opinion poll

4th Survey 2007

RESULTS TABLES

Young People and Senior Citizens
Family Relationships
Equality of the Sexes

INJUVE Study
EJ125

The aim of THE BULLETIN "YOUTH FIGURES – OPINION POLL", is to publish and make known the results of OPINION POLLS and the SITUATION AFFECTING YOUNG PEOPLE that are conducted by INJUVE (Spanish Youth Institute), with a view to finding out the opinions and attitudes of young people where their own personal situations, their relationships, their aims, their motivations and their life styles are concerned..

Spanish Youth Observatory

TECHNICAL CHARACTERISTICS OF THE SAMPLE

YOUNG PEOPLE AND SENIOR CITIZENS, FAMILY RELATIONSHIPS, EQUALITY OF THE SEXES

Scope	National
Universe	Spanish residents of both sexes between 15 and 29 years.
Sample size	1,466 interviews
Affixation	Proportional
Sampling points	184 boroughs and 47 provinces
Sampling procedure	<p>Multi-stage, stratified into clusters, with selection of the primary sampling units (Boroughs) and the secondary units (sections) with probability proportional to their size, and the final units (individual) through random routes and sex and age groups.</p> <p>The strata were formed by the intersection of the 17 Autonomous Regions with the habitat size, divided into 7 categories: less than or 2,000 inhabitants; from 2,001 to 10,000; from 10,001 to 50,000; from 50,001 to 100,000; from 100,001 to 400,000; from 400,001 to 1,000,000, and more than 1,000,000 inhabitants.</p> <p>The questionnaires were applied by means of personal interviews at the targets' homes.</p>
Sample error	In a simple random sample, with a reliability level of 95.5% (two sigma) and $P = Q$, the actual sample error is ± 2.61 %.
Survey date	From 1 st to 7 th October 2007
Field work:	Centre of Sociological Research (CIS)

CONTENTS:

Comparative situation for senior citizens between now and 40 years ago
 Reason for stating that a person is old
 Reason for thinking that a person is no longer young
 Age when a child becomes a young person and when a person stops being young
 Contact with senior citizens
 Senior citizens' contribution to society
 How society generally behaves towards young people and towards senior citizens
 How senior citizens behave towards young people
 What the future holds for relationships between young people and senior citizens
 Various opinions about the future of pensions
 Place where they generally live
 Freedom to take certain decisions at home: decorating their rooms as they like, getting up whenever they want to, going home at night whenever they feel like it, not eating at home, smoking a few joints, spending the night away from home, having a few drinks, having friends around, having a party, being at home with a boyfriend / girlfriend or a friend, sleeping with a boy / girl. Choosing what clothes to wear.
 Perception of the control exerted by the father and the mother.
 Frequency of conversation and degree of agreement / disagreement with parents about certain subjects: political matters, your work or studies, drugs (cigarettes, alcohol, etc.), sex (contraceptives, sexually transmitted diseases, etc.), personal relationships (friends, partners, etc.), religious matters, your interests and the way you use your spare time, about your plans for the future and your projects
 The respondents' way of thinking and their parents' ways of thinking
 Way of taking decisions
 Way of coping with personal problems
 General rating for the relationships with the father and the mother
 Meaning of 'Being Emancipated' and whether or not they feel emancipated
 Persons who are involved in the housework
 Time spent per week in doing the housework
 Ideal family model
 Opinion about whether or not women have the same employment opportunities as men
 Whether they think that a working mother can have the same warmth and stability relationship as a non-working mother
 Preference when it comes to having a man or a woman as a boss, and the reasons for this preference
 Attitude to wards statements such as: It is essential for a woman to go out to work to be independent. Working is alright, but what most women really want is to set up a home and have children. It is more appropriate that the man makes the main family decisions, such as buying a house or an automobile. Men should earn more than women when doing exactly the same job, because they perform better
 Political ideology
 Nationality and year they arrived in Spain
 Marital status or who they live with
 Place where they usually live
 Occupation / job
 Religious affiliation
 Type of primary school
 Level of studies
 Person who brings the greatest income into the home
 For this person when it is not the young person: occupation, professional situation, occupational relationship of the salary-earners and activity in the company

Results by SEX AND AGE GROUPS

1 From what you know or what you have heard, when comparing the situation of senior citizens now with their situation 40 years ago ... Do you think their current situation is better, the same or worse?

	Total	Sex		Age groups (3)		
		Man	Woman	15-19	20-24	25-29
BASE (N:)	(1466)	(752)	(714)	(377)	(476)	(613)
