DESCRIPTION OF WORKCAMP:

The location of the project is the Refugee Centre Emmen. Emmen is a city of about 60.000 inhabitants in the province of Drenthe in the northern part of the Netherlands. This refugee centre (in Dutch: 'AZC Emmen') has a capacity for about 400 refugees. This particular place is a location for families with under age children whose application for asylum has been denied by the Dutch government. These families will in time return to their homeland. Our partner is the Central Agency for the Reception of Asylum Seekers (in Dutch: COA). The COA provides accommodation during the asylum procedure and prepares asylum seekers for staying in the Netherlands, returning to their country of origin or transmigration. At the moment COA manages about 100 centres in the Netherlands. COA is an independent administrative body funded by the Dutch Ministry of Justice. The COA works together with a partner named 'De Vrolijkheid': the National Foundation for the Promotion of Happiness. The Happiness is a multicultural, not-for-profit network of artists, play writers, actors, musicians and volunteers who invest in children and teenagers in asylum-seeking centres. The Happiness organises creative activities on a regular basis in 30 asylum-seeking centres in the Netherlands.

The project takes place in the refugee centre in Emmen which is a location for families with children. The children you will be working with are between 4 and 12 years of age. These children participate in a school program, but during the months of July and August, there is the summer holiday break. The volunteers will then organise activities for and with the children. This type of work calls for creative people who can make up all sorts of games from scratch to play with the children: music, sports, arts, language sessions, creativity, etc. Therefore the content of this project is up to you and the other participants. The games are scheduled throughout the week.

COMPLEMENTARY ACTIVITIES - LEISURE ACTIVITIES:

Of course there will be sufficient free time. Together with your camp leaders you will discuss the recreational program. Emmen is an attractive city with lots of activities in the summertime. You can visit places nearby and explore the surroundings. The area is declared a UNESCO-Geopark by the United Nations. Emmen is very well accessible by train and bus. Biggest attraction is the new theme park Wildlands Adventure Zoo (opened in 2016).

ACCOMODATION/FOOD:

Volunteers will stay at a campsite. You will need to bring your own tent, sleeping bag and mattress. There are cooking facilities in a cooking tent and the group will cook for themselves. The centre will provide bikes for every volunteer to ride between the campsite and the Refugee Centre (including bikeride lessons). Volunteers will bring a packed lunch to the worksite

There are a lot of little lakes here in the north of Fryslân. The partner is the Dutch State Forestry, commissioned by the Dutch government to manage a large part of the nature reserves in the Netherlands. Working towards a sustainable living environment for man, plant and animal is central to their mission. It is a social organization, working for and on behalf of society, cooperating actively with Dutch citizens and the organisations and institutions that represent them.

The volunteers will work in the area surrounding Twijzel, a small village in Fryslân, known for its cultural-historic and blooming blue-grass landscapes and swamp forests. The participants will play an important role in the preservation of the flora and fauna of the area. Together with the state forest rangers the volunteers will do different activities such as cutting, dredging and maintaining the paths. Because of the unique status of the area this is work that cannot be carried out by machines. So the volunteers will play a vital role in the nature preservation.
