**DESCRIPTION OF WORKCAMP:**

The community of Speinshart invites an international workcamp for the first time. It is a village with about 1100 inhabitants in Upper Franconia which is well-known for their big abbey. The local host is looking forward to be supported in building a playground. You will work together with people of the community (e.g. parents or the local youth). Your working tasks will be varied. To edify a path to the playground, building up different playground equipment and creating a willow pergola.

**ACCOMODATION/FOOD:**

You will be accommodated in the community center which is situated directly on the working site. The community center offers a big hall where you can sleep, a big room and a well-equipped kitchen. It also offers sanitary facilities and a bowling alley which you can use under survey of the local skittles club. Behind the building there is a lot of space to do sports (a soccer ground and a volleyball field) and the working site.

**LOCATION:**

Speinshart belongs to the collectivity of Eschenbach and the area is very rural, but you will probably be able to do a trip to Bayreuth (30km) or Nuremberg (90km). Also you will have contact to the Landjugend (the youth of the community) which have a club room in the community center. The place itself is great for hiking; and you should also visit the abbey, which is now an international meeting place ESCHENBACH.

**DESCRIPTION OF WORKCAMP:**

For the fourth time Bahlingen is looking forward to welcoming an international workcamp. Various interesting tasks in water and nature conservation await you this year. While working and also in your free time you can enjoy the beautiful nature in the region, but you will also have the possibility to visit nearby towns in Germany, France and Switzerland.

Volunteers will support the local workers in the renaturation and maintenance of local rivers as well as in the removal of invasive plants (which is necessary to protect the local nature). Besides, you will help to take care of the so called Loesshohlwege (loess hollow ways), which are very typical in this region and important habitats for plants and animals. All tasks in this project will have professional instruction.

**ACCOMODATION/FOOD:**

You will be accommodated in the local gym: There is lots of space, a huge kitchen and showers are available.

**LOCATION:**

Bahlingen is a small town in the south-west of Germany. It is located next to the Black Forest, at the foot of Kaiserstuhl, a well-known German mountain range. Bahlingen itself and the surrounding area are famous for its vineyards. Very close-by, the university town Freiburg is worth seeing. Besides, you could visit Strasbourg, the Alsatian capital in France (70km), and Basel, the 3rd biggest city in Switzerland (80km). BAHLINGEN.

	<b>Male Places:</b>	<b>Vegetarian Places:</b>	0
	<b>Female Places:</b>	<b>Disabled Places:</b>	0
<b>Extra Fee:</b>	0 EUR		

**REQUIREMENTS:**

This is a special project for nature lovers and people interested in nature protection work. You will get wet and dirty.

**DESCRIPTION OF WORKCAMP:**

The National Nature Park Hunsrueck-Hochwald is the newest German National Park to protect the nature. The park was just founded in 2015. The landscape is dominated by huge forests, steep hills, small brooks and ponds, rocks and marshes. Only small hamlets interrupt the nature, a perfect region for plenty of different species but also for hiking. Within this National Park you will work under the supervision of a Park Ranger to care for special marshes situated on the slopes of the hill. These marshes were drained with ditches in the last century to use it as forests. With different measures to bring back the special character of this place and keep the water in the marshes. Many different species (especially amphibians and special plants) already returned. This workcamp will continue this mission and will take place in cooperation with the National Nature Park Hunsrueck-Hochwald and the Foundation for Nature and Environment Rhineland-Palatinate. For more information about the National Park please visit: <http://www.nationalpark-hunsrueck-hochwald.de/en.html>

The main task will be in the marshes: Under the supervision of a Park Ranger you will realise different measures to keep the water in the marshes and to undo the drainage of the area by blocking or filling ditches or by building small wooden barriers. Some other tasks within the National Nature Reserve will be added to make your tasks more diverse. You will be hiking along the Hunsruecksteig trail, check the marking of the trail, and clean it from trash and broken markings. Attention: The work might be physically hard, you will be hiking on some days and you will get wet and muddy for sure Please bring hiking boots, rubber boots and working clothes.

This is a special project for nature lovers and people interested in nature protection work. You will get wet and dirty.

**ACCOMODATION/FOOD:**

You will stay in the village community centre of Deuselbach, a small village with 260 inhabitants in the centre of the Nature Park. The centre offers one huge room for sleeping, a living room with bar and a professional kitchen. Camp beds will be provided. There are several showers and space outside to have a rest, make a barbecue or do some sports. The village is quite isolated without any further infrastructure and surrounded by forest and meadows: The next bigger village called Thalfang is about 6 km far.

**LOCATION:**

The workcamp will take places in the western part of Rhineland-Palatinate. You will stay close to Thalfang, a village with 1.700 inhabitants offering everything you need (shops, pubs, swimming pool-). There are also many tourists in the area as it is well known for hiking all over the year and for skiing in winter. The next bigger city it Trier (50 km), the oldest Germany city with many Roman sights, a huge cathedral and plenty of this to do (vineyard, shopping, clubs-). But due to the poor public transport the number of excursions will be very limited. STUTTGART-54411.

HARD WORK

**REQUIREMENTS:**

-

**DESCRIPTION OF WORKCAMP:**

The town of Bopfingen invites an international workcamp for the second time this year. A couple years back, researchers found archaeological evidence from the Celtic people that used to live here thousands of years ago in the Iron Age. The town's project for the next years is to rebuild some of the houses in Celtic style to show tourists how the Celts may have lived in this area.

Last year, a workcamp group and volunteers of the community of Bopfingen already started building the main house of the Celtic housing complex. Your task will be to further work on the walls and the floor of the house. The working place is set on the top of the hill Ipfl, so you will be working outside with a wonderful view over the region. All the material you work with is natural materials like clay, wood, and stone.

**ACCOMODATION/FOOD:**

The group will be staying at the local sport club's house equipped with all necessary facilities, a big living room and a kitchen which you can use to cook. Please bring your own sleeping bag. There are large sports areas and a football pitch outside that you can use in your free time, of course. The house is in a quiet area, but very close to the town's center with several supermarkets close-by.

**LOCATION:**

Bopfingen is a small town in southern Germany. It has a beautiful centre with a lot of houses in old German style. What makes Bopfingen special is the mountain next to the town which is called Ipfl with its flat plateau on the top. The Ipfl has an important historical meaning in this area. In former times the Celts lived there and until today a lot of archaeologists and historians come to explore the region. It is surrounded by beautiful nature where you can go for a walk or hike. Around Bopfingen you will find various museums, the romantic historic city of Noerdlingen, the Ries (a large circular meteor impact crater with a diameter of 24 km), and if you would like to visit a bigger city Ulm is not far away with its famous cathedral and the highest church tower in the world. BOPFINGEN.

MOTIVATION LETTER /VERY BASIC CONDICTIONS

**REQUIREMENTS:**

Very basic conditions We ask for a motivation letter to be sent with the application

**DESCRIPTION OF WORKCAMP:**

In summer, Stuttgart hosts a variety of music festivals and events. One of those festivals i called Umsonst and Draussen (free of charge and outdoors) i will take place close to the campus of the University of Stuttgart outside the city centre, running for three days, from 4th i 6th of August (www.ud-stuttgart.de). It is the biggest non-commercial music-politic-culture festival in Stuttgart. It is organized by an open plenary where everyone can come and participate. The festival is running in that unique and quite anarchic way for 37 years now Since 2013 the festival has been hosting camps and the international volunteers have become an important part in the festival organisation. The international group will work together with many other local volunteers. The main tasks will be setting up of the stage, stalls and tents on the site of the festival, as well as the disassembly at the end. While the festival is running, the volunteers will assist in different areas: bar, stage, organisation, catering etc. Volunteers should be flexible enough to work long and unusual hours i and enjoy music Speaking or understanding basic German will be a plus The group might be asked to give a short presentation of their workcamp on stage

Very basic conditions We ask for a motivation letter to be sent with the application

**ACCOMODATION/FOOD:**

In the first two days, the group will be hosted in a cultural centre in Stuttgart, where you have a kitchen, sanitary facilities and the group will be sleeping in the hall, where the stage is. We advise sightseeing in these first days. On the third day, you will move to the site of the festival. There you will be camping in a big tent. You will need a camping mat and a sleeping bag. We encourage you to bring your own tent, if possible Food will available through the food stands. Sanitary facilities are given, but be aware of very basic festival standards: only cold, outdoor showers available and limited privacy compared to regular accommodations

**LOCATION:**

With 600,000 inhabitants, Stuttgart is the state-capital of Baden-Wurtemberg. From museums, to castles and parks, to an afternoon spent shopping, this city offers something for everyone to see In addition, take a short train ride and enjoy the variety of nature around Stuttgart. Take a visit to some of the other interesting towns in the area, like Tuebingen (approximately 1 hour away) and Ludwigsburg (approximately 30 minutes away). STUTTGART.

50EXTRA FEE

MOTIVATION LETTER

Languages: English, German

**REQUIREMENTS:**

motivation letter would be fine - additional fee because of travel costs 50,- Euro

**DESCRIPTION OF WORKCAMP:**

Several organizations of the German peace movement are running a campaign to ban the last nuclear weapons which are stationed in Germany. In the eighties huge protests out of the civil society has been successful and most of the intermediate-range missile, called Pershing II, has been disarmed in Germany. But in our world there are still more than 14.000 nuclear weapons remaining! The organizations "International Fellowship of Reconciliation" and the "Friedenswerkstatt Mutlangen" invites international volunteers to support activities against nuclear weapons. It will start in Stuttgart with actions at EUCOM, the US headquarter for nuclear weapons in Europe. There will be excursions to a former location of nuclear missiles in Mutlangen in the "Swabian Jura" (where the blockades against the missiles has been successful!) and to the military airbase Buechel in the "Eifel". There are several joint actions planned such as street theater, protests and the start of the international art exhibition 50 cities 50 traces against traceless oblivion. The Art Project: The Artist Klaudia Dietewich seeks out and photographs vestiges found "along the way". Although abstract, they evoke memories and waken associations. As a "precipitate of life" they ask us: what remains of us and the world as we know it? Her "Wegstücke" / "Along the Way" series is a call to respect and preserve the world and its legacies as repositories of memory. These artworks are warnings against the destruction of our cities, against nuclear weapons, which is the central idea behind the Mayors for Peace movement. 50 photographs, found in cities, where "Mayors for Peace" govern, will be the central part of an international travelling exhibition. During the workcamp, volunteers will participate at the kick-off presentation in Stuttgart. In 2018 this exhibition will be shown in international cities and at the United Nations (UNO). During the workcamp political actions connecting the art project with the campaign for nuclear disarmament will be developed and performed. For further information please visit: <http://www.50cities-50traces.org/index-d.html> <http://www.mayorsforpeace.org/> The political campaign: Mayors for Peace is promoting a ban of all nuclear Weapons in cooperation with many organizations of the peace movement. In Germany nuclear weapons are still stationed. Twenty of them are still kept in the airbase Büchel. They belong to the US Army and in case of war they would be flown by German pilots. Instead of abolished, as the international law demands, these weapons are going to be upgraded. The campaign Büchel is everywhere Global Zero Now demands the stop of the so called modernization of the bombs, the removal from Germany and a legal ban all nuclear weapons. Volunteers are invited to support the installation of the exhibition in Stuttgart, they can develop their own art campaign and perform street theatre.

Workcamp will start in Stuttgart with actions at EUCOM, the US headquarter for nuclear weapons in Europe. There will be excursions to a former location of nuclear missiles in Mutlangen in the "Swabian Jura" (where the blockades against the missiles has been successful!) and to the military airbase Buechel in the "Eifel".

**COMPLEMENTARY ACTIVITIES - LEISURE ACTIVITIES:**

Workcamp will start in Stuttgart with actions at EUCOM, the US headquarter for nuclear weapons in Europe. There will be excursions to a former location of nuclear missiles in Mutlangen in the "Swabian Jura" (where the blockades against the missiles has been successful!) and to the military airbase Buechel in the "Eifel". The participants can visit attractions in the "Swabian Jura" and the "Eifel".

**SPECIAL REMARKS/EXTRAS:**

Languages: English, German

**REQUIREMENTS:**

Sleeping bags and camping mats should be brought by you, it is also necessary to bring work clothes, raingear and sturdy shoes.

**DESCRIPTION OF WORKCAMP:**

The small town Eilenburg provides a wide range of youth clubs. Host of this workcamp is the youth club Falle ("trap") which is located in former Barracks. In the same building there are situated some more social, sportive and cultural projects.

After the successful workcamp of the last year, volunteers will again help in renovating some facilities in the local zoo. Please see <http://tierpark.eilenburg.de/>. Beside this volunteers help is needed in the renovation of the surrounding of the local youth center. You can select from various tasks waiting: to set up benches, to renew a volleyball field, to repair different enclosures, etc. Study: Volunteers will learn about different types of youth culture in Germany

Sleeping bags and camping mats should be brought by you, it is also necessary to bring work clothes, raingear and sturdy shoes

**COMPLEMENTARY ACTIVITIES - LEISURE ACTIVITIES:**

Region: Eilenburg is a small town with approx. 17 000 inhabitants, situated on the border of the "Dübener Heide" and approximately 25km from the exhibition city Leipzig. Its rich history of over thousand years, makes it easy to call it one of the cradles of Saxony. The continuous rule of the Wettins-Dynasty beginning with the Earl of Ilburg in the 11th century was carried on until 1918. Part of their territory is the state of Saxony today. In medieval times and during industrialization Eilenburg was a rich city. At the time of Martin Luther its main business was brewery and in the 19th century it was a national center of textile industries. But Eilenburg also was devastated several times in its history, in April 1945, Eilenburg was almost completely destroyed. As the only evidence of former rich times remained the "Sorbenturm" as a remaining part of the Ilburg. It was assumedly built in the 12th century at the highest part of the 220m x 150m plateau. A loop footpath outside the castle wall connects the "Sorbenturm" with the "Amtshaus"(deanery), the former county court. This path has been renewed with the help of the volunteers in the last workcamps. The leisure time program will be organized together with the local Eilenburg youth groups and clubs. The focus lies here on the encounter and the exchange with local adolescents. Also there are sports activities such as soccer, volleyball, swimming and bowling. In addition there will be a cultural program. A trip to Leipzig and Dresden is scheduled. You can get to know the rich history of Eilenburg through guided tours in the museum and in the cellars, located in the hill in the center of the city.

**ACCOMODATION/FOOD:**

The volunteers will live in the local youth center called "House IV". The group can cook for itself in a modern kitchen.

**LOCATION:**

Eilenburg.

Lenguajes: English, German

**REQUIREMENTS:**

Volunteers with interest in creative arts are very welcome. After confirmation, you will have to sign a self-commitment statement in terms of legal protection for children and young persons. Please bring a sleeping bag.

**DESCRIPTION OF WORKCAMP:**

Project: Commemorating as a way towards peace The Evangelical parish of Datteln is where the Christian voluntary service, nowadays known as yap-cfd, was founded. The Parish of Datteln aims to remember a historical encounter, which took place after WW I during the French occupation of the Ruhr area. It happened on the Good Friday in 1923 in Lutherhaus (former parish center): the French lieutenant Etienne Bach and the German official Karl Wille found the strength for reconciliation. Following their example, representatives of many nations, which could see each other only as enemies for generations, found a good way to communicate. The root of the movement "Young activists for Peace" lay in this international encounter around 90 years ago. Lots of volunteers have learned that reconciliation is possible, even if contradictions seem to be unbridgeable.

Work: In the last workcamps with the help of the local artist Ms. Ulrike Speckmann, volunteers created colorful messages of Peace to be shown in public places: They designed "benches of encounter" and a big mural in the local kindergarden. Two years ago, volunteers designed a big picture for the entrance hall of the local church. It was done as reflection of a memorial in the same room, which still shows a very militaristic and nationalistic approach. This year volunteers are invited to design benches for this room, in order to bring in the perspective of peace and reconciliation. Again the artist will help us to get a creative process of painting. For information about the artist please visit <http://ulrike-speckmann.de/>. In addition to this artistic activities it is foreseen to visit the local kindergarden, to play with the children and to do some gardening there. Members of the parish will be happy if volunteers are ready to contact the different social groups of the city, especially the children and the older generation. Study part: How to tackle the subject peace artistically, local history as starting point of an international movement.

Volunteers with interest in creative arts are very welcome. After confirmation, you will have to sign a self-commitment statement in terms of legal protection for children and young persons. Please bring a sleeping bag.

**COMPLEMENTARY ACTIVITIES - LEISURE ACTIVITIES:**

Leisure time: Excursions to local places of interest, like the crossing of 4 channels and other sites. Region: The town Datteln is part of the mining region in the north of the Ruhr area with approx. 35 000 inhabitants in the federal state Nordrhein-Westfalen. Four waterways for shipping traffic are crossing in Datteln. The river Lippe and the region Münsterland are nearby. Next bigger towns are Recklinghausen, Dortmund and the very nice and famous students town Münster.

**ACCOMODATION/FOOD:**

The participants will be accommodated in the modern community center of Datteln "Etienne-Bach-Haus". Please bring sleeping bag. Camp beds and pillows will be provided.

**LOCATION:**

Datteln.

**REQUIREMENTS:**

Basic knowledge in German language is helpful in the contact with the Kids. Volunteers with interest in performing arts are very welcome and it would be great if you are interested in Christian spirituality. After confirmation, you will have to sign a self-commitment statement in terms of legal protection for children and young persons. Please bring a sleeping bag. As some summer nights can get cold in Germany, please bring some warm clothes and raingear!

**DESCRIPTION OF WORKCAMP:**

In Spangenberg. Spangenberg is a small village south of Kassel, in the middle of Germany. The "Himmelsfels"(Heavens rock) in Spangenberg is with 8 hectares attached to it. In Himmelsfels are embassies of different countries - caravans that have been modified artistically by international guests of the Himmelsfels. Every year in Himmelsfels there are events concerning art, culture, gospel music and youth Encounter. This summer season, there will be several international youth camps and a special international anniversary camp with about 150 young people from various countries. The volunteers will help to enrich the current youth camps by becoming part of our international staff and supporting the activities for the kids. The program will take place on the "Himmelsfels" itself. The "Himmelsfels" foundation is a Christian organization which aims: to developing spaces for intercultural and ecumenical exploration, as well as to motivating people for a life characterized by equality and common values. The project is especially directed to young people who support and are eager to join the community of Christian spirituality. For more information please see: <http://www.himmelsfels.de/> Workcamp participants are invited to work in different fields: Manual, artistically, pedagogical. During the youth camps, you will have contact with kids from diverse background and join their activities as well. You are requested to be prepared as "ambassador" of the peoples living in your country. It would be helpful to be prepared to offer your own workshop artistically, musically or athletically at home and bring lots of ideas. In addition all volunteers will have the chance to introduce their country in an open evening. You should gather ideas at home and bring material for creating this evening. Further information will be prepared after the placement in the workcamp. Beside the announced activities the volunteers will also need to take responsibility by leading groups of young campers in daily works like catering and cleaning Study part: The study part of this workcamp will be dominated mostly by the question about life between past and future, tradition and modernity, small-town-life and global correlations. Working on the "Himmelsfels", always encourage encounters between people from different cultures and diverse background.

Basic knowledge in German language is helpful in the contact with the Kids. Volunteers with interest in performing arts are very welcome and it would be great if you are interested in Christian spirituality. After confirmation, you will have to sign a self-commitment statement in terms of legal protection for children and young persons. Please bring a sleeping bag. As some summer nights can get cold in Germany, please bring some warm clothes and raingear!

**COMPLEMENTARY ACTIVITIES - LEISURE ACTIVITIES:**

Himmelsfels is a nice place where kids spend their school vacation

**ACCOMODATION/FOOD:**

There will be basic and simple accommodation. You will be sleeping in caravans. Please bring a sleeping bag. As some summer nights can get cold in Germany, please bring some warm clothes and raingear!

**REQUIREMENTS:**

Please bring sleeping bag with you

**DESCRIPTION OF WORKCAMP:**

The Peace Studies Center Sievershausen (Antikriegshaus Sievershausen) was established in the rooms of the Sievershausen Lutheran Church community almost 50 years ago. Those were the times when the Vietnam War escalated. Constant expansions followed, now there are several buildings, surrounded by a nice park, including a guest house and a museum with an assembly hall. The peace center shows within its diverse program, that peace work has political, historical, pedagogical and cultural aspects. Through the year one can visit exhibitions, literary readings, lectures and many cultural events. In the seminar house students get trainings in nonviolent conflict resolution and every year an international workcamp is offered. For further information please visit <http://antikriegshaus.de/>.

Work: Volunteers are invited to contribute to a 'poetic wall-news sheet' in the village. It's motto will be "Imagine: Dreams of my tomorrow – Dreams of our world". Doing this requires some talent for designing and painting. Participants should bring on some poetry or song lyrics that fit to the motto. Participants who prefer to do manual labor, are invited to do some garden work or help with renovating another room in the center. Study: We will learn some essentials of peace work and get basic non-violent conflict management training. In the second week we will visit the former concentration camp of Bergen Belsen, and have some lessons on European history in the first part of the 20th century. Volunteers will have the opportunity to spend an evening in a German family and reverse, the group will invite the people of the village and region to an "Evening of encounter" (Abend der Begegnung) in the rooms of the Peace Center.

Please bring sleeping bag with you

**COMPLEMENTARY ACTIVITIES - LEISURE ACTIVITIES:**

Leisure Time: In the leisure time, the group can use facilities of the seminar house and make an excursion to Hannover or Braunschweig. Region: The Peace Center is at the verge of a village with about 2500 inhabitants. The Peace Center is near the historical location where in 1553 a battle took place. Sievershausen lies 30 kilometers east of the Lower Saxony provincial capital Hanover on the freeway to Berlin.

**ACCOMODATION/FOOD:**

The accommodation of the participants is carried out in rooms with 4 beds each.: Please bring sleeping bag with you. Food will be prepared together in the kitchen of the seminar house.

**SPECIAL REMARKS/EXTRAS:**

Languages: English, German

**REQUIREMENTS:**

Detailed Motivation-letter required: All volunteers are asked to write a text about their interest in this project and their expectations. If you are thinking about applying for this camp, please read more information at

<https://www.icja.de/index.php?id=1725>. Solid footwear is required for all outdoor work in the museum grounds. Volunteers should bring some warm clothing as the accommodation block is not heated and night time temperatures in August may drop to +12 degrees Celsius. Sleeping bag and a camping mat is needed.

**DESCRIPTION OF WORKCAMP:**

Project: Germany's largest open-air museum features peasant buildings and rural culture from between the middle of the 16th to the middle of the 20th centuries. It includes both farms scattered in the countryside and one complete village, with all buildings original and reconstructed or transported from an area of 6,5 Th. square-kilometres. Historically cultivated gardens, traditional crafts and handicrafts and breeding-programs for endangered regional species (among them horses and pigs) are important aspects of the museum's work. Approximately 200.000 people visit the museum annually; in summer, the museum can have up to 2000 visitors daily. The museum is located very close to Detmold, an important centre of performing arts (i.e. Detmold Conservatory, Opera) and a popular destination for tourism, including sites such as the Hermannsdenkmal and the Externsteine situated in the Teutoburg Forest. The museum is very interested in promoting international exchange between the volunteers, staff and visitors. Given the unique opportunity to stay at the museum, participants should be profoundly interested in learning about rural culture and the history of the various buildings. More information about the Open-air Museum Detmold can be found at <http://www.lwl.org/LWL/Kultur/LWL-Freilichtmuseum-Detmold/museum/?lang=en>

Volunteers will be working in small groups in forestation, harvesting, or the maintenance of the museum grounds. No special knowledge required; volunteers will be directed by trained staff. Work will be confined to the morning and volunteers will have the rest of the day for other activities. However, some work may exceed this target and require a full work day (i.e. harvest). In this case the next day may be taken off. Matching with this year's exhibition theme of the museum - "Childhood" - volunteers should organise a small program about popular outside games played (counting-out rhymes, etc.) by the children in the countries they come from; this should occupy approximately 15-20% of their total work time at the camp. The program will be presented on August 12 at the museum. Study & Leisure time: A small program with guided visits to parts of the museums is organised for the volunteers. The leaders of the camp will introduce the participants to sites of nature, culture and relaxation in the city of Detmold and beyond. At least one long hike to important sites is planned for the weekend. Volunteers are asked to introduce their countries to the other participants by bringing photographs, maps, handicrafts, music, etc. Can you teach a song in your language? If you play an instrument, but cannot bring it with you, please let us know.

Detailed Motivation-letter required: All volunteers are asked to write a text about their interest in this project and their expectations. If you are thinking about applying for this camp, please read more information at <https://www.icja.de/index.php?id=1725>. Solid footwear is required for all outdoor work in the museum grounds. Volunteers should bring some warm clothing as the accommodation block is not heated and night time temperatures in August may drop to +12 degrees Celsius. Sleeping bag and a camping mat is needed.

**COMPLEMENTARY ACTIVITIES - LEISURE ACTIVITIES:**

Study Leisure time: A small program with guided visits to parts of the museums is organised for the volunteers. your language? If you play an instrument, but cannot bring it with you, please let us know.

**ACCOMODATION/FOOD:**

Participants are hosted in a newly reconstructed building within the museum grounds. Due to the special national significance of the museum, this is a non-smoking workcamp; the consumption of alcohol is not allowed anywhere on the premises of the museum after closure in the evening. All participants are required to stay for the whole duration of the camp. The camp is self-catering; volunteers will cook for themselves choosing from the provisions on a daily basis. Participants are asked to bring a sleeping bag and a camping mat. There is no WiFi on the site.

**SPECIAL REMARKS/EXTRAS:**

Languages: English, German

**REQUIREMENTS:**

Solid footwear is required for all outdoor work in grounds. Volunteers should bring some warm clothing as the accommodation block is not heated and night time temperatures in August may drop to +12 degrees Celsius. Sleeping bag is needed.

**DESCRIPTION OF WORKCAMP:**

Since many years now, the City Hall of Prenzlau is hosting successful workcamps. Prenzlau is the capital of one of the biggest counties in Germany. The historical name of this landscape is Uckermark. The town is located approximately 100 km north of the national capital Berlin, 50 km from Stettin in Poland and 80 km from the Baltic Sea. The area is surrounded by natural parks (for example Biosphere Reserve Schorfheide-Chorin) and large lakes. Near the lake „Unteruckersee“ you can find the nature discovery park (“Naturerlebnispark”) of Prenzlau. In this park visitors can learn a lot about nature. Kids are invited to get in contact with different farm animals. Adults can participate in workshops or inform themselves about ecological gardening, sustainable lifestyle and interesting natural phenomena.

Volunteers are invited to support this little park and it's actual project called “accessible farm” (Begehrer Bauernhof). This means mainly working with wood, for example to build wooden fences as protection area for the pets. Or another important task will be to decorate the facilities and the compound with artistic design. For more information please visit: <https://www.naturerlebnis-uckermark.de/>  
Study part: Volunteers can learn about the concept of the nature discovery park. You will discover interesting details such as a house made of clay and bales of straw ore how to take care of bees and its hive. It would be great if you can report about similar projects in your country.

Solid footwear is required for all outdoor work in grounds. Volunteers should bring some warm clothing as the accommodation block is not heated and night time temperatures in August may drop to +12 degrees Celsius. Sleeping bag is needed.

**COMPLEMENTARY ACTIVITIES - LEISURE ACTIVITIES:**

Leisure time: There will be encounters with German groups of youngsters: one time with visitors of the local youth club, another time with the members of the local street art project. There is planned to create street art together! In your free time, you can use the offers of the park, you can go swimming and excursions to local destinations will be offered. In the weekend, the group can decide to make a trip to Berlin, to Stettin in Poland or to the Baltic See.

**ACCOMODATION/FOOD:**

Accommodation will be offered in the compound of the park. There is one big wooden hut with several separate rooms which offer nice space for groups: Sleeping rooms and a recreation and cooking area. Toilets and showers are nearby. After a long day you can enjoy evening mood at the shore of the lake in few minutes walking distance. WiFi available.

**REQUIREMENTS:**

Please bring sleeping bag, camping mat, work clothes, bathing suit, music, your talents and something specific from your country. After registration, we require a self-declaration concerning the children and youth protection. A motivation letter is needed.

**DESCRIPTION OF WORKCAMP:**

The Asylum Centre for asylum seekers in Hessen is located at the edge of the city Giessen. There are currently about 2 000 asylum-seekers in Giessen who are in Germany because of various reasons, e.g. political, ethnic, religious, persecution or poverty. Usually they stay at the facility for few months until a decision has been made about their application. Sometimes they are sent to other centers or to other "safe countries" where they entered the European Union, or to their countries of origin. Most of the people living in the Asylum Centre in Giessen are from Turkey, Afghanistan, Iraq, Iran, Eritrea and Balkan countries: Young men, women, children and older people. The asylum seekers live in simple conditions and are not allowed to work or leave the district in which they live. Their permission to stay in Germany often is limited and so is their contact with the locals living in the city. The international volunteers are invited to the Asylum Centre for two weeks to take part in the daily life of the refugees. In the study part of the camp, we want to discuss the situation of refugees in Germany and Europe, as well as the current developments in the area of Asylum-policies. We want you to get in contact with the residents of the Asylum Centre so that we can learn about their stories, difficulties and perspectives.

Together with the refugees we want to organize common activities, where the women and children are taken into consideration. In addition, our goal is to get in contact with the young members of the local protestant church to raise greater awareness for the refugees and to break the isolation of the refugees. We will prepare contact with students of the university that are willing to take care of the medical issues of the refugees and to pursue the legal issues of the asylum law. We will also get in contact with students of the University who medicate people without legal status. We especially invite volunteers to participate, who are able to speak Turkish, Arabic or Farsi. Besides organizing common activities with the refugees, we plan to construct some furniture made from old palettes together. They can be used outside, and will be nucleus of a meeting point of the inhabitants of the center.

Please bring sleeping bag, camping mat, work clothes, bathing suit, music, your talents and something specific from your country. After registration, we require a self-declaration concerning the children and youth protection. A motivation letter is needed.

**COMPLEMENTARY ACTIVITIES - LEISURE ACTIVITIES:**

Environment: Giessen, a city populated mostly by students located in the mid-west of Germany. It is easy to reach via Frankfurt airport and Frankfurt Hahn. Leisure Time: There are plenty of possibilities for leisure time activities: playing football or canoeing as well as possibilities to visit some other cities. (e.g. Marburg, Frankfurt or Heidelberg).

**ACCOMODATION/FOOD:**

The workcamp will be hosted by a local protestant church which is already involved in working with the refugees. The premises of the church are plentiful and volunteers will have a lot of space for sleeping, cooking, dining, relaxing, and for indoor and outdoor activities.

**REQUIREMENTS:**

You should bring waterproof clothing and hiking boots with you!

**DESCRIPTION OF WORKCAMP:**

-

Your project will be forest and conservation work with the Lower Saxony Forest Office in Oldendorf. You will be helping to cut free newly planted trees so that they have enough light and space to grow. There will also be some maintenance work on the younger forest expanses. Besides this, your group will restoring paths, building or repairing leisure facilities and cultivation gates, as well as helping out with any other current work going on in the forest. You will be working in rotating small groups and will have the opportunity to discover the surrounding nature with the foresters, whilst receiving lots of background information about the forest itself as a habitat.

You can find more information about the Forest Office here: <http://www.landesforsten.de/Niedersaechsisches-Forstamt-Oldendorf.242.0.html>

**COMPLEMENTARY ACTIVITIES - LEISURE ACTIVITIES:**

The small community of Fischbeck lies between the towns of Hameln and Hess. Oldendorf (both around 7km away). The "Rat Catching Town" of Hameln ([www.hameln.de](http://www.hameln.de)) has to offer its historical town, a glass-blowing workshop, rat catching games and a variety of museums for shopping and cultural exploration. There is an outdoor swimming pool in Hess. Oldendorf ([www.hessisch-oldendorf.de](http://www.hessisch-oldendorf.de)) and a barbecue area in Fischbeck. You could visit the Schillat caverns ([www.schillathoehle.de](http://www.schillathoehle.de)). If you are interested in climate protection and sustainability, then it's worth taking a trip to the adventure forest in Schönhagen ([www.erlebniswald.de](http://www.erlebniswald.de)).

**ACCOMODATION/FOOD:**

You will be staying in the church community centre in Fischbeck. You will prepare and cook meals in small groups. - THING TO BRING:

Manual and craft skills, as well as an interest in cultural activities, are requested for this project. You need to be able to speak English. If you can play an instrument, please bring it with you!

**DESCRIPTION OF WORKCAMP:**

-

From 28th to 30th July 2017, the SOMMERHOPP nature and culture open-air festival will be taking place on the grounds of the Kulturherberge e.V. (Culture Hostel) - complete with live music, workshops, DJs, events for children and much much more. Your group will be helping with the preparation and design of the festival. Artists, craftsmen, acrobats, musicians and theatre instructors will all be working at the camp. The projects available include both renovation work to the house and garden and creative design work whilst setting up the festival. Besides this, you will be able to have a say in the organisational running of the festival and can train yourselves in the additional, voluntary workshops (such as acrobatics) or start your own band and have your own slot at the festival itself. Since the project is also a cultural exchange for young people, youth from the local area will be invited to the festival, who will also then take part in the creative workshops. After the festival you will work together to take down the equipment and tidy up. Because the festival weekend is classed as working time, the last two days of the camp will be free for you to enjoy the local area and its amenities. **SPECIAL REMARKS/EXTRAS:**

The accommodation is in the middle of a forest.

**REQUIREMENTS:**

Outdoor clothing is a must.

**DESCRIPTION OF WORKCAMP:**

-

Harz, with its mountains, stalactite caves, mining museums and forests is a very popular place for excursions and relaxation. Above the Okertal reservoir, 550m above sea level and in the middle of the forest, lies the forest education centre of Harz, which is the starting point for your group's activities. Here you'll dedicate your time and commitment to helping with the conservation and environmental work on maintaining habitats for (rare) plants and animals. Together with experienced foresters, your group will take care of biotopes and forest stands, you'll build veterinary fences and with this will have an insight into the ecological work of a forester. You'll be working 7.5 hours per day Monday to Thursday, with Fridays off.

This camp is for people with a strong affinity with nature - the accommodation is in the middle of a forest.

**COMPLEMENTARY ACTIVITIES - LEISURE ACTIVITIES:**

There is an outdoor area with a football field, volley ball court, basketball hoop, barbecue area, camp fire area and a small bakehouse where you can bake your bread. Also, a party cellar with table football and table tennis, as well as seminar rooms with a TV and DVD-player, are at your disposal. The surrounding area offers many opportunities for walking. The nearest bus station is 6.5km away, the foresters will help you to get around during your weekend excursions and when buying your communal food. There is a treetop path in Bad Harzburg; a communal boulder hike with the camp in Wildemann and the World Heritage Site Rammelsberg Mine in Goslar all nearby.

**ACCOMODATION/FOOD:**

You'll be staying in rooms with several beds in the forest education centre in Harz. You'll cook your own meals together.

Extra Fee: 0 EUR

**REQUIREMENTS:**

You need to be physically fit for the demanding work.

**DESCRIPTION OF WORKCAMP:**

-

The city forest at Wolfsburg enjoys huge popularity amongst joggers, cyclists, hikers and people who enjoy walking. Besides this, it is a habitat for many – even rare – species of plants and animals, such as orchids, for example. The park will also become your operation site, as you'll be supporting the district forest service in many different ways, such as taking care of the forest, repairing recreational facilities, removing non-native plants (neophytes), which could displace local species. Of course, during this time you will also get a great insight into the work of a district forest service employee and into the ecosystem of a forest. Your accommodation is not so far away from the forest, so you can easily get there on foot. You will be working 7.5 hour days 4 times per week: Fridays will be days off. More information on the Saint Stephen's Community here: <http://www.evka.de/extern/wolfsburg/stephanus/> [www.kunstmuseum-wolfsburg.de](http://www.kunstmuseum-wolfsburg.de), [www.autostadt.de](http://www.autostadt.de) [www.phaeno.de](http://www.phaeno.de), [www.wolfsburg.de/verwaltung/schule\\_sport/baeder\\_wob/baederliste/1/index.html](http://www.wolfsburg.de/verwaltung/schule_sport/baeder_wob/baederliste/1/index.html)

-

**COMPLEMENTARY ACTIVITIES - LEISURE ACTIVITIES:**

Free Time The best known attractions in Wolfsburg are the castle, the art museum, the "Autostadt" (car city) and the Volkswagen Museum, the VfL Wolfsburg football team and the "Phaeno" experiment landscape. The VW-Pool is the most beautiful outdoor swimming pool in the region. In the Saint Stephen's Community Building, there is a youth club every Thursday. You can also enjoy all of the activities on offer at the nearby Detmerode leisure centre. For more information, visit: [www.wolfsburg.de](http://www.wolfsburg.de)

**ACCOMODATION/FOOD:**

Accommodation and Food You'll be staying in rooms for young people at the Saint Stephen's Community Building in the Detmerode district of Wolfsburg. You'll prepare and cook your own meals together in groups.

**REQUIREMENTS:**

You'll need to be fit as the work is physically demanding.

**DESCRIPTION OF WORKCAMP:**

-

Taking care of the countryside in nice surroundings and sightseeing in the big city! Both of these Elbinsel Neßsand r things can be experienced in this workcamp on the edge of the metropolis that is Hamburg. You'll be working daily in the Fischbeker Heide, a huge conservation area in south-west Hamburg (around 770 hectares). In order to maintain the heathland, regionally foreign plants, mainly pines, must be removed. This "Entkusselung" serves above all to preserve the area for the particular animal species that live in the heathland – for example of 200 endangered insect species. To keep the work varied, you'll also travel by boat to the Elbe island of Neßsand and clear away rubbish from the conservation area in the river. This is a great opportunity to get to know the river Elbe from a completely new perspective. Besides this, you can try out some manual work by mending ponds and pools in the Fischbeker Heide. The pools create and maintain a habitat for the endangered natterjack toads in the area. More information (only available in German) on the Fischbeker Heide here: <http://www.hamburg.de/fischbeker-heide/>

-

**COMPLEMENTARY ACTIVITIES - LEISURE ACTIVITIES:**

The conservation centre at Fischbeker Heide lies 45 minutes (with bus and train) from the centre of Hamburg. In your free time you can go on a trip to the second largest city in Germany, where a myriad of free time opportunities away you. At the weekends, it's worth taking a trip to the beaches by the Nordsee and Ostsee coasts.

**ACCOMODATION/FOOD:**

You'll be staying in a cosy, simply furnished seminar house on the grounds of the Fischbek conservation centre. You'll prepare and cook your own meals together in groups.

**LOCATION:**

Hamburg-Fischbek.

The work is physically demanding. You must be able to ride a bike.

**DESCRIPTION OF WORKCAMP:**

-

Discover the unique Wadden Sea habitat and get involved with the upkeep of its local flora and fauna. Every summer since 2010, an group of volunteers from ijgd has helped with the conservation work along the coast, and you could be next! With shovels and hoes you can help to take care of freshwater biotopes and protect the local vegetation from being replaced by other rapidly spreading plants. While working, you'll learn a lot about nature on the island and about the Wadden Sea World Heritage Site. You'll be led by a specialist conservationist. For more information, visit [www.wangerooge.de](http://www.wangerooge.de) and [www.waddensea-worldheritage.org](http://www.waddensea-worldheritage.org)

**COMPLEMENTARY ACTIVITIES - LEISURE ACTIVITIES:**

Wangerooge belongs to the Lower Saxon Wadden Sea National Park and boasts a variety of unique flora and fauna. There are absolutely no cars on the island. In your free time you could go swimming, discover the island by bike, take a walk around the island and enjoy the relaxing atmosphere.

**ACCOMODATION/FOOD:**

You'll be staying in rooms with multiple beds in a youth hostel. Your stay will be catered, but you will take it in turns to help with some cooking and cleaning.

**LOCATION:**

Wangerooge.

**REQUIREMENTS:**

You should be fit enough to handle the physically demanding work on this camp. You should also be able to ride a bike.

**DESCRIPTION OF WORKCAMP:**

-

You will be working with a lot of water in this camp, since the water here in the Haseldorf marsh on the river Elbe, north-west of Hamburg, has formed the landscape and continues to do so. In order to preserve this beautiful landscape, you will be completing various conservation tasks: taking care of an orchid meadow in the moor, preserving certain biotopes in a birding station, keeping the sandy and heath areas open in a charming dune landscape, upon which bird cherries and other small bushes will be picked. Highlights of this camp will be to spend time on a wonderful island on the river Elbe, upon which you will be camping in tents. Physically demanding, but extremely useful work with a high fun factor await you on this project. You will be getting dirty and wet from working, so it is best to bring your own working clothes and wellington boots with you. Some worksites (with a journey of up to 10km) can only be reached by bike, which will be provided for you when you arrive. <http://elbmarschenhaus.de>

Please bring clothes and strong, waterproof shoes for working.

**COMPLEMENTARY ACTIVITIES - LEISURE ACTIVITIES:**

The river Elbe boasts a beautiful sandy beach for sunbathing and playing Frisbee. Bike rides along the riverside are also possible. At the weekends you can visit the town of Hamburg (during the week the bus timetable unfortunately won't allow this) and you should definitely not miss out on a trip to the nearby Wadden Sea. [www.hamburg.de](http://www.hamburg.de)

**ACCOMODATION/FOOD:**

You will be staying in a community centre in Haseldorf. Meals will be prepared and cooked together in groups.

Extra Fee: 0 EUR

**REQUIREMENTS:**

Some knowledge of German would be useful for this camp, as would enjoying playing games with children and being able to ride a bike.

**DESCRIPTION OF WORKCAMP:**

-

Do you enjoy playing games with children? Do you want to be make sure that children from Wismar and Grevesmühlen have a great summer holiday and at the same time do a bit of renovation? Then get involved with our huge summer holiday events for 40 to 100 of the children in Wismar and Grevesmühlen between 6 and 12 years old. Every day will have its own motto. Help us out with your ideas and your desire for creative and sporty games, so that these days are great fun not just for the children, but also for you! With games, songs, and crafts ideas from your home countries, you can give this summer's holiday events an international flair. In the first week of the camp, you'll be preparing for your press conference the holiday event. Afterwards, together with a team of pedagogical staff on-site, you'll be taking care of the children and putting your prepared ideas into practice. From Monday to Wednesday in the second week, this will be in Grevesmühlen, then on Thursday and Friday (as well as for the whole third week) this will be in Wismar. The exciting, adventurous accommodating can be seen at the following website: [wagenburg.wobau-wismar.de](http://wagenburg.wobau-wismar.de). It lies at the edge of Wismar ([www.wismar.de](http://www.wismar.de)) and you'll get bikes to use for excursions to the town and its surrounding areas. You can also find pictures of the Bauernscheune, the biggest indoor playground in Wismar, (aka the Barn) here: [bauernscheune.wobau-wismar.de](http://bauernscheune.wobau-wismar.de). Some knowledge of German will make it easier for you to communicate with the children, but the main language of the workcamp and its participants will be English. Please don't forget to bring your own ideas for games and music from your home countries!

**COMPLEMENTARY ACTIVITIES - LEISURE ACTIVITIES:**

At "Wagenburg", you can play football and volleyball. Bikes will be available for excursions to the Ostsee lake and to the town centre. The town of Wismar is one of the prettiest old Hanseatic towns on the East coast. Besides this, you have the opportunity to go on day-trips to Lübeck, Rostock and Poel Island.

**ACCOMODATION/FOOD:**

You'll be staying at the "Wagenburg", a small camp with covered wagons, a barbecue area and a clay oven. You'll prepare and cook your own meals in groups.

**LOCATION:**

Wismar.

Min Age: 18

Max Age: 26

Total Places: 10

Male Places: 5

Vegetarian Places: 1

Female Places: 5

Disabled Places: 0

Extra Fee: 0 EUR

**REQUIREMENTS:**

You must be able to ride a bike. Ankle-high hiking boots and warm, waterproof clothing are absolutely necessary, since you'll need them for not only working, but also hiking!

**DESCRIPTION OF WORKCAMP:**

-

You'll be helping the surrounding communities with mowing fields and collecting hay. Sometimes, the fields are on a slope and are difficult to reach with machines. In nearby orchards, you'll be repairing fences and protecting trees from being gnawed away by sheep. You'll take care of rough grazing land, in order to conserve the habitats of endangered plants and animals. You'll also be pulling out small tree saplings from the meadow in order to prevent them spreading in this particular habitat – therefore learning a lot about conservation in the process. For one week you'll be at the Domberg Hill at Freising, where you'll be working on paths to protect them from erosion and repairing sheep shelters and fences around the meadow. An absolute highlight for nature lovers is a 3-day trip to the Alps, where you can go hiking, so bring your hiking boots! If you are someone who wants to spend time amongst nature, enjoys walking, hiking and can ride a bike, then we can't wait to work with you! When working amongst nature, some resistance to weather conditions is necessary. The desire to cook is also an advantage when applying to this camp, because you'll be cooking your own meals and shopping for your own ingredients, including some free packages from certain shops in Freising.

The work during this camp can be physically demanding. The camp lasts 4 weeks (Sat – Fri).

**COMPLEMENTARY ACTIVITIES - LEISURE ACTIVITIES:**

You can reach Freising by bike along the river Isar. From there, the S-Bahn train travels to Munich. In Munich you have the opportunity to visit many museums, the English Garden or the famous Munich Hofbrauhaus. In the area surrounding Munich and in the Alps, you can go hiking and enjoy the nature. Due to the close proximity to Hallertau, the largest hop-growing region in the world, there are many typical beer gardens around. It's also possible to go on hiking tours with the river Amper tour guides of the Friesing district. You will receive bikes for the duration of the project, but you will need to make them fit for cycling before heading out on them

**ACCOMODATION/FOOD:**

Cosy, self-catering house for nature lovers, 7km outside of Freising in an idyllic hillside location. You will all be sleeping in the same room on the first floor, on mattresses. You will prepare and cook meals in groups.

**LOCATION:**

Freising.

Extra Fee: 0 EUR

**REQUIREMENTS:**

You should be able to ride a bike and be prepared for physically demanding work.

**DESCRIPTION OF WORKCAMP:**

-

Together with the forestry and conservation specialists of the Alb-Donau district, your tasks will be to take care of and restore a wetland area (ponds and streams), to take care of a juniper heath and some neglected grassland at Mochental. You'll cut the ponds free, repair the dam and move the rapidly growing climbing plants away from the pond, so that many different species of plants and animals can grow there once more. There were juniper heaths in this area in the past, due to sheep and goats grazing, and as the biotope with the largest number of different species in central Europe, they are heavily protected by conservationists. They are in danger of growing more forest-like again. In this area, you will be moving prickly shrubs and trees in order to create more space and light for the rare plants, insects and birds who are already living there. You will be coached by a forest ranger, a forestry master and some apprentices.

You'll be living in a remote location around 10km southwest of Ehingen (Donau). The nearest train station is 5km away by bike. There is no W-LAN, only a weak connection through mobile network reception.

**COMPLEMENTARY ACTIVITIES - LEISURE ACTIVITIES:**

You'll be living in a remote location, and can sit around a camp fire during the evening. In the surrounding area (up to 35km away), there are companies in the Swabian Alp biosphere region, the Bierkulturstadt Ehingen, the Laichinger caverns and high ropes course, canoes on the Großen Lauter lake, the outdoor museum in Kürnbach and the river Ulm with the world-renowned city of Münster. More further afield (up to 150km) are Bodensee, Stuttgart, Augsburg and the bear cave at Lichtenstein.

**ACCOMODATION/FOOD:**

You will be sleeping on camp beds in a group room on the grounds of the Mochental Castle. There is a separate living space with kitchen. You'll cook your own meals together.

**LOCATION:**

Ehingen (Donau).

Extra Fee: 0 EUR

**REQUIREMENTS:**

You must be able to ride a bike.

**DESCRIPTION OF WORKCAMP:**

-

On the weekend after your arrival, the Neckar festival in Nürtingen will be taking place, for which your help is needed. Together with teachers, parents, educators and children you will be improving the outdoor areas of various schools and nurseries. You can help to renew drawings and paintings on the playground, plant flowers and design a privacy screen. Other activities are also being planned. Besides this, it is planned for you to help renovate the vineyard walls in Zizishausen and to chop wood for the barbecue. This is physically demanding work, but you will be supported by a team of motivated mentors and rewarded with a barbecue party.

-

**COMPLEMENTARY ACTIVITIES - LEISURE ACTIVITIES:**

Nürtingen has around 40,000 inhabitants and is located in Neckar valley near to the Swabian mountains. With bikes you can make a tour through the beautiful countryside, nearby lakes, the Neckar river or the biosphere area at the foot of the mountain. In your free time you will also have the possibility to go swimming in an outdoor pool, go climbing in the mountains, hiking, canoeing and even to visit Nürtingen and the nearby student town of Tübingen. The capital city of the region is Stuttgart, which is only half an hour away by train and offers many exciting things: Museums, shopping, a planetarium, theatres etc.

**ACCOMODATION/FOOD:**

You'll be staying in a former Kindergarten in the same neighbourhood as the primary and secondary schools where you'll be working. You'll prepare and cook your own meals in small groups.

**LOCATION:**

Nürtingen.

Vegetarian Places: 1

Female Places: 8

Disabled Places: 0

Extra Fee: 0 EUR

**REQUIREMENTS:**

-

**DESCRIPTION OF WORKCAMP:**

-

In collaboration with the employees of the Wahnbach reservoir management authority, you will be undertaking various conservation projects around the reservoir. Firstly, the touch-me-not around the tributaries must be removed, to avoid it driving out other local plant species. Secondly, you'll be doing maintenance work across the meadows, in order to help rare species of plants to flourish there. You'll also be building birdhouses and repairing the barriers all around the Wahnbach reservoir. If there's time, you'll be checking over the sign posts along nearby paths and renewing them if necessary. In this camp you can learn many things about the supply of drinking water and the prevention of water pollution in Germany.

-

**COMPLEMENTARY ACTIVITIES - LEISURE ACTIVITIES:**

The camp is in a very nice region of Germany: rural, but also with big cities like Cologne, Bonn and Düsseldorf all nearby. It's therefore very easy to go on many different day trips during the camp. In the town of Much (10km away) there is an outdoor swimming pool, and the scouts' house has large outside grounds with a camp-fire area. Other cities along the river Rhein include Koblenz and Mainz.

**ACCOMODATION/FOOD:**

You'll be staying in an idyllic but remote scouts' house in rooms with several beds. You will prepare and cook your own meals together in groups.

**REQUIREMENTS:**

All participants should have a flair for pedagogical activities as well as a desire and interest to work with children. Experience with art, creativity, manual work and sport are all an advantage.

**DESCRIPTION OF WORKCAMP:**

-

In the middle of the Münsterland region lies the Ostbevern community. The youth office is looking forward to your help with summer holiday games for around 150 children between 8 – 12 years old. Together with the supervisors on site, you'll co-ordinate sports, games and crafts activities with the children. After an introduction and communal preparations during the first few days, you will then work with the children for 2 weeks, trying out the different types of activities. Please bring ideas for sports, games and crafts with you. We're excited to have capable and committed volunteers, who can try out their ideas with the children. During the holiday games, you'll be working for 8 hours a day, with a communal break.

**COMPLEMENTARY ACTIVITIES - LEISURE ACTIVITIES:**

There are numerous free time activities available. In Ostbevern there's a skate park, a BMX park, a swimming pool. Within the youth centre itself there's a billiard table, table football and many other games. You can also visit the beautiful towns of Münster and Osnabrück. A day trip to the Netherlands would also be possible.

**ACCOMODATION/FOOD:**

You'll be staying in the youth centre. You'll cook your own meals together.

**DESCRIPTION OF WORKCAMP:**

-

Interform e.V., the integrative environmental education facilities at the old brickworks in Gahlen, is a meeting place and workspace for many different groups of people. As participants of this international workcamp, you can get involved in the following projects: ecological agriculture of vegetables and herbs in permaculture, composting organic waste such as leaves and trees, laying down raised flower beds and shelters using hay bales and loam, planting green roofs, shaping protective hedges, harvesting plants and food, securing seeds for reproduction, garden and landscape art (LandArt) with natural, retro and recycling materials, extending a caravan as well as preparing the harvested food to make your own food during open meetings and projects.

-

**COMPLEMENTARY ACTIVITIES - LEISURE ACTIVITIES:**

You'll spend your workcamp right in the middle of nature on the grounds which you will help to shape and build. You're invited to try out every kind of outside activity: swimming in the lake, cycling, playing football and during the evenings, sitting around the camp fire and watching the stars. There's a lake for swimming nearby that's easily reachable by bike. And of course, you can spend the evening in the nearby small town of Calau, or cycle around Gahlen, or even travel to Berlin or Dresden at the weekend.

**ACCOMODATION/FOOD:**

You'll be staying in tents or trailers on site. You'll cook your own meals together.

**REQUIREMENTS:**

You must be able to ride a bike!

**DESCRIPTION OF WORKCAMP:**

-

Rangsdorf lies 15km south of the Berlin city border. It's a place with around 11,000 inhabitants and lots of natural landscape around the Rangsdorf Lake. In order to make this landscape accessible to the general public, a network of connected footpaths was established in 2005 has been developed little by little ever since. Under the guidance of the local Landschaftspflegevereins (Countryside Trust) and in co-operation with the Berlin-Brandenburg airports, you and your team will help to work further on this network of footpaths. Your main tasks will be maintenance work, repairs and renovations of individual sections of paths, removing garbage and taking care of nearby grassy and meadowland areas. You could also build small items such as sitting areas, signs or birdhouses. Most of the work will be manual. Local foresters, conservation experts and Rangsdorf council workers will help you with complicated tasks. At the end of the camp, there will be a presentation of your efforts to the general public.

-

**COMPLEMENTARY ACTIVITIES - LEISURE ACTIVITIES:**

At the edge of Rangsdorf, the typically Brandenburg landscape is full of fields, small and forests. Bicycles are available for the duration of the camp, so you can reach the lake (around 3km away) and the train station (around 4km away) more easily.

**ACCOMODATION/FOOD:**

You'll be staying in a primary school. There is a barbecue area and volleyball court in the garden. The 5km journey between accommodation and work will be done by bike. You'll prepare and cook your own meals together in groups.

**LOCATION:**

Rangsdorf.

**DESCRIPTION OF WORKCAMP:**

-

The numerous historical castles and parks in the Berlin-Brandenburg region are managed and preserved by the Prussian Castle and Garden Foundation. The town of Potsdam, with its historical assets (such as the Sanssouci Castle and its grounds) is one of the central points of this cultural landscape, which has been developing for over 300 years. You will be involved in the extensive gardening work in the Park Sanssouci and can get a strong insight into this diverse field of work. In the Charlottenhof Park, which was created in 1883 by P. J. Lenné, you will help to maintain paths, flowerbeds and lawns in order to sustain the garden's current beauty. Through your different contributions in the parks, you will learn about the many diverse aspects of garden and park facilities.

-

**COMPLEMENTARY ACTIVITIES - LEISURE ACTIVITIES:**

Since you'll be so close to the region's capitals, Potsdam and Berlin, you'll have many opportunities during your free time to visit the numerous tourist and natural hotspots, such as the many lakes and forests around. For the duration of the camp you will receive a travel ticket which is valid for all public transport around Potsdam.

**ACCOMODATION/FOOD:**

You'll be staying in a local school. Showers are located at the nearby sports area. You'll prepare and cook your own meals together.

**SPECIAL REMARKS/EXTRAS:**

This camp is for vols from France, Spain and Germany. Readyness to walk long distances in the mountains, ankle high hiking boots required, work can be physically demanding, no showers, only cold water

**REQUIREMENTS:**

This is a trinational project between Germany, France and Spain. Volunteers should be prepared to walk long distances in the mountains. Anckle-high hiking boots are required. The work can be physically demanding. You will live in a forest hut with no showers, only cold water.

**DESCRIPTION OF WORKCAMP:**

You will help to maintain the typical cultivated landscape alp by releasing overgrown areas from certain types of plants and retransform them into pasture landscapes with typical plants and animals. You will for example cut bushes or rake hay and pile it up. You will work at three spots: Spot 1 is in short walking distance, to the second spot you will be carried by car. On four days you will go to a 3rd working spot: To get there you will be carried by car to a place from where you will have another 1 1/4 hour hike to reach the working spot.

**ACCOMODATION/FOOD:**

You live in a very basic forest hut.
