the wall of social isolation that our patients experience. This social exclusion negatively influences both their physical and mental states, but thanks to our international volunteers, the patients have the opportunity to interact with different cultures, traditions and languages. Volunteers will help to organize games, craft activities and excursions for patients. They will also assist staff in everyday care (e.g. feeding, walks) and help running occupational therapy workshops. In the building of Social Care Centre. Volunteers will sleep on mattresses in 2 common rooms. They should bring their own sleeping bag and pillow. All meals will be provided by the Centre's canteen. Social Care Center „Na Przedwiosniu” is situated in a suburb of Warsaw, capital city of Poland. It takes around 45 minutes by city transport to get to the center of Warsaw. Volunteers must be ready to work with intellectually disabled people and should have a strong motivation to do so. Previous experience in working with such people would be an asset. Please send a short MOTIVATION LETTER!
