**DESCRIPTION OF WORKCAMP:**

Rimoc Youth Association was founded eight years ago. The Association was founded by a group of local young people to spend their free time useful. The Association maintains its own youth community place since 2012 where youth spend their free time in the evenings. The Association is an active member of the village s life; we are working for making it livable and attractive for young people to stay and settle down.

During the camp, participants perform multiple tasks beautifying the village to develop the quality for the Village Day-related events. Some of the participants will shoot videos about the village, and work on/edit the materials till the camp s end. The following tasks will be implemented according to the weather conditions and the function of time: to clean the the bicycle path, which connects Rimoc and Hollok337; (7km) for the bicycle tour to paint the cemetery fence to paint the walls of the local school with fairy tale charactersto make a spectacular graffiti on the firewall of the settlement (a shop s wall)

**COMPLEMENTARY ACTIVITIES - LEISURE ACTIVITIES:**

The camp will be held in Rimoc. Rimoc is a small village (population 1800) in Northern Hungary. One important feature of the village is the traditions: the local costumes and the local folk dance. The village is relatively complete infrastructure, there are small shops and pubs next to post office, community center, youth club, sports hall, sports changing rooms and sports fields, three museums and two rural accommodation. During the camp, participants will have opportunity to participate in programs by the local municipality to make them more feel like home. There are also possibilities for outdoor and sport activities on the football field and sport hall of the village.

**ACCOMODATION/FOOD:**

We will use a sport-building to accommodate the volunteers; in addition, they will be accommodated at family-houses. The village s leadership undertook the meals at the local cuisine (breakfast, lunch and dinner).
