**Description of Workcamp:** PROJECT: Work camp is relocating. Country Estates of the St-Petersburg region were built in 18-19 centuries. Among the owners, there were members of the royal family and famous public officials, military leaders, artists, composers, architects, writers, such as Vranghel, Repin, Nabokov, Rerikh. Many of country houses were damaged, especially the parks, landscapes and interiors. We want to bring the former meaning to the country estates as pieces of world heritage. Today the restoration of the country estates is an important deal together with the renewal of the unique parks. We expect our workcamp will help volunteers to achieve the following object: to raise awareness among the local population regarding heritage and the importance their participation to preserving this site . As the workcamp will be mobile, it gives volunteers a great opportunity to learn about historical events, concerned country estates of famous Russian artists and poets of the 18-19 centuries and to see both the imperial city St-Petersburg and the real Russian countryside.

WORK: The volunteers will be engaged in improving estates parks: take care of trees, mow the meadows, clean the hollows, sweep and clean the paths out of the garbage, etc. Volunteers will be working 5 hours per day 5 days a week under the supervision. During the workcamp volunteers will work on different sites: somedays volunteers will live and work on one estate, other days volunteers will visit and work on other country estates located in St-Petersburg region. The work will be combined with a cultural program.

ACCOMMODATION: Host organization provides a basic condition accommodation and food in St-Petersburg and in Leningrad region. Due to the relocating status of the camps, volunteers will live in different places (wooden house/school/office/dormitory/rental flat). More information will be announced in Infosheet later.

Also at this time of the year, the city hosts a variety of festivals, concerts and folk events. Each year millions of tourists come to St. Petersburg for walking at night along the Neva River, watching the bridges raise. Volunteers will have sport activities, meeting with local people, and evenings of international cuisine, so it would be great if volunteers bring their traditional recipes and food.

LOCATION: St. Petersburg/Leningrad region. TERMINAL: Pulkovo International Airport is located about 17 km from the St.Petersburg center. We know that some of the volunteers have problems with the high cost of tickets to Saint Petersburg. We can recommend them to find economy flights not to St. Petersburg, but to Riga or Helsinki or other Finland city. It is a very short way from Riga or Helsinki to our city not only by plane but also by bus or train

SPECIAL REMARKS. Dates coincide with the camp for Russian speaking volunteers, living in EU. Volunteers from both camps will meet and undertake joint activities. The museums fees and local transport expenses aren't going to be covered, volunteers will have to pay on their own. However, due to the euro-ruble currency this year the journey will be rather cheap. Volunteers should bring working clothes, gloves and sleeping bags. traditional recipes and food.

LOCATION: St. Petersburg/Leningrad Region. TERMINAL: Pulkovo International Airport is located about 17 km from the St- Petersburg center. We know that some of the volunteers have problems with the high cost of tickets to Saint Petersburg. We can recommend them to find economy flights not to St. Petersburg, but to Riga or Helsinki or other Finland city. It is a very short way from Riga or Helsinki to our city not only by plane, but also by bus or train.

SPECIAL REMARKS: Dates coincide with the camp for Russian speaking volunteers, living in EU. Volunteers from both camps will meet and undertake joint activities. Volunteers should bring working clothes, gloves and sleeping bags. Besides, it would be great to take something special from their countries (photos, food or small flags and souvenirs) for international party in the workcamp and demonstrate as special features of home country. The museums fees and local transport expenses are not going to be covered, volunteers will have to pay on their own. Due to the euro- ruble, currency this year the journey will be rather cheap.

**Description of Workcamp:**

PROJECT: Work camp is relocating and it is the third year NGO Mir Tesen will organize it. There are many historical and cultural heritage sites, which were built in 12-19 centuries. Orthodox Monasteries are the great part of them. Many of the Monasteries are damaged; especially the landscapes and interiors and now they are being restored. These objects are located in the beautiful landscapes and untouched nature near the lakes. Therefore, it is a unique workcamp for volunteers, who want to get in touch with the spirit of history and mystic of Orthodox Monasteries. So, it will be possible to discuss different religions with monks. The big advantage of this workcamp is an opportunity to see both the imperial city St. Petersburg and the real Orthodox Monasteries. During this workcamp the volunteers can visit and work in several the most famous Monasteries. For example, Saint Alexander Nevsky Lavra in St. Petersburg that was founded by one of the most outstanding tsar of Russia Peter the First in 1710, Coastal Monastery of St. Sergius located in the suburb of St. Petersburg, in Strelina and the other famous Cheremenetsky Monastery. It is placed in Leningrad region near the top of the island on a leveled hill, surrounded by Cheremenetsky Lake. It takes 1 hour by train to get there.

WORK: Volunteers will be involved in the variety of activities. They will collect vegetables and fruits (potatoes, apples), help priors, and restore monasteries. Besides, volunteers will be engaged in improving gardens: take care of harvest and clean the paths. The work will be combined with a cultural program.

ACCOMMODATION: Because of the camp mobility, participants will live in several places during the camp: for 2-3 days in each monastery in St.-Petersburg and in Leningrad region. Host organization provides a basic condition accommodation (wooden house/school/office/dormitory/rental flat) and food. More information will be announced in Infosheet later.

LEISURE TIME: St-Petersburg is a cultural capital of Russia. Volunteers will have an opportunity during the weekend to visit numerous museums, theatres, galleries and exhibitions, country residences of Emperors, Grand Princes and grandes: Peterhof & city of fountains ([www.peterhofmuseum.ru](http://www.peterhofmuseum.ru)), Lomonosov, Tsarskoye Selo ([www.tzar.ru](http://www.tzar.ru)), Pavlovsk ([www.pavlovskmuseum.ru](http://www.pavlovskmuseum.ru)) and just restored palace in Gatchina. Also at this time of the year, the city hosts a variety of festivals, concerts and folk events. At the monastery sites, volunteers will be able to take boats for little trips, swim in the lake, go fishing or pick different berries, drink tea from samovar and even go to the banya. Sometimes it will be also possible to discuss different religions with monks of the Monasteries. In addition, there will be organized sport activities, meeting with local people and evenings of international cuisine will be organized, so it would be great if volunteers bring their traditional recipes and food.

**Description of Workcamp:**

PROJECT: The host organization NGO ¿Mir tesen¿ is the associated member of Coordinating Committee for International Voluntary Service (CCIVS) /UNESCO <http://www.ccivs.org/> since 2012. World Heritage of St- Petersburg (¿Historic Centre of Saint Petersburg and Related Groups Monuments") consists not only of well- known historical center of St. Petersburg, palaces and park ensembles of its suburbs , but also a little known historical part Imperial country estates and other historical and cultural monuments (link <http://whc.unesco.org/en/list/540> ).

Country Estates of the St-Petersburg region were built in 18- 19 centuries. Among the owners there were members of the royal family and famous statesmen, military leaders, artists, composers, architects, writers.

International volunteers will work in the WH site ¿Palace and Park Ensemble¿ (18-19 centuries) in the village Gostilitsy, situated 67 km far from St-Petersburg (Lomonosov District, Leningrad region). One side, the WH monument is under serious threat of destruction. On the other hand, it has a very long and rich history. Empress Elizabeth is often visited this place for royal hunting. The Country Estate in the village Gostilitsy has a unique park of 85 hectares.

WORK: Under supervision of local experts the volunteers will be engaged in improving the park: take care of plantation of trees, mow the meadows, cure the trees, clean the hollows, sweep the grounds, cleaning them out of the garbage, create information panels about the WH site; improve the paths around the Palace. Part-time volunteers to help set up and equip a special house for the volunteers in close proximity to the palace (to paint the walls and windows, install equipment bed, hang posters of the cultural heritage), will help build an outdoor kitchen and other.

Few days volunteers will visit and work in some other World Heritage sites near St-Petersburg: Tsarskoye Selo , Gatchina, I. Repin Estate "The Penates", Ensemble of the Orthodox Monastery of St. Sergius and others.

LOCATION: St. Petersburg/Leningrad region. TERMINAL: Pulkovo International Airport is located about 17 km from the St.Petersburg center. We know that some of the volunteers have problems with the high cost of tickets to Saint Petersburg. We can recommend them to find economy flights not to St. Petersburg, but to Riga or Helsinki or other Finland city. It is a very short way from Riga or Helsinki to our city not only by plane, but also by bus or train.

SPECIAL REMARKS: The project will have a study part.
