The centre is approved by ONE (National Office for Childhood). They go to school near the centre; the staff members of the centre help them to do the homework, and in general take care of them.

Workers from 'Les Glaïeuls' hope to share their passion for the education with international volunteers. More information: <http://www.glaieuls.be>

There are plenty of opportunities for entertainment: football fields and tennis or basketball playgrounds.

During the weekend, it will be possible to organise cultural visits and to travel to the biggest Belgian cities. The town of Paliseul is 5 kilometres away from the Centre. From there, by train, it is very easy to reach bigger urban centres such as Namur, Brussels, Arlon, Bouillon or Liège.

**Description of Workcamp:** CBB14-06 / Couleurs du Monde II / Rendeux / 12/07-26/07/2014 / ART-ANIM / +18 y.o. / 7

### The project

'Centre Couleurs du Monde' is a refugee centre of the Belgian Red Cross. At a time it can host up to 190 people who asked for asylum or permanent authorization of residency in Belgium. Their stay in the centre is temporary and lasts until the necessary documents to stay legally in this country are ready and their refugee status is proved. The centre provides services such as accommodation, food, medical and social support, cultural, sport events, educational courses, etc.

The project in Centre Couleur du Monde is built on the dynamic meeting between the international volunteers and the residents of the centre. It is especially expected that both will learn from each other and will conjointly participate in artistic and cultural activities.

To learn more about the Centre, you can visit a page at Red-Cross web-site: <http://www.croix-rouge.be/activites/solidarite/asile-et-migration/les-centres-de28099accueil/couleurs-du-monde-rendeux>

The project 2014 will be the 6th in the history of the Centre. Previous years were successful and were a source of an enthusiasm to go on.

### Work

A mix of artistic creation and animation with the youngest refugees (6 to 12 years old). In the morning, the volunteers will decorate the walls of the center in a way that they will have to build together. In the afternoon, they will prepare activities for the children of the centre (handicraft, sport, games...).

### Accommodation

Accommodation will be provided in the Centre itself - 2 rooms per 4 volunteers each. Every room has its own bathroom and toilet, but still very simple. The rooms are exactly the same as residents' ones; but can be provided if there is enough space for people who asked for asylum, who have a priority for accommodation. Smoking and alcohol drinking inside is strictly forbidden.

### Food

Food will be provided, relax - no cooking! - due to the fact that diet of refugees doesn't allow it, you won't eat pork during your stay. If you keep a vegetarian diet - you are welcome as well, just let us know.

### Location

Rendeux is a countryside village that lies in the country's Walloon Region and

Luxembourg Province and accounts up to 2,500 inhabitants. The village of Rendeux is situated in the valley of the River Ourthe in an area, which attracts many visitors both for its natural beauty and for such nearby medieval villages as La Roche-en-Ardenne (11km) and Durbuy (18km). For more details, please, visit: [www.rendeux.be](http://www.rendeux.be)

The closest train station is 8km away - Melreux-Hotton (there is a bus, running till train station - just 10 minutes). Brussels is about 02h00 away by train (maybe more during the weekend) from Rendeux.

#### Project

Compagnons Bâtisseurs Belgium (CBB) directly hosts this project which is part of its permanent programme 'Volunteering, Entertainment and Disability'.

The aim of the camp is to offer to people with learning difficulties (light mental handicap) the possibility to go on holidays with young international volunteers. During the workcamp, they will share leisure time activities, make cultural visits and, above all, have fun. Thanks to this stay, the people with disability find a new space for socialization, out of their family and usual daily life environment. They can also enjoy activities they do not use to take part in. For the volunteers, it is also a very good opportunity to gain awareness about handicap and the abilities of people with disability.

There will be 14 persons with disability and 10 'volunteers-animators' in the camp. The disabled people are between 18 and 50 year old.

#### Work

During these days, international volunteers, Belgian volunteers, CBB staff and people in situation of disability will spend together 24 hours a day.

The role expected from the volunteers is a role of active animators. They will propose and lead activities such as outdoor or indoor games, artistic workshops or cultural visits. They will also support the people who suffer a lack of autonomy in tasks such as cleaning the place, preparing the meals, washing and/or dressing themselves.

A professional leader and experienced Belgian volunteers will be present all along the project and accompany the international volunteers in their tasks.

2 days of preparation, between volunteers, are foreseen before that the holidays start.

#### Accommodation

Except for the two days of preparation, we will share a cottage. We will have several dormitories and all the modern facilities, but you will need to bring your sleeping bag and your pillow.

#### Food

Self-catering. Meals will depend on your cookery talents.

#### Location

In a house in Chevetogne's domain. Chevetogne is located at the South of Belgium between Dinant and Rochefort. Many activities are possible in this very green part of the country. The house is surrounded by a huge park where one can enjoy his time (swimming pool, mini golf, lake, barbecue) if you want to discover the place beforehand, have a look at the web-site <http://www.domainedechevetogne.be/> for more details (you can choose French or Dutch).

Specific information

The camp language is French.

This project requests volunteers with a high level of motivation for its theme and who are prepared for the tasks to be achieved. The volunteers must have a basic knowledge of French. Previous experiences in groups animation or in work with people in situation of mental disability, ability to cook for 25 people, talent for fun and entertainment are really welcome (but obviously, you are not supposed to be able to combine all these qualities !!!).

In order to demonstrate their motivation and French knowledge, we ask the candidate volunteers:

- to send us a short motivation letter in French (do not be afraid to make mistakes, BUT please do not use any automatic translator !)
- to answer our specific questionnaire (if you do not have it yet, please ask it to your sending organisation).

We will not confirm any placement request before analysis of the motivation letter and the questionnaire.

PRE-CAMP SESSION INCLUDED IN THE PROJECT DURATION

Location : Marche-en-Famenne

Dates: from Friday 1st to Saturday 2nd of August

Purpose: the pre-camp gathers the volunteers from several different projects. The participation in the pre-camp is compulsory and free of charge. It is a unique opportunity for the volunteers to meet and to attend different workshops on group dynamic, intercultural education and volunteering awareness. The pre-camp lasts from Friday evening to Saturday afternoon. On Saturday, the volunteers will travel together to their camp location (the cost of this train ticket is covered by CBB). The project The sympathetic staff member of Fedasil refugee centre of Sugny accommodates people or families who have asked for asylum in Belgium. Refugees come from Kosovo, Chechnya, Iran, Congo etc. Many of them fled from war or from countries that were under a dictatorship or devastated by an ecological disaster. Thus they came to Belgium with dreams of stability, richness and comfort life. It is not, however, that easy to be allowed to settle in Europe, especially for somebody from the South or the East. Before these people may start their new lives, their refugees status has to be proven and accepted. While waiting for the documents that will enable them to remain legally in our country, the immigrants are accommodated in this centre in the south of the country. People living there await the solution concerning their administrative status. They never know what tomorrow may bring to them. There is a possibility that they will not obtain the authorisation to remain in Belgium and will have to leave the country. But on the other hand, they might see their dreams come true and get the chance to take a new start in life.

Therefore, residents often found themselves overwhelmed by feelings of relief and anguish, hope and disappointment. The life of Sugny Refugees Centre reflects these individual dramas and big international tensions. Refugees often come with their children, who attend the school in the village in order to help their integration in Belgium.

#### Specific information

The camp language is French.

This project requests volunteers with a high level of motivation for its theme and who are prepared for the tasks to be achieved. The volunteers must have a basic knowledge of French. Previous experiences in groups animation or in work

with people in situation of mental disability, ability to cook for 25 people, talent for fun and entertainment are really welcome (but obviously, you are not supposed to be able to combine all these qualities !!!).

In order to demonstrate their motivation and French knowledge, we ask the candidate volunteers:

- to send us a short motivation letter in French (do not be afraid to make mistakes, BUT please do not use any automatic translator !)
- to answer our specific questionnaire (if you do not have it yet, please ask it to your sending organisation).

We will not confirm any placement request before analysis of the motivation letter and the questionnaire.

Volunteers must have at least notions of French and are obliged to send us a motivation letter. They can come with some fresh ideas and a lot of games!

Moreover, they might bring recipes of dishes for 20 persons.

#### The local partner

The Marche-en-Famenne workcamp is the outcome of the collaboration between municipal authorities and a local non-profit organisation. Ten years ago, the mayor and deputies wanted to develop international contacts for the local youngsters. GRIMM association was just beginning to work on the protection of the local life framework and promoting models of sustainable development. Their members had a full load of ideas but were short of hands to realise them. Thus, they came to the idea of involving volunteers from all over the world. Since then, the municipality provides its buildings every summer and welcomes foreign youngsters. GRIMM members organize the work. With the help from the volunteers, they are finally able to realize the projects they dreamt about. Their actions are based on the following philosophy: Nature belongs to everyone. And that each of us may enjoy it, it has to be protected.

#### Work

Assisted by local technical leaders, your team will perform various manual tasks outside: construction of toilets for disabled persons near the house of the speleology's club, maintenance of old wooden buildings: varnishing, sanding...

#### Food & accommodation

Accommodation can be compared to a boarding school: a corridor with double bedrooms; toilets and showers are at the same floor. No smoking inside. Self-catering. Bring your recipes to enjoy 'kitchen life'!

#### Location

Marche-en-Famenne is a city in the countryside. One can find everything there: schools, supermarkets, industries... But still, it is surrounded by woods, fields and small villages where the life rhythm remains rural. Liège, Namur, Brussels and Luxembourg can be easily reached by train in about one hour. #### Specific information

The working place is not the same as the accommodation place so volunteers will leave the town every day. Sleeping in town, working in the countryside. Please, bring some working clothes and boots you do not mind to get dirty. And rainy clothes in case of wet weather can also be useful.
