**Description of** HUJ 3 ZVARTNOTS CATHEDRAL -WORLD HERITAGE**Workcamp:** Dates: 09 July - 22 July, 2014

Work: World Heritage/CULT

Language: English

Nr. of participants: 14 volunteers

Location: Zvartnots Cathedral

The workcamp is organized within the frameworks of 'World Heritage Volunteers - Patrimoniito Voluntary Action' launched by UNESCO World Heritage Centre and CCIYS (Coordinating Committee for International Voluntary Service). One of the main goals of the project is to raise awareness about the necessity to protect, preserve and promote cultural and natural heritage in general and the inscribed or potential World Heritage sites in particular.

Zvartnots was built in the middle of the 7th century. This architectural masterpiece is a monument which embodies the centuries-long traditions of Armenian architecture. Unfortunately, like the majority of ancient Armenian temples, Zvartnots has 'survived' only in ruins as it was completely destroyed by powerful earthquake in the 10th century. However, even the ruins of this temple give us the idea of its rare and majestic beauty.

Work:

The major objective of the workcamp is the preservation of this Historical site for the future generations, to keep it in worthy conditions to allow the visitors to be spiritually enriched and to contemplate the beauty and the splendour of this monument. To support the staff of the Museum of the Zvartnots Cathedral in matters of maintaining the territory and fulfilling different types of work necessary on the particular moment.

Activities for the volunteers:

- Maintenance of the territory - removing the over-grown grass, weeds, renovating and painting work
- 'National sounds at Zvartnots' - learning Armenian national dances, songs.
- Cultural program - ¿My impressions about Patrimoniito 2012¿ Power point presentations of the volunteers on their impressions and feelings about the project and plans for the future.
- Implementation of the countries they are from, and the UNESCO World Heritage Objects existing there

Accommodation:

Guest house on the territory of the Cathedral
